BASE PROSPECTUS

FERROVIE DELLO STATO ITALIANE S.P.A.
(incorporated with limited liability in the Republic of Italy)

€9,000,000,000

Euro Medium Term Note Programme

This Base Prospectus has been approved by the Central Bank of Ireland, as competent authority under Regulation (EU) 2017/1129, as amended (the "Prospectus Regulation"). The Central Bank of Ireland only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Regulation. This Base Prospectus comprises a Base Prospectus for the purposes of Article 8 of the Prospectus Regulation. Application has been made to the Irish Stock Exchange plc trading as Euronext Dublin ("Euronext Dublin") for notes ("Notes") issued under the Euro Medium Term Note Programme described herein (the "Programme") within twelve months after the date hereof to be admitted to the Official List of Euronext Dublin (the "Official List") and trading on its regulated market (the "Regulated Market"). The Regulated Market is a regulated market for the purposes of Directive 2014/65/EU (as amended, "MiFID II"). Such approval relates only to the Notes which are to be admitted to trading on a regulated market for the purposes of MiFIDII and/or which are to be offered to the public in any Member State of the European Economic Area (the "EEA"). The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer. The Central Bank of Ireland only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the quality of the Notes that are subject of this Base Prospectus. This Base Prospectus is valid for a period of twelve months from the date of approval. For the avoidance of doubt, the Issuer shall have no obligation to supplement this Base Prospectus after the end of its 12-month validity period.

Ferrovie dello Stato Italiane S.p.A. (the "Issuer" or "FS") may issue Notes under the Programme to one or more of the Dealers named in "Subscription and Sale", below, and any additional Dealer appointed under the Programme from time to time (each a "Dealer" and together the "Dealers"). References in this Base Prospectus to the "relevant Dealer" shall be, in the case of an issue of Notes to more than one Dealer, to the lead manager of such issue and, in the case of an issue of Notes to one Dealer, to such Dealer. Pursuant to the Programme, the Issuer may issue Notes denominated in any currency agreed with the relevant Dealer, subject to any applicable legal or regulatory restrictions. The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency). The aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €9,000,000,000 (or its equivalent in other currencies calculated as described herein).

As at the date of this Base Prospectus, the Issuer has the following ratings assigned to it: BBB- by Fitch Ratings Ireland Limited ("Fitch") and BB+ by S&P Global Ratings Europe Limited ("Standard & Poor’s"). The Programme has been rated BBB- by Fitch and BB+ by Standard & Poor’s. Each of Fitch and Standard & Poor’s is established in the EEA and is registered under Regulation (EC) No. 1060/2009, as amended (the "EU CRA Regulation"). As such each of Fitch and Standard & Poor’s is included in the list of credit ratings agencies published by the European Securities and Markets Authority on its website at https://www.esma.europa.eu/page/List-registered-and-certified-CRAs in accordance with the CRA Regulation.

The rating Standard & Poor’s has given to the Programme is endorsed by S&P Global Ratings UK Limited, which is established in the United Kingdom (the "UK") and registered under Regulation (EU) No 1060/2009 on credit rating agencies as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "UK CRA Regulation"). The rating Fitch has given to the Programme is endorsed by Fitch Ratings Ltd, which is established in the UK and registered under the UK CRA Regulation.

Notes issued under the Programme may be rated or unrated by a rating agency. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by Fitch or Standard & Poor’s.
A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

**Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer to fulfil their respective obligations under the Notes are discussed under “Risk Factors” below.**

Interest and/or other amounts payable under the Notes may be calculated by reference to EURIBOR, or such other reference rate as specified in the relevant Final Terms. As at the date of this Base Prospectus, the European Money Markets Institute (as administrator of EURIBOR) is included in the European Securities and Markets Authority’s (“ESMA’s”) register of administrators under Article 36 of Regulation (EU) No. 2016/1011 (the “EU Benchmarks Regulation”). The registration status of any administrator under the EU Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator. Amounts payable on Inflation Linked Notes will be calculated by reference to CPI-ITL or HICP (each as defined below). As at the date of this Base Prospectus, the administrators of CPI-ITL and HICP are not included in ESMA’s register of administrators under Article 36 of the EU Benchmarks Regulation. As far as the Issuer is aware, the relevant Index Sponsor (as defined below) of CPI-ITL and HICP are not required to be registered for the purposes of the EU Benchmarks Regulation by virtue of Article 2 of the EU Benchmark Regulation.

IMPORTANT NOTICES

Responsibility for this Base Prospectus

The Issuer accepts responsibility for the information contained in this Base Prospectus and any Final Terms and declares that, having taken all reasonable care to ensure that such is the case, the information contained in this Base Prospectus is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import.

Subject as provided in the applicable Final Terms, the only persons authorised to use this Base Prospectus in connection with the issue of any Tranche of Notes are the persons named in the applicable Final Terms as the relevant Dealer(s).

Final Terms/Drawdown Prospectus

Each Tranche (as defined herein) of Notes will be issued on the terms set out herein under "Terms and Conditions of the Notes" (the "Conditions") as completed by a document specific to such Tranche called final terms (the "Final Terms") or in a separate prospectus specific to such Tranche (the "Drawdown Prospectus") as described under "Final Terms and Drawdown Prospectuses" below.

Other relevant information

This Base Prospectus must be read and construed together with any supplements hereto and with any information or document incorporated by reference herein and, in relation to any Tranche of Notes which is the subject of Final Terms, should be read and construed together with the relevant Final Terms. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

The Issuer has confirmed to the Dealers named under "Subscription and Sale" below that this Base Prospectus (including for this purpose, each relevant Final Terms) contains all information which is (in the context of the Programme, the issue, offering and sale of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions or intentions expressed herein are honestly held or made and are not misleading in any material respect; that this Base Prospectus does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme, the issue, offering and sale of the Notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in the Notes of any information coming to their attention.

Unauthorised information

No person has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

Neither the Dealers nor the Paying Agents nor any of their respective affiliates have authorised the whole or any part of this Base Prospectus and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the financial condition or trading position of the Issuer since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any
time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see “Subscription and Sale”. In particular, Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”) and are subject to U.S. tax law requirements. The Notes may not be offered, sold or delivered within the United States or to U.S. persons (as defined in Regulation S under the Securities Act (“Regulation S”)) except in certain transactions exempt from the registration requirements of the Securities Act. The Notes may be offered and sold outside the United States to non-U.S. persons in reliance on Regulation S. For more information, see "Subscription and Sale".

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

Notes issued as green, social and sustainability bonds

None of the Dealers accepts any responsibility for any social, environmental and sustainability assessment of any Notes issued as "green bonds", "social bonds" and "sustainability bonds" or makes any representation or warranty or assurance whether such Notes will meet any investor expectations or requirements regarding such "green", "social", "sustainability", or similar labels. None of the Dealers is responsible for the use of proceeds for any Notes issued as "green bonds", "social bonds" or "sustainability bonds" nor the impact or monitoring of such use of proceeds.

No representation or assurance is given by the Dealers as to the suitability or reliability of any opinion, report, or certification of any third party made available in connection with an issue of Notes issued as "green bonds", "social bonds" or "sustainability bonds". For the avoidance of doubt, any such opinion, report or certification is not a recommendation by the Issuer, the Arrangers, the Dealers or any other person to buy, sell or hold any such Notes and is current only as of the date it was issued. As at the date of this Base Prospectus, the providers of such opinions, reports and certifications are not subject to any specific regulatory or other regime or oversight. Prospective investors must determine for themselves the relevance of any such opinion report or certification and/or the information contained therein.

In the event that any Notes are listed or admitted to trading on any dedicated "green", "environmental", "social", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Arrangers, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, for example with regard to any direct or indirect environmental, social or sustainability impact of any projects or uses, the subject of or related to, any Eligible Green Projects or Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. No representation or assurance is given or made by the Issuer, the Arrangers, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or that any such listing or admission to trading will be maintained during the life of the Notes.
The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in the light of its own circumstances. In particular, each potential investor should:

(a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;

(b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

(c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency;

(d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and

(e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. As Notes issued under the programme are complex financial instruments, each potential investor should consult its legal advisers to determine whether and to what extent (1) the Notes are legal investments for it, (2) the Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of the Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk based capital or similar rules.

Important – EEA retail investors

If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or (ii) a customer within the meaning of Directive (EU) 2016/97 ("Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Important – UK retail investors

If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "FSMA") and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue
of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

**Product Governance under Directive 2014/65/EU (as amended)**

The Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "MiFID Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

**Product Governance under UK MiFIR**

The Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

**Product classification pursuant to Section 309B of the Securities and Futures Act (Chapter 289) of Singapore**

The Final Terms in respect of any Notes may include a legend entitled "Singapore Securities and Futures Act Product Classification" which will state the product classification of the Notes pursuant to Section 309B(1) of the Securities and Futures Act (Chapter 289) of Singapore (as modified or amended from time to time, the "SFA"). The Issuer will make a determination and provide the appropriate written notification to "relevant persons" in relation to each issue about the classification of the Notes being offered for the purposes of Section 309B(1)(a) and Section 309B(1)(c) of the SFA.

**Programme limit**

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed €9,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into euro at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement)). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "Subscription and Sale".

**Certain definitions and language of Base Prospectus**

In this Base Prospectus, unless otherwise specified, references to a "Member State" are references to a Member State of the EEA.

In this Base Prospectus, references to "U.S.$" or "USD" are to United States dollars, references to "Sterling" or "£" are to the lawful currency of the United Kingdom and references to "EUR" or "euro" are
to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

In this Base Prospectus, unless the contrary intention appears, a reference to a law or a provision of law is a reference to that law or provision as extended, amended or re-enacted.

Ratings

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described above or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued or endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or issued by a credit rating agency which is certified under the EU CRA Regulation and/or (2) issued or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or issued by a credit rating agency which is certified under the UK CRA Regulation will be disclosed in the Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation unless (1) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (2) the rating is provided by a credit rating agency not established in the EEA which is certified under the EU CRA Regulation. In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the UK and registered under the UK CRA Regulation unless (1) the rating is provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or (2) the rating is provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation.

Non-IFRS Financial Measures

This Base Prospectus contains certain non-IFRS (International Financial Reporting Standards) financial measures (including those which are considered alternative performance measures within the meaning of Article 12 of Commission Delegated Regulation (EU) 2016/301), including the following:

- **EBITDA** (or gross operating profit) is an indicator of the performance of operations and reflects the Group's core business only. It is calculated as the difference between revenue and operating costs;

- **EBIT** (or operating profit) is an indicator of the performance of operations and is calculated as the algebraic sum of EBITDA (gross operating profit) and amortisation and depreciation, impairment losses (reversals of impairment losses) and provisions;

- **EBITDA Margin** (or gross operating profit margin) is a profitability indicator and is calculated as the ratio of gross operating profit to operating revenue;

- **EBIT Margin** (or operating profit margin – ROS (return on sales)) is a sales profitability indicator and is calculated as the ratio of operating profit to revenue;

- Net operating working capital is the algebraic sum of inventories, construction contracts, current and non-current trade receivables and current and non-current trade payables;
• Other assets, net reflect the sum of receivables and advances from the Ministry of the Economy and Finance for grants, deferred tax assets, other current and non-current assets and other current and non-current liabilities;

• Working capital is the sum of net operating working capital and other assets, net;

• Net non-current assets reflect the sum of property, plant and equipment, investment property, intangible assets and equity investments;

• Other provisions reflect the sum of post-employment benefits and other employee benefits, the provision for litigation with employees and third parties, the provisions for other sundry risks and deferred tax liabilities;

• Net invested capital (NIC) is the algebraic sum of working capital, net non-current assets, other provisions and net assets held for sale and disposal groups;

• Net assets held for sale is an indicator calculated as the algebraic sum of the activities and the liabilities reclassified as held for sale and/or directly related to disposal groups;

• Net Financial Debt is a financial indicator calculated as the algebraic sum of bonds, non-current bank loans and borrowings and the current portion thereof, current bank loans and borrowings, current and non-current loans and borrowings from other lenders, financial assets with the Ministry of the Economy and Finance for current fifteen-year grants, cash and cash equivalents and current and non-current loan assets;

• Net current financial debt is a financial indicator calculated as the algebraic sum of the current portion of non-current bank loans and borrowings, current bank loans and borrowings, current loans and borrowings from other lenders, loan assets with the Ministry of the Economy and Finance for current fifteen-year grants, cash and cash equivalents and current financial assets;

• Net non-current financial debt is a financial indicator calculated as the algebraic sum of bonds, non-current bank loans and borrowings, non-current loans and borrowings from other lenders, non-current financial assets;

• Equity (E) is a financial statements indicator calculated as the algebraic sum of share capital, reserves, retained earnings (losses carried forward), current and non-current derivative liabilities and the profit (loss) for the year;

• Capital expenditure indicator reflects the trend in the group investments of the year and includes the group’s investment programmes/projects (including investments via leases or special purpose vehicles) to support business development. These programmes/projects consist of investments in property, plant and equipment, concessions and other intangible assets, excluding financial investments (i.e., those relating to equity investment transactions). Specifically, the indicator is calculated as the algebraic sum of investments of the year/in progress in: i) property, plant and equipment, ii) intangible assets; iii) investment property; iv) change in concession work; v) trading property, net of asset acquisitions between group companies;

• Total Debt is the financial statements item "non-current and current loans and borrowings" of a Group’s company;

• External Debt refer to the financial statements item "non-current and current loans and borrowings" granted to a Group’s company by a third external party; and

• Parent Company Debt refer to the financial statements item "non-current and current loans and borrowings" granted to a Group’s subsidiary by the parent company FS.

It should be noted that the above mentioned measures are not recognised as measures of performance or liquidity under IFRS and should not be recognised as alternative to operating income or net profit or any other performance measure derived in accordance with IFRS or any other generally accepted accounting
principles. The management finds them useful in monitoring the Group's (as such term is defined in the "Terms and Conditions of the Notes") performance and believes they reflect the results of operations and financial trends of its business segments. Accordingly, the Issuer believes that the above measures provide useful information to investors for the purposes of evaluating the financial condition and results of operations of the Group, the quality of its assets and the fundamentals of its business.

Forward-looking statements

The Base Prospectus and certain documents incorporated by reference therein include "forward-looking statements" within the meaning of the securities laws of certain applicable jurisdictions. These forward-looking statements include, but are not limited to, all statements other than statements of historical facts contained in the Base Prospectus, including, without limitation, those regarding the Issuer's strategy, plans, objectives, prospects; future developments in the markets in which the Issuer operates; and anticipated regulatory changes in the industry in which the Issuer operates. These forward-looking statements can be identified by use of forward-looking terminology, such as the terms "aim", "anticipate", "believe", "continue", "could", "estimate", "expect", "intend", "may", "plan", "should" or "will" or, in each case, their negative, or other variations or comparable terminology. Examples of forward-looking statements include, among others, statements or guidance regarding the Group's future financial position, income growth, assets, business strategy, projected levels of growth in the rail markets, projected costs or savings, original and revised commitments and targets, estimates of capital expenditures and plans and objectives for future operations, international expansion plans, projected employee numbers and other statements that are not historical fact.

By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors because they relate to events and depend on circumstances that may or may not occur in the future. Investors are cautioned that forward-looking statements are not guarantees of future performance and that the actual financial condition, results of operations and cash flows, and the development of the industry in which the Issuer operates, may differ, also materially, from those made in, or suggested by, the forward-looking statements contained in the Base Prospectus. Any forward-looking statements are made only as at the date of the Base Prospectus and, except as required by law or the rules and regulations of any stock exchange on which the Notes are listed, the Issuer undertakes no obligation to publicly update or publicly revise any forward-looking statement, whether as a result of new information, future events or otherwise.

Stabilisation

In connection with the issue of any Tranche of Notes under the Programme, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

and any other Dealers appointed in accordance with the Dealer Agreement (as defined in "Subscription and Sale" below).
Certain Restrictions: Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see "Subscription and Sale") including the following restrictions applicable at the date of this Base Prospectus.

Notes having a maturity of less than one year

Where Notes have a maturity of less than one year and either (a) the issue proceeds are received by the Issuer in the United Kingdom or (b) the activity of issuing the Notes is carried on from an establishment maintained by the Issuer in the United Kingdom, such Notes must: (i) have a minimum redemption value of £100,000 (or its equivalent in other currencies) and be issued only to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses; or (ii) be issued in other circumstances which do not constitute a contravention of section 19 of the Financial Services and Markets Act 2000 by the Issuer.

Fiscal Agent and Paying Agent: BNP Paribas Securities Services, Luxembourg Branch
Listing Agent: BNP Paribas Securities Services, Luxembourg Branch
Programme Size: Up to €9,000,000,000 (or its equivalent in other currencies calculated as described in the Dealer Agreement) outstanding at any time. The Issuer may increase the amount of the Programme in accordance with the terms of the Dealer Agreement.

Distribution: Notes may be distributed by way of private or public placement and in each case on a syndicated or non-syndicated basis.

Currencies: Subject to any applicable legal and/or regulatory restrictions, Notes may be denominated in any currency agreed between the Issuer and the relevant Dealer and as stated in the applicable Final Terms.

Maturities: The Notes will have such maturities as may be agreed between the Issuer and the relevant Dealer, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.

Issue Price: Notes may be issued on a fully-paid basis and at an issue price which is at par or at a discount to, or premium over, par.

Form of Notes: The Notes will be issued in bearer form, as described in "Form of the Notes" below.

Fixed Rate Notes: Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer and on redemption and will be calculated on such basis as may be specified in the applicable Final Terms.

Floating Rate Notes: Floating Rate Notes will bear interest at a rate determined:

(a) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association,
Inc., and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series); or

(b) on the basis of the Reference Rate.

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Notes.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.

Interest on Floating Rate Notes in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated on such basis as may be specified in the applicable Final Terms.

**Inflation Linked Notes:**

Payments of principal in respect of Index Linked Redemption Notes or of interest in respect of Index Linked Interest Notes will be calculated by reference to one or more inflation indices, as may be agreed between the Issuer and the relevant Dealer and as specified in the applicable Final Terms.

**Zero Coupon Notes:**

Zero Coupon Notes will be offered and sold at a discount to their nominal amount and will not bear interest, in each case as may be agreed between the Issuer and the relevant Dealer and as specified in the applicable Final Terms.

**Redemption:**

The applicable Final Terms will indicate either that the relevant Notes cannot be redeemed prior to their stated maturity (other than for taxation reasons, upon a Change of Control or following an Event of Default) or that such Notes will be redeemable at the option of the Issuer upon giving notice to the Noteholders and/or at the option of the Noteholders upon giving notice to the Issuer, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the relevant Dealer.

Notes having a maturity of less than one year may be subject to restrictions on their denomination and distribution, see "Certain Restrictions — Notes having a maturity of less than one year" above.

**Redemption by Instalments:**

The applicable Final Terms in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.

**Denomination of Notes:**

The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency (see "Certain Restrictions — Notes having a maturity of less than one year" above) and save that the minimum denomination of each Note will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency). If the Final Terms so specify, Notes may be issued in denominations of €100,000 and integral multiples of €1,000 in excess thereof up to and including €199,000.
Taxation: All payments in respect of the Notes will be made without deduction for or on account of withholding taxes imposed by the Republic of Italy as provided in Condition 11 (Taxation). In the event that any such deduction is made, the Issuer will, save in certain limited circumstances provided in Condition 11 (Taxation), be required to pay additional amounts to cover the amounts so deducted.

Negative Pledge: The terms of the Notes will contain a negative pledge provision as further described in Condition 5 (Negative Pledge).

Cross Default: The terms of the Notes will contain a cross default provision as further described in Condition 12(c) (Events of Default – Cross-default of Issuer or Material Subsidiary).

Status of the Notes: The Notes will constitute direct, general and unconditional obligations of the Issuer and will at all times rank pari passu among themselves and at least pari passu with all other present and future unsecured obligations of the Issuer, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

Rating: As at the date of this Base Prospectus, the Issuer has the following ratings assigned to it: BBB by Fitch and BBB by Standard & Poor’s. The Programme has been rated BBB by Fitch and BBB by Standard & Poor’s. Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, such rating will be disclosed in the applicable Final Terms and will not necessarily be the same as the ratings assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The rating Standard & Poor’s has given to the Programme is endorsed by S&P Global Ratings UK Limited, which is established in the UK and registered under the UK CRA Regulation. The rating Fitch has given to the Programme is endorsed by Fitch Ratings Ltd, which is established in the UK and registered under the UK CRA Regulation.

Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued or endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or issued by a credit rating agency which is certified under the EU CRA Regulation and/or (2) issued or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or issued by a credit rating agency which is certified under the UK CRA Regulation will be disclosed in the Final Terms.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation unless (1) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (2) the rating is provided by a credit rating agency not established in the EEA is certified under the EU CRA Regulation.
Similarly, in general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the UK and registered under the UK CRA Regulation unless (1) the rating is provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or (2) the rating is provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation.

Approval, Admission to Trading and Listing:

The Central Bank of Ireland has approved this document as a base prospectus for the purposes of the Prospectus Regulation. Applications have also been made for Notes issued under the Programme to be admitted to trading on the regulated market of Euronext Dublin and to be listed on the Official List of Euronext Dublin.

Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to the Series. Notes which are neither listed nor admitted to trading on any market may also be issued. The applicable Final Terms will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

Pursuant to Article 25 of the Prospectus Regulation, the Central Bank of Ireland may at the request of the Issuer, send to the competent authority of another EEA Member State and the ESMA (i) a copy of this Base Prospectus; and (ii) a certificate of approval attesting that this Base Prospectus has been drawn up in accordance with the Prospectus Regulation (an "Attestation Certificate").

Governing Law:

The Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by English law. Condition 16 (Meetings of Noteholders: Modification and Waiver) and the provisions of the Agency Agreement concerning the meetings of Noteholders and the appointment of a Noteholders' Representative in respect of the Notes are subject to compliance with the laws of the Republic of Italy.

Selling Restrictions:

There are restrictions on the offer, sale and transfer of the Notes in the United States, the EEA, France, the Republic of Italy, Japan, Singapore, the United Kingdom and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes, see "Subscription and Sale".

United States Selling Restrictions:

Regulation S, Category 2. TEFRA C or D applicable/TEFRA not applicable, as specified in the applicable Final Terms.
RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may or may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate. Accordingly, the Issuer does not represent that the statements below regarding the risk of holding any Notes are exhaustive.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section. Prospective investors should read the entire Base Prospectus.

The risks below have been classified into the following categories:

a. Risks relating to the Issuer’s financial position;

b. Risks relating to the Issuer’s business activity and industry; and

c. Risks relating to the Notes issued under the Programme.

Risks relating to the Issuer’s financial position

Risks relating to macroeconomic conditions and sovereign debt crisis

FS is affected by the economic and political environment and cyclical trends in the European and domestic economy, and any economic downturn, market crisis or period of instability could have a negative impact on the Group’s business.

The sovereign debt crisis has raised concerns about the long-term sustainability of the European Monetary Union and the ordinary activity of many commercial and investment banks as well as insurance companies.

Persistent market tensions might negatively affect the funding costs and economic outlook of some euro member countries, including Italy. Since the beginning of the sovereign debt crisis in May 2010, credit quality has generally declined, as reflected by downgrades suffered by several countries in the Eurozone, including Italy.

Despite the several initiatives of supranational organisations to deal with the heightened sovereign debt crisis in the Euro area, global markets remain characterised by high volatility.

The persisting financial crisis has also adversely affected Italy and the current negative economic situation is not expected to end in the near future.

For example, weak economic conditions and prolonged instability could result in stagnation or a decrease in demand for transport businesses in which FS and its Group operate, adversely affecting the services of FS. This in turn may give rise to a decrease in prices and profitability levels, which may have an adverse effect on the financial condition and result of operations of FS.

In addition, the macroeconomic conditions are expected to be profoundly affected by the outbreak of the coronavirus disease ("COVID-19").

Italy has been one of the countries most affected by COVID-19 and this has led to strong pressure on the country’s health system.

Due to the spread of COVID-19 in Italy, the Italian government authorities have enacted a series of measures aimed at containing the further transmission of the virus among the population in Italy, including the lock-down of the whole country and other national and regional restrictions. As a result, since March 2020, the Group has
gradually decreased its offer of services, mainly related to high-speed passenger trains with a consequent and temporary impact on the related business performance.

The Group has already in place processes and procedures that support the identification, management and monitoring of events with potential significant impact on the Issuer's resources and business. Also, the Group is setting specific strategic procedures and interventions in order to face, monitor and manage the impact of COVID-19 on the Group's business.

Specifically, in order to tackle the current situation, the Group has implemented a number of extraordinary measures, such as, but not limited to, i) rescheduling the transport offer as mentioned above, with consequential and significant operating costs containment, including specific measures on personnel costs containment; ii) rescheduling part of the Group’s 2020 capital expenditure, iii) effective management of the Group’s financial exposure and credit facilities; iv) continuous dialogue with Italian and EU authorities and any relevant stakeholders, in order to ensure full support to the transportation sector.

This situation and the aforementioned lock-down measures have led, and - depending also on the additional measures that will be taken by the Italian Government with respect to the COVID-19 outbreak - may also in the future lead to slowdowns in some of the Group's activities, difficulties and restrictions for customers in the use of collective transport services, with potential negative impacts on the Group financial results.

Given the ongoing and dynamic nature of the COVID-19 pandemic, its effects and the governmental measures aimed at constraining spread of the virus, it is not possible to assess accurately the ultimate impact of the COVID-19 outbreak on the Italian and global economy and on the Group’s business. If the outbreak of COVID-19 and the measures aimed at containing the outbreak continues for a prolonged period, global macroeconomic conditions could deteriorate even further and the global economy may experience a significant slowdown in its growth rate or even a decline. This may in turn have a material adverse effect on the Group’s business and financial results.

In addition, in 2020 the Italian government has approved a series of grant measures in favour of some Group’s companies, in order to financially back-up the transport sector impacted by the COVID-19 pandemic, as a proof of the strategic role of the FS Group for the country’s economy. In this respect the Italian government has allocated resources in favour of Trenitalia S.p.A. ("Trenitalia") and Rete Ferroviaria Italiana S.p.A. ("RFI") as compensation for damages suffered during the period between 8 March and 30 June 2020. EU Commission approved grant measures in favour of Trenitalia on 10 March 2021 and grant measures in favour of RFI on 9 June 2021. Trenitalia’s grants amount to Euro 364.1 million and RFI’s grants amount to Euro 150 million. The instalments for the years 2020 and 2021 have already been paid to both Trenitalia and RFI during 2021. Such grants fall within the meaning of state aid under Article 107(1) of the Treaty establishing the European Community, as amended, and have been approved by the European Commission as being compatible with the common market under Article 108(2) and (3) of the Treaty establishing the European Community, as amended.

For further details on the impact of the COVID-19 on the Group’s business as of 31 December 2020, see also the 2020 Annual Report incorporated by reference to this Base Prospectus.

**Risks relating to downgrading**

- **Risk relating to the downgrading of the Republic of Italy**

The Issuer's credit ratings closely reflect the rating of the Republic of Italy and are therefore exposed to the risk of reductions in the sovereign credit rating of Italy. Accordingly, on the basis of the methodologies used by rating agencies, further downgrades of Italy's credit rating may have a consequential effect on the credit rating of the Issuer. Since the Issuer has been rated, each time a downgrading of Italy's credit rating occurred, an equivalent action on the Issuer credit ratings was taken by the rating agencies. This could have a material adverse effect on the Issuer’s cost of funding and access to debt market, with a potential adverse effect on the Issuer’s financial condition or result of operation.

- **Risk relating to the downgrading of the Issuer's ratings**

The Issuer has the following ratings assigned to it: BBB - by Fitch and BBB by Standard & Poor's. If a significant deterioration or downgrading of the Issuer's ratings to a sub-investment grade rating occurs, this may adversely affect the Issuer's access to alternative sources of funding and may increase the cost of funding, all of which could have an adverse effect on the Issuer's financial condition or results of operations.
The Issuer has on-going dialogue with the rating agencies, in order to let them evaluate the Issuer's creditworthiness. In light of the most recent rating agencies' assessments, the Issuer's creditworthiness is not reasonably expected to have a material deterioration in the near future, however it cannot be excluded that this may occur and lead to the negative effects on the Issuer's financial condition or results of operations described above.

**Liquidity and Financing risks**

The Group may need to raise further debt from time to time to, among other things, finance future capital expenditure and enable it to refinance its existing indebtedness in the ordinary course of business. FS adopts asset/liability management techniques in raising debt capital and financing for the Group and maintains continuous control of Group funding needs and ensures ongoing funds availability, also by recourse to consistent cash holdings and committed lines. There can be no assurance that the Group will be able to raise future debt on terms that are economically viable or at all and this may have an adverse effect on the Issuer's business and results of operations. As of 31 December 2020, principal repayments due up to 2023 related to debt held by FS, Trenitalia, RFI and ANAS S.p.A. ("ANAS") (which together held 96% of total debt as of 31 December 2020), amount to Euro 3,352 million.

For further detail, see also "Description of the Issuer – Debt Structure".

**Interest Rate risks**

The Group is mainly exposed to interest rate risk related to loans which bear variable rates of interest. The Group companies which are most exposed to this risk (including Trenitalia and RFI) have entered into hedging transactions on the basis of specific risk management policies approved by the respective Boards of Directors and implemented with the technical and operating support of FS, with the aim of managing the exposure to changes in interest rates. In particular, as of 31 December 2020, after hedging transactions, more than a half of debt held by FS, RFI, ANAS and Trenitalia (which together held 96% of total debt) has fixed rates of interest.

The Group does not enter into derivatives for speculative purposes. There can be no assurance that such hedging transactions will be successful in eliminating the risks deriving from changes in interest rates, or the Group will be able to further implement transactions to hedge interest rate risk related to new debt issues and this may have an adverse effect on the Issuer's business and results of operations.

**Risks relating to the Group's relationship with the Republic of Italy**

- **Risks relating to the renewal of the main concessions**

The nature of FS' business, as a contractor for activities of public interest, implies the risks connected with the terms of renewal upon the expiry of any concession agreements (mainly, the RFI Contratto di Programma, ANAS Contratto di Programma and the Trenitalia Public Service Contracts, all of these are detailed in the section Business Description) with the Italian Government.

These long-standing agreements or concessions with Italian governmental bodies have been extended upon expiry since their establishment and FS is expecting that such agreements and concessions will be further extended in the future in light of the strategic role played by FS and its subsidiaries and the volume of the investments made in connection with such agreements and concessions. However, should these agreements and concessions not extended in the future, FS' results of operation and financial condition may be adversely affected.

- **Risks relating to the Issuer's control by the Republic of Italy**

The Italian State owns 100% of the Issuer's paid up capital. The Italian State, acting through the Ministry of Economy and Finance ("MEF"), controls the Issuer and has the power to elect and remove its directors, as constituted from time to time, or committees thereof. Part of FS' debt (as of 31 December 2020 equal to 3% of total debt) is serviced by State transfers arising from specific State laws. Given the importance of the Italian railway sector to the national economy, the State could require the Issuer to take actions designed to serve the public interest in Italy which may not necessarily be designed to maximise FS' profits.
Risks relating to the Issuer’s business activity and industry

Operational risks

The Group operates in a technically complex sector. Unforeseen technical problems could lead to service interruptions and a decline in punctuality of the Group’s rail transport activities. Reductions in punctuality could in turn affect the perceived quality of the service provided by the Group and result in a loss of customers, which could directly impact the Group’s financial performance.

Railway infrastructure and operations is also sensitive to interruptions/inconveniences due to faults in plant and technologies, natural disasters, vandalism, and/or severe weather conditions which could affect operating service continuity, bringing it to below expected quality standards and therefore generate potential negative effects on company results.

Furthermore, the Group outsources rolling stock and railway and road network maintenance and construction, while it also uses third party manufacturers of spare parts for maintenance. A risk may arise from the Group's failure to comply with the contractual functional specifications of material delivered by its manufacturers. In recent years, the group has substantially changed the way in which it procures materials, revising its internal procedures and, in accordance with public contracting regulations, has prioritised purchase methods entailing the procurement of all parts relating to safety from original parts manufacturers only, while it always calls public calls to tenders for all other parts.

The above-mentioned risks might cause operational difficulties that may have an adverse effect on the Group's business and results of operations.

Major accidents, derailment or other incidents

The FS Group may be adversely affected by accidents, derailments, breakdown or failure of equipment or processes, sabotage or fires that could cause prejudices and damages. Despite that, the Issuer maintains insurance policies in amounts and of the type generally consistent with industry practice, any of such significant events would cause the FS Group to incur additional expenses if not covered by relevant insurance. Moreover, the Issuer is continuously investing in order to upgrade safety systems that could prevent any of such incidents.

Supply chain risks

Disruptions to supply chains, such as delay in and non-availability of materials required to invest and/or upgrade the railways as planned or to obtain the relevant materials for maintenance of the railways and trains, can have a significant negative impact on FS Group's business due to possibly significantly lower revenues and/or higher expenses. If similar developments occur, this could have a significant negative impact on FS Group’s financial position.

Business risks

Although FS Group – through Trenitalia - maintains a strong market share in the railway market in Italy, where the long distance rail market is the only European market that is opened to competition (since before the implementation of the Fourth Railway Package), the increasing competition on high-speed routes may have a negative impact on the Group's business and profitability. In this respect, it should be noted that the significant investment made by FS in the railway market aims at increasing both the relevant market demand and FS' relevant market share.

Regional transportation risks

In respect of the Italian regional transport segment, since 2012, there have been several developments in the applicable legislative framework and FS cannot rule out the introduction of further legislative amendments in the future. In Judgement 199/2012, delivered in July 2012, the Italian Constitutional Court declared the constitutive illegality of art. 4 of Law 148/2011, converting Legislative Decree n.138/2011 into law, which provided for the obligation to launch tenders for the regional transport service upon the expiry of the contracts in place with the Group.

The Group has entered into contracts with the Regional Authorities which do not depend on the procedures through which the Regional Authorities themselves may find the necessary sources of financing. These processes could have a negative impact on the mobility needs expressed by local areas and on planning criterion imposed
by the railway sector in relation to the time required for the implementation of any investment plans. Although safeguards for investments have been provided for in executing the service contracts, there remains uncertainty in respect of the future developments in the legislative framework. This uncertainty may have a negative impact on the Group's results of operations, specifically in relation to the contracts it entered into with Regional Authorities.

For further detail, see also "Description of the Issuer – Regional Public Service Contracts”.

**IT risks**

The Group relies heavily on its telecommunications network and computer systems for coordination of scheduling and other aspects of its railway operations as well as accounting, ticket sales for passenger trains, tracking cargo deliveries and numerous other functions. Hardware and software used by the Group may be damaged by human error, natural disaster, power loss and other events. In order to ensure continuous availability of IT operations, the Group has in place a redundancy methodology for operations and data backup as well as a fail-safe network coupling. These measures safeguard critical business and IT processes and prevent serious breakdowns. However, there can be no assurance that the implemented safeguard measures will be sufficient and/or be able to prevent any IT system failures which may, in turn, have an adverse impact on the Group's business and results of operations, including increased expenses and decreased revenues. Specifically, in order to continue minimising this risk in any circumstances and to ensure service continuity or recovery in the shortest amount of time possible following potential IT infrastructure disaster, FS Group is implementing business continuity solutions for business critical systems only. The maximum tolerance range for these systems to restore services and update the data is not more than 30 minutes, which is higher than the current limits of the disaster recovery plan.

In addition, the Issuer is subject to the regulations governing the protection, collection and processing of personal data in the jurisdictions in which we operate. The Issuer is exposed to the risk that the data could be damaged or lost, or removed, disclosed or processed (data breach) for purposes other than those authorized by the customer, including by unauthorized parties (such as third parties or Group employees).

The possible destruction, damage or loss of customer, employee or third party data, as well as its removal, unauthorized processing or disclosure, would have a negative impact on FS’ business and reputation, and could subject the Issuer to fines, with consequent negative effects on FS’ business, results of operations or financial condition.

In addition, changes to such regulation could impose more stringent sanctions for violations and could have a negative impact on the Group’s business as well as they lead the Group to incur additional compliance costs.

There are possible risks with regard to the reliability of the system (disaster recovery), the quality and integrity of the data managed and the threats to which IT systems are subject, as well as physiological risks related to the management of software changes (change management), which could have negative effects on the Group's operations, as well as on the Issuer's capital and financial situation.

Among the risks the Issuer faces relating to the management of IT systems there are the possible violations of the Group’s systems due to unauthorized access to the corporate network or IT resources, the introduction of viruses into computers or any other form of abuse carried out via internet. Like attempted hacking, such violations have become more frequent over the years throughout the world and therefore can threaten the protection of information relating to us and our customers and can have negative effects on the integrity of the Issuer’s IT systems, as well as on the confidence of the customers and on the Issuer’s reputation, with possible negative effects on the Issuer’s capital and financial condition.

**Regulatory Risk**

FS bears a regulatory risk as it operates in a sector regulated by an independent authority, the Italian Transport Regulation Authority ("ART"). The ART is in charge of enacting economic regulation in the field of transport and access to related infrastructures and services. In particular, the ART determines criteria for infrastructure charge and route allocation and defines tender schemes to award public service contracts. In this respect, the ART issues rules that may have an impact on the Issuer’s activities and business. The Issuer is also subject to a regulatory framework at European level. For instance, the Directive (EU) 2016/2370 of the European Parliament and the Council – “Fourth Railway Package” (as implemented in Italy by Legislative Decree n. 139 of 23 November 2018) as regards the opening of the market for national passenger railway transport services and the
governance of railway infrastructure. FS' results of operations and financial condition may be adversely affected by any material changes in law or regulation in FS' areas of business adopted by Italian and/or European bodies.

**Risks related to Litigation and Contracts**

FS and the Group may be involved in disputes, procedures and litigation arising from claims for damages and/or from legal disputes or formal investigations. Provisions are made for legal and contractual risks after estimating the respective probability of their occurrence. The actual utilization of these provisions depends on whether the risks materialize to the extent set forth in the Group's current estimates. The current litigation proceedings led to the booking of a provision for an amount of Euro 1,927 million in the consolidated financial statements for the financial year ended on 31 December 2019, as stated in note 26 of the consolidated financial statements for the financial year ended on 31 December 2019 of FS (see "Information incorporated by reference"). A negative outcome resulting from such disputes could have an adverse effect on the Issuer's business and results of operations. For proceedings currently considered to involve material risks relating to the Issuer, see also "Description of the Issuer – Litigation".

**Workforce risks**

The changes in legislation with regard to social security and pension reform in Italy represent an element of high risk due to the repercussions they could cause in terms of their impact on the policies planned for the human resources management within the Group. Such repercussions may, in the future, have a negative financial impact on the Group's results of operations.

**Environmental risks**

The Group's operations are subject to extensive environmental laws and regulations as it operates as a contracting entity for infrastructure construction works and transport of freight that could potentially be hazardous to the environment. Compliance with environmental regulations is an on-going process and, as such, new laws and regulations, the imposition of more stringent requirements, increasingly strict enforcement or new interpretations of existing environmental laws may require the Group to modify its operations, incur substantial unbudgeted costs to comply with current or future regulations or incur fines or penalties for environmental violations that could have a material adverse effect on the Group's business, profitability and operating results.

**Procurement risks**

In the context of its ordinary business activity, mainly related to transportation services and infrastructure management, both rail and road, the Group purchases commodities, energy and various services, which are essential to its business. As a consequence, notwithstanding procurement management policies that the Group has in place, the Group may be affected by procurement prices for such commodities, energy and services which may shift depending on market trends, provided that a relevant portion of electricity cost for train traction currently benefits from compensations that limit exposure to market prices. FS Group may not be able to transfer (or may only be able to transfer to a limited extent) greater procurement costs to sales prices to customers, with a consequent impact on the profit margin of the Group's products and services.

**Project risks**

The investments carried on by the Group in the overall transportation system, both rail and road, require high amounts of capital expenditures and involve complex projects which are frequently on a multi-year terms. Changes in the legal framework, delays in deliveries of such projects or technical adjustments during the project terms can result in increasing costs. As such, changes listed above could lead to increased costs and/or have an adverse effect on the Issuer's business and results of operations.

**Risks associated with Notes issued under the Programme**

**Risks related to the structure of a particular issue of Notes**

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common of such features, distinguishing between factors which may occur in relation to any Notes:
Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Redemption for tax reasons

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Republic of Italy or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

If the interest rate on any Notes convert from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes are Notes which may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing market rates.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest bearing securities with comparable maturities.

Reform of EURIBOR and other interest rate index and equity, commodity and foreign exchange rate index "benchmarks"

The Euro Interbank Offered Rate ("EURIBOR") and other interest rates or other types of rates and indices which are deemed to be benchmarks are the subject of ongoing national and international regulatory discussions and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to such a “benchmark”.

The EU Benchmarks Regulation applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the EU. Regulation (EU) No. 2016/1011 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "UK Benchmarks Regulation") applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the UK. The EU Benchmarks Regulation or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to EURIBOR or another benchmark rate or index, in particular, if the methodology or other terms of the benchmark are changed in order to comply with the terms of the EU Benchmarks Regulation or UK Benchmarks Regulation, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level, or affecting the volatility of the published rate or level, of the benchmark. More broadly, any of the international, national or other proposals for reform, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of
administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain “benchmarks,” trigger changes in the rules or methodologies used in certain “benchmarks” or lead to the discontinuance or unavailability of quotes of certain “benchmarks”.

As an example of such benchmark reforms, on 29 November 2017, the Bank of England and the FCA announced that, from January 2018, its working group on Sterling risk free rates has been mandated with implementing a broad-based transition to the Sterling Overnight Index Average (“SONIA”) over the next four years across sterling bond, loan and derivative markets so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021.

Separately the euro risk free-rate working group for the Euro area has published a set of high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, amongst other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro financial system.

As an example of such benchmark reforms, on 21 September 2017, the European Central Bank announced that it would be part of a new working group tasked with the identification and adoption of a “risk free overnight rate” which can serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the Euro area. On 13 September 2018, the working group on Euro risk-free rates recommended the new Euro short-term rate (“€STR”) as the new risk-free rate for the Euro area. The €STR was introduced on 2 October 2019. Although EURIBOR has subsequently been reformed in order to comply with the terms of the Benchmark Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with €STR or an alternative benchmark.

The elimination of EURIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the interest calculation provisions of the Conditions (as further described in Condition 7(l) (Benchmark Discontinuation)), or result in adverse consequences to holders of any Notes linked to such benchmark (including Floating Rate Notes whose interest rates are linked to EURIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities (including the Notes) based on the same benchmark.

The “Terms and Conditions of the Notes” provide for certain fallback arrangements in the event that a published benchmark, such as EURIBOR (including any page on which such benchmark may be published (or any successor service)) becomes unavailable, unlawful or unrepresentative. Such an event may be deemed to have occurred prior to the issue date for a Series of Notes. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a successor rate or an alternative rate and that such successor rate or alternative reference rate may be adjusted (if required) in accordance with the recommendation of a relevant governmental body or in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark, although the application of such adjustments to the Notes may not achieve this objective. Any such changes may result in the Notes performing differently (which may include payment of a lower interest rate) than if the original benchmark continued to apply. In certain circumstances the ultimate fallback of interest for a particular Interest Period may result in the rate of interest for the last preceding Interest Period being used.

This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of successor rates and alternative reference rates and the involvement of an Independent Adviser (as defined in the Conditions) in certain circumstances, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks arising from the possible cessation or reform of certain reference rates in making any investment decision with respect to any Notes linked to or referencing a benchmark.
Risks relating to Inflation Linked Interest Notes

The Issuer may issue Inflation Linked Notes (being either an Inflation Linked Interest Note, an Inflation Linked Redemption Note or a combination of the two) where the amount of principal (subject to the amount of principal payable on such Notes being equal to at least 100% of the nominal value of the Notes) and/or interest payable are dependent upon the level of an inflation/consumer price index or indices.

Potential investors in any such Notes should be aware that depending on the terms of the Inflation Linked Notes (i) they may receive no interest or a limited amount of interest and (ii) payment of principal, and/or interest may occur at a different time than expected. In addition, the movements in the level of the inflation/consumer price index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the index or indices may affect the actual return to investors, even if the average level is consistent with their expectations.

Inflation Linked Notes may be subject to certain disruption provisions or extraordinary event provisions (such as the delay and disruption provisions described in Condition 7(g)(ii) (Inflation Index delay and disruption provisions) and any Additional Disruption Events as may be specified in the applicable Final Terms). Relevant events may relate to an inflation/consumer price index publication being delayed or ceasing or such index being rebased or modified. If the Calculation Agent (as defined in the Conditions of the Notes) determines that any such event has occurred this may delay valuations under, and/or payments in respect of, the Notes and consequently adversely affect the value of the Notes. Any such adjustments may be by reference to a Related Bond, as defined in the applicable Final Terms if so specified therein. In addition certain extraordinary or disruption events may lead to early redemption of the Notes which may have an adverse effect on the value of the Notes. Whether and how such provisions apply to the relevant Notes can be ascertained by reading the Inflation Linked Notes Conditions in conjunction with the applicable Final Terms.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the inflation/consumer price index or the indices on principal or interest payable will be magnified.

A relevant consumer price index or other formula linked to a measure of inflation to which the Notes are linked may be subject to significant fluctuations that may not correlate with other indices. Any movement in the level of the index may result in a reduction of the interest payable on the Notes (if applicable) or, in the case of Notes with a redemption amount linked to inflation, in a reduction of the amount payable on redemption or settlement (subject to the amount of principal payable on such Notes being equal to at least 100% of the nominal value of the Notes).

The timing of changes in the relevant consumer price index or other formula linked to the measure of inflation comprising the relevant index or indices may affect the actual yield to investors on the Notes, even if the average level is consistent with their expectations.

An inflation or consumer price index to which interest payments and/or the redemption amount of Inflation Linked Notes are linked is only one measure of inflation for the relevant jurisdiction or area, and such Index may not correlate perfectly with the rate of inflation experienced by Noteholders in such jurisdiction or area.

The market price of Inflation Linked Notes may be volatile and may depend on the time remaining to the maturity date or expiration and the volatility of the level of the inflation or consumer price index or indices. The level of the inflation or consumer price index or indices may be affected by economic, financial and political events in one or more jurisdictions or areas.

CMS Linked Interest Notes

The Issuer may issue Notes with interest determined by reference to the CMS Rate which determine the amount of interest (a “relevant factor”). Potential investors should be aware that:

(a) the market price of such Notes may be volatile;
(b) they may receive no interest;
(c) the relevant factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
(d) if the relevant factor is applied to the Notes in conjunction with a multiplier greater than one or contains any other leverage factor, the effect of changes in the relevant factor on interest payable is likely to be magnified; and

the timing of changes in the relevant factor may affect the actual yield to investors, even if the average level is consistent with their expectations.

In respect of any Notes issued with a specific use of proceeds such as a "green bond", "social bond" or "sustainability bond" there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor.

If in respect of any particular issue of Notes there is a particular identified use of proceeds including Eligible Green Projects and/or Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects (as defined under "Use of Proceeds" below), this will be specified in the applicable Final Terms. Prospective investors should have regard to the information set out in the section "Use of Proceeds" and such Final Terms regarding use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Notes together with any other investigation such investor deems necessary.

In particular, the Issuer may choose to apply the proceeds from the issue of any Notes for Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects, which have been defined in accordance with the broad categorisation of eligibility for green projects, social projects and/or a combination thereof as set out by the International Capital Market Association ("ICMA") Green Bond Principles, Social Bond Principles and Sustainability Bond Guidelines, respectively. No assurance is given by the Issuer, the Arranger or the Dealers that the use of such proceeds for any Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental sustainability or social impact of any projects or uses the subject of or related to, any Eligible Green Projects, any Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects.

There can be no assurance that the relevant project(s) or use(s) (including those the subject of, or related to, any Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects) will be available or capable of being implemented in or substantially in the manner anticipated or described in the Final Terms and/or accordance with any timing schedule and that accordingly such proceeds will be totally or partially disbursed for such project(s) or use(s). Nor can there be any assurance that any such projects will be completed within any specified period or at all or with the results, impact or outcome (environmental, social or otherwise) as originally expected or anticipated by the Issuer. Any such event or failure by the Issuer will not constitute an Event of Default under the Notes.

None of the Arrangers or the Dealers accepts any responsibility for any social, environmental and sustainability assessment of any Notes issued as "green bonds", "social bonds" or "sustainability bonds" or makes any representation or warranty or assurance whether such Notes will meet any investor expectations or requirements regarding such "green", "social", "sustainability" or similar labels. None of the Arrangers or the Dealers is responsible for the use of proceeds for any Notes issued as "green bonds", "social bonds" or "sustainability bonds", nor the impact or monitoring of such use of proceeds.

None of a failure by the Issuer to allocate the proceeds of any Notes issued as "green bonds", "social bonds" or "sustainability bonds" or for the relevant project(s) or use(s) (including those the subject of, or related to, any Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects), or a failure of a third party to issue (or to withdraw) an opinion, report or certification in connection with an issue of any Notes, or the failure of the Notes to meet investors' expectations requirements regarding any "green", "social", "sustainable" or similar labels will constitute an Event of Default or breach of contract with respect to any of the Notes issued as "green bonds", "social bonds" or "sustainability bonds", as the case may be.

Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a green, social or sustainable or an equivalently labelled project or as to what precise attributes are required for a particular project to be defined as green, social, or sustainable or such other equivalent label, nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors that any project(s) or use(s) the subject of or related to any Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and
Eligible Social Projects will meet any or all investor expectations regarding such green, social, sustainable or other equivalently-labelled performance objectives (including those set out under Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the so called "EU Taxonomy") or Regulation (EU) 2020/852 as it forms part of domestic law in the United Kingdom by virtue of the EUWA) or that any adverse environmental, social, sustainability and/or other impacts will not occur during the implementation of any project(s) or use(s) the subject of, or related to, any Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects. Each prospective investor should have regard to the factors described in the section "Use of Proceeds" and the relevant information contained in this Base Prospectus and seek advice from their independent financial adviser or other professional adviser regarding its purchase of the Notes before deciding to invest.

No representation or assurance is given by the Dealers as to the suitability or reliability of any opinion, report, or certification of any third party made available in connection with an issue of Notes issued as "green bonds", "social bonds" or "sustainability bonds" or in connection with the issue of any Notes and in particular with any Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects to fulfil any environmental, social, sustainability, and/or other criteria. For the avoidance of doubt, any such opinion, report or certification is not incorporated in this Base Prospectus. For the avoidance of doubt, any such opinion, report or certification (i) is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus, (ii) is not, nor should be deemed to be, a recommendation by the Issuer, the Arrangers, the Dealers or any other person to buy, sell or hold any such Notes and (iii) would only be current as of the date that it was initially issued. Prospective investors must determine for themselves the relevance of any such opinion, report or certification and/or the information contained therein and/or the provider of such opinion, report or certification for the purpose of any investment in the Notes. Currently, the providers of such opinions, reports and certifications are not subject to any specific regulatory or other regime or oversight.

In the event that any Notes are listed or admitted to trading on any dedicated "green", "environmental", "sustainable", "social" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Arrangers, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, for example with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects. Additionally, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Arrangers, the Dealers or any other person to the factors described in the section "Use of Proceeds" and seek advice from their independent financial adviser or other professional adviser regarding its purchase of the Notes before deciding to invest.

Any such event or failure to apply the proceeds of any issue of Notes for any project(s) or use(s), including any Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects, and/or the withdrawal of any opinion, report or certification as described above or any such opinion, report or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion, report or certification is opining or certifying on, and/or any such Notes no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended by the Issuer to finance Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Risks relating to Change of Control Put Option mechanism

A Change of Control (as such term is defined in Condition 9(g) (Redemption at the option of Noteholders upon a Change of Control Put Event)) of the Issuer may activate the right of Noteholders to require the Issuer to redeem the Notes (the "Change of Control Put Option") if, at the time such Change of Control occurs, there is also a downgrade in the credit rating assigned to the Notes, all as described in more detail in Condition 9(g) (Redemption at the option of Noteholders upon a Change of Control Put Event). If the Notes are unrated at the time of the Change of Control, the Noteholders’ Change of Control Put Option is exercisable immediately upon the Change of Control occurring, in accordance with the procedures set out in Condition 9(g) (Redemption at the option of Noteholders upon a Change of Control Put Event). The Issuer has certain other financing arrangements in place that were executed before any credit ratings were assigned to the Issuer and which permit the relevant creditors, including certain of the Dealers (the "Other Financing Creditors"), to activate a Change of Control put option.
regardless of the fulfilment of any additional condition (including any subsequent downgrade in the Issuer's or its securities' credit ratings). Therefore, should a Change of Control in respect of the Issuer occur, holders of Notes that are rated should be aware that they may be able to exercise their Change of Control Put Option only at a later stage, as compared to both (i) holders of Notes that are unrated and (ii) the Other Financing Creditors, who may exercise their put option immediately upon the Change of Control occurring.

**Risks related to Notes generally**

Set out below is a brief description of certain risks relating to the Notes generally:

**Modification and waiver**

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

*Notes under the programme are governed by English Law, and change of law cannot be foreseen at the date hereof*

The conditions of the Notes are governed by English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to applicable English law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

*Investors who purchase Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued*

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

*Potential conflicts of interest*

Any Calculation Agent appointed under the Programme (whether the Fiscal Agent, any Paying Agent or otherwise) is the agent of the Issuer and not the agent of the Noteholders. Potential conflicts of interest may exist between the Calculation Agent (if any) and Noteholders (including where a Dealer acts as a Calculation Agent), including with respect to certain determinations and judgments that such Calculation Agent may make pursuant to the Conditions that may influence amounts receivable by the Noteholders during the term of the Notes and upon their redemption.

**Risks related to the market generally**

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

*The secondary market generally*

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and
more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes. In addition, Notes issued under the Programme might not be listed on a stock exchange or regulated market and, in these circumstances, pricing information may be more difficult to obtain and the liquidity and market prices of such Notes may be adversely affected.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, EEA regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation unless (1) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation or (2) the rating is provided by a credit rating agency not established in the EEA which is certified under the CRA Regulation. The list of registered and certified rating agencies published by the ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings will be disclosed in the Final Terms.

The terms and conditions of the 2021 Base Prospectus: Pages 26 - 56

The information incorporated by reference that is not included in the cross reference lists above is considered additional information and is not required by the relevant schedules of Commission Regulation (EU) No. 2019/980 (as amended).

Copies of the documents specified above as containing information incorporated by reference in this Base Prospectus may be inspected, free of charge, at the registered office of the Issuer. Any information contained in any of the documents specified above which is not incorporated by reference in this Base Prospectus is either not relevant to investors or is covered elsewhere in this Base Prospectus.
In this section, the expression "necessary information" means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the Notes. In relation to the different types of Notes which may be issued under the Programme, the Issuer has included in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions as completed by the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted by a single document containing the necessary information relating to the Issuer and the relevant Notes.
FORM OF THE NOTES

Each Tranche of Notes will initially be in the form of either a temporary global note (the "Temporary Global Note"), without interest coupons, or a permanent global note (the "Permanent Global Note"), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "Global Note") which is not intended to be issued in new global note ("NGN") form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank SA/NV as a operator of the Euroclear System ("Euroclear") and/or Clearstream Banking, S.A. ("Clearstream, Luxembourg") and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006, the European Central Bank (the "ECB") announced that global bearer notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "Eurosystem"), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the "TEFRA C Rules") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the "TEFRA D Rules") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

(i) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and

(ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership.

The principal amount of Notes represented by the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership provided, however, that in no circumstances shall the principal amount of Notes represented by the Permanent Global Note exceed the initial principal amount of Notes represented by the Temporary Global Note.

If:

(i) the Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of the Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or

(ii) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest
thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of
the Temporary Global Note on the due date for payment,
then the Temporary Global Note (including the obligation to deliver a Permanent Global Note) will become void
at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such
due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights
thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have
under a deed of covenant dated 15 December 2021 (the "Deed of Covenant") executed by the Issuer.

The Permanent Global Note will become exchangeable, in whole but not in part only and at the request of the
bearer of the Permanent Global Note, for Bearer Notes in definitive form ("Definitive Notes"):

(i) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership.
(ii) on the expiry of such period of notice as may be specified in the Final Terms;
(iii) at any time, if so specified in the Final Terms; or
(iv) if the Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then
if either of the following events occurs:

(a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for
business for a continuous period of 14 days (other than by reason of legal holidays) or announces
an intention permanently to cease business; or
(b) any of the circumstances described in Condition 12 (Events of Default) occurs and is continuing.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt
delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons
attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount
of Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender
of the Permanent Global Note to or to the order of the Fiscal Agent within 60 days of the bearer requesting such
exchange.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances
described in (a) and (b) above, Notes may only be issued in denominations which are integral multiples of the
minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an
exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances
described in (c) above, Notes may be issued in denominations which represent the aggregate of (i) a minimum
denomination of €100,000, plus (ii) integral multiples of €1,000, provided that such denominations are not less
than €100,000 nor more than €199,000. For the avoidance of doubt, each holder of Notes of such denominations
will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the
principal amount represented by the Permanent Global Note. However, a Noteholder who holds a principal
amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a
principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

If:

(a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the
bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
(b) the Permanent Global Note was originally issued in exchange for part only of a Temporary Global Note
representing the Notes and such Temporary Global Note becomes void in accordance with its terms; or
(c) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the
Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has
occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest
thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on
the due date for payment,
then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00
p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on the date on
which such Temporary Global Note becomes void (in the case of (b) above) or at 5.00 p.m. (London time) on such due date (c) above and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

**Temporary Global Note exchangeable for Definitive Notes**

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 60 days of the bearer requesting such exchange.

If:

(a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Temporary Global Note for Definitive Notes; or

(b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

**Permanent Global Note exchangeable for Definitive Notes**

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

(a) on the expiry of such period of notice as may be specified in the relevant Final Terms;

(b) at any time, if so specified in the relevant Final Terms;

(c) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if either of the following events occurs:

(i) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business;

(ii) any of the circumstances described in Condition 12 (Events of Default) occurs and is continuing.
Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances
described in (i) and (ii) above, Notes may only be issued in denominations which are integral multiples of the
minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an
exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances
described in (iii) above, Notes may be issued in denominations which represent the aggregate of (i) a minimum
denomination of €100,000, plus (ii) integral multiples of €1,000, provided that such denominations are not less
than €100,000 nor more than €199,000. For the avoidance of doubt, each holder of Notes of such denominations
will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the
principal amount represented by the Permanent Global Note. However, a Noteholder who holds a principal
amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a
principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt
delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons
attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount of
Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender
of the Permanent Global Note to or to the order of the Fiscal Agent within 60 days of the bearer requesting such
exchange.

If:

(a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the
bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
(b) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the
Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has
occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest
thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on
the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00
p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date
((b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without
prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of
Covenant).

Rights under Deed of Covenant

Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or
any other relevant clearing system as being entitled to an interest in a Temporary Global Note or a Permanent
Global Note which becomes void will acquire directly against the Issuer all those rights to which they would have
been entitled if, immediately before the Temporary Global Note or Permanent Global Note became void, they had
been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they
were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant
clearing system.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the
terms and conditions set out under "Terms and Conditions of the Notes" below and the provisions of the relevant
Final Terms which complete those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which
would apply to the Note were it in definitive form to the extent described under "Summary of Provisions Relating
to the Notes while in Global Form" below.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes having a maturity of more than 365 days, the Notes in global form,
the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following
effect:
"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions which, as completed by the relevant Final Terms, will be endorsed on each Note in definitive form issued under the Programme.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Summary of Provisions Relating to the Notes while in Global Form" below.

1. Introduction

(a) Programme: Ferrovie dello Stato Italiane S.p.A. (the "Issuer") has established a Euro Medium Term Note Programme (the "Programme") for the issuance of up to €9,000,000,000 in aggregate principal amount of notes (the "Notes").

(b) Final Terms: Notes issued under the Programme are issued in series (each a "Series") and each Series may comprise one or more tranches (each a "Tranche") of Notes. Each Tranche is the subject of a final terms (the "Final Terms") which completes these terms and conditions (the "Conditions"). The terms and conditions applicable to any particular Tranche of Notes are these Conditions as completed by the relevant Final Terms. In the event of any inconsistency between these Conditions and the relevant Final Terms, the relevant Final Terms shall prevail.

(c) Agency Agreement: The Notes are the subject of an issue and paying agency agreement dated 15 December 2021 (the "Agency Agreement") between the Issuer, BNP Paribas Securities Services, Luxembourg Branch as fiscal agent (the "Fiscal Agent", which expression includes any successor fiscal agent appointed from time to time in connection with the Notes) and the paying agents named therein (together with the Fiscal Agent, the "Paying Agents", which expression includes any successor or additional paying agents appointed from time to time in connection with the Notes).

(d) The Notes: All subsequent references in these Conditions to "Notes" are to the Notes which are the subject of the relevant Final Terms. Copies of the relevant Final Terms are available for viewing at the specified office of the Fiscal Agent, the initial specified office of which is set out below.

(e) Summaries: Certain provisions of these Conditions are summaries of the Agency Agreement and are subject to its detailed provisions. The holders of the Notes (the "Noteholders") and the holders of the related interest coupons, if any, (the "Couponholders" and the "Coupons", respectively) are bound by, and are deemed to have notice of, all the provisions of the Agency Agreement. In case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons will be attached on issue ("Talons").

2. Definitions and Interpretation

(a) Definitions: In these Conditions the following expressions have the following meanings:

"Accrual Yield" has the meaning given in the relevant Final Terms;

(a) if "Actual/Actual(ICMA)" is so specified, means:

(i) where the Calculation Period is equal to or shorter than the Regular Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and

(ii) where the Calculation Period is longer than one Regular Period, the sum of:

(A) the actual number of days in such Calculation Period falling in the Regular Period in which it begins divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and

(B) the actual number of days in such Calculation Period falling in the next Regular Period divided by the product of (a) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year;

(iii) if "Actual/Actual (ISDA)" is so specified, means the actual number of days in the Calculation Period divided by 365 (or, if any portion of the Calculation Period falls in a
leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);

(iv) if "Actual/365 (Fixed)" is so specified, means the actual number of days in the Calculation Period divided by 365;

(v) if "Actual/360" is so specified, means the actual number of days in the Calculation Period divided by 360;

(vi) if "30/360" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where:

"Y1" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as number, in which the day immediately following the last day included in the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;"

(vii) if "30E/360" or "Eurobond Basis" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where:

"Y1" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as number, in which the day immediately following the last day included in the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D1 will be 30; and
"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30; and

(viii) if "30E/360 (ISDA)" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where:
"Y1" is the year, expressed as a number, in which the first day of the Calculation Period falls;
"Y2" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;
"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;
"M2" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;
"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and
"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30,

provided, however, that in each such case the number of days in the Calculation Period is calculated from and including the first day of the Calculation Period to but excluding the last day of the Calculation Period;

"Decree No. 239" means Italian Legislative Decree No. 239 of 1 April 1996 and related implementing regulations, as amended, supplemented or re-enacted from time to time;

"Designated Maturity" has the meaning given in the relevant Final Terms;

(a) on terms approved by an Extraordinary Resolution of the Noteholders; or

(b) occurring by operation of law; or

(c) in the case of a Material Subsidiary, whilst solvent whereby all or a substantial part of the assets and undertaking of such Material Subsidiary are transferred to or otherwise vested in the Issuer or another Material Subsidiary (or a Subsidiary which, as a result of such transfer or vesting, becomes a Material Subsidiary); or

(d) in the case of the Issuer, whilst solvent whereby all or a substantial part of the assets and undertaking of the Issuer are transferred to an entity (such entity being, for the avoidance of doubt, prior to or immediately upon such transfer, a Subsidiary of the Issuer) and such entity (1) assumes or maintains (as the case may be) liability as principal debtor in respect of the Notes; and (2) continues substantially to carry on the business of the Issuer;

"Permitted Security Interest" means:

(a) any Security Interest arising by operation of law (or agreement evidencing the same) in the ordinary course of business of the Issuer or any of its Subsidiaries which does not (either alone or together with any one or more other such Security Interests) materially impair the operation
of such business prior to any enforcement of any such Security Interest or, as appropriate, Security Interests against the assets to which it or, as appropriate, they attach(es);

(b) in the case of any entity which becomes a Subsidiary of any member of the Group after the Issue Date of the Notes, any Security Interest securing Relevant Indebtedness existing over its assets at the time it becomes such a Subsidiary provided that the Security Interest was not created in contemplation of or in connection with it becoming a Subsidiary and the amounts secured have not been increased in contemplation of or in connection with such acquisitions;

(c) any Security Interest securing any Project Finance Indebtedness in the form of Relevant Indebtedness;

(d) any Security Interest created to secure loans or notes provided, supported or subsidised by a governmental agency, export credit agency or a lending organisation established by the United Nations, the European Union or other international treaty organisation (such as the European Investment Bank and Eurofima – European Company for the Financing of Railroad Rolling Stock);

(e) any Security Interest created over (1) the receivables of a Securitisation Entity (and any bank account to which such proceeds are deposited) which are subject to a Non-recourse Securitisation as security for Non-recourse Securitisation Debt raised by such Securitisation Entity in respect of such receivables; and/or (2) the shares or other interests owned by any member of the Group in any Securitisation Entity as security for Non-recourse Securitisation Debt raised by such Securitisation Entity, provided, in each case, that the receivables or revenues which are the subject of the relevant Non-recourse Securitisation comprise all or substantially all of the business of such Securitisation Entity, or any Security Interest created in order to extend, renew or replace, in whole or in part, any Security Interest referred to in this paragraph (or any successive extensions, renewals or replacements thereof) or extend, renew or refinance any Relevant Indebtedness secured by any Security Interest permitted by this paragraph;

(f) any Security Interest created in connection with convertible bonds or notes where the Security Interest is created over the assets into which the convertible bonds or notes may be converted and secures only the obligation of the Issuer to effect the conversion of the bonds or notes into such assets;

(g) to the extent that it does not fall within paragraphs (a) to (f) above, any Security Interest in existence on the date of this Base Prospectus which secures Indebtedness outstanding on such date; and

(h) any Security Interest created in substitution of any Security Interest permitted under paragraphs (a) to (g) above over the same or substituted assets provided that (1) the principal amount secured by the substitute Security Interest does not exceed the principal amount outstanding and secured by the initial Security Interest and (2) in the case of substituted assets, the market value of the substituted assets as at the time of substitution does not exceed the market value of the assets replaced,

provided that the aggregate amount of any Indebtedness secured by any Security Interest pursuant to paragraphs (b) to (h) above shall not, at any time, exceed 20% of the Group’s Consolidated Assets;

“Person” means any individual, company, corporation, firm, partnership, joint venture, association, organisation, state or agency of a state or other entity, whether or not having separate legal personality;

“Principal Financial Centre” means, in relation to any currency, the principal financial centre for that currency provided, however, that:

(a) in relation to euro, it means the principal financial centre of such Member State of the European Union as is selected (in the case of a payment) by the payee or (in the case of a calculation) by the Calculation Agent; and

(b) in relation to New Zealand dollars, it means either Wellington or Auckland as is selected (in the case of a payment) by the payee or (in the case of a calculation) by the Calculation Agent;
"Project" means the ownership, development, design, construction, operation and maintenance of the High Speed Project;

"Project Finance Indebtedness" means any present or future, secured or unsecured, Indebtedness of any member of the Group incurred to finance or refinance the Project, whereby (A) the claims of the relevant creditor(s) against the borrower are limited to (i) the amount of cash flow or net cash flow generated by and through the Project during the tenor of such Project Finance Indebtedness and/or (ii) the amount of proceeds deriving from the enforcement of any Security Interest taken over the Project to secure the Project Finance Indebtedness and (B) the relevant creditor has no recourse whatsoever against any assets of any member of the Group other than the Project and the Security Interest taken over the Project to secure the Project Finance Indebtedness;

"Put Option Notice" means a notice which must be delivered to a Paying Agent by any Noteholder wanting to exercise a right to redeem a Note at the option of the Noteholder;

"Reference Rate" means EURIBOR or the CMS Rate as specified in the relevant Final Terms in respect of the currency and period specified in the relevant Final Terms;

"Regular Period" means:

(a) in the case of Notes where interest is scheduled to be paid only by means of regular payments, each period from and including the Interest Commencement Date to but excluding the first Interest Payment Date and each successive period from and including one Interest Payment Date to but excluding the next Interest Payment Date;

(b) in the case of Notes where, apart from the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where "Regular Date" means the day and month (but not the year) on which any Interest Payment Date falls; and

(c) in the case of Notes where, apart from one Interest Period other than the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where "Regular Date" means the day and month (but not the year) on which any Interest Payment Date falls other than the Interest Payment Date falling at the end of the irregular Interest Period;
"Relevant Date" means, in relation to any payment, whichever is the later of (a) the date on which the payment in question first becomes due and (b) if the full amount payable has not been received in the Principal Financial Centre of the currency of payment by the Fiscal Agent on or prior to such due date, the date on which (the full amount having been so received) notice to that effect has been given to the Noteholders;

"Relevant Financial Centre" has the meaning given in the relevant Final Terms;

"Relevant Indebtedness" means (i) any Indebtedness, whether present or future, which is in the form of or represented by any bond, note (including, for the avoidance of doubt, any note issued on a private placement basis to investors located in the United States or elsewhere), debenture, debenture stock, loan stock, certificate, commercial paper or other instrument which is, or is capable of being, listed, quoted or traded on any stock exchange, over-the-counter or other organised market for securities or (ii) any guarantee and/or indemnity in relation to any such Indebtedness;

"Relevant Screen Page" means the page, section or other part of a particular information service (including, without limitation, Reuters) specified as the Relevant Screen Page in the relevant Final Terms, or such other page, section or other part as may replace it on that information service or such other information service, in each case, as may be nominated by the Person providing or sponsoring the information appearing there for the purpose of displaying rates or prices comparable to the Reference Rate;

"Relevant Swap Rate" means:

(a) where the Reference Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a designated maturity determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions; and

(b) where the Reference Currency is any other currency or if the Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the applicable Final Terms;

"Relevant Time" has the meaning given in the relevant Final Terms;

"Representative Amount" means an amount that is representative for a single transaction in the relevant market at the relevant time;

"Reserved Matter" has the meaning given to such term in Condition 16(a) (Meetings of Noteholders);

"Securitisation Entity" means any special purpose vehicle created for the sole purpose of carrying out, or otherwise used solely for the purpose of carrying out a Non-recourse Securitisation or any other Subsidiary which is effecting Non-recourse Securitisations;

"Security Interest" means any mortgage, charge, pledge, lien or other security interest including, without limitation, anything analogous to any of the foregoing under the laws of any jurisdiction;

"Specified Currency" has the meaning given in the relevant Final Terms;

"Specified Denomination(s)" has the meaning given in the relevant Final Terms;

"Specified Office" has the meaning given in the Agency Agreement;

"Specified Period" has the meaning given in the relevant Final Terms;

"Standard Securitisation Undertakings" means representations, warranties, covenants and indemnities entered into by any member of the Group from time to time which are customary in relation to Non-
recourse Securitisations, including any performance undertakings with respect to servicing obligations or undertakings with respect to breaches of representations or warranties;

"TARGET Settlement Day" means any day on which TARGET2 is open for the settlement of payments in euro;

"Treaty" means the Treaty on the Functioning of the European Union, as amended; and

"Zero Coupon Note" means a Note specified as such in the relevant Final Terms.

(a) **Interpretation**

In these Conditions:

(i) if the Notes are Zero Coupon Notes, references to Coupons and Couponholders are not applicable;

(ii) if Talons are specified in the relevant Final Terms as being attached to the Notes at the time of issue, references to Coupons shall be deemed to include references to Talons;

(iii) if Talons are not specified in the relevant Final Terms as being attached to the Notes at the time of issue, references to Talons are not applicable;

(iv) any reference to principal shall be deemed to include the Redemption Amount, any additional amounts in respect of principal which may be payable under Condition 11 (Taxation), any premium payable in respect of a Note and any other amount in the nature of principal payable pursuant to these Conditions;

(v) any reference to interest shall be deemed to include any additional amounts in respect of interest which may be payable under Condition 11 (Taxation) and any other amount in the nature of interest payable pursuant to these Conditions;

(vi) references to Notes being "outstanding" shall be construed in accordance with the Agency Agreement;

(vii) if an expression is stated in Condition 2(a) (Definitions) to have the meaning given in the relevant Final Terms, but the relevant Final Terms gives no such meaning or specifies that such expression is "not applicable", then such expression is not applicable to the Notes; and

(viii) any reference to the Agency Agreement shall be construed as a reference to the Agency Agreement, as amended and/or supplemented up to and including the Issue Date of the Notes.

3. **Form, Denomination and Title**

The Notes are in bearer form in the Specified Denomination(s) with Coupons and, if specified in the relevant Final Terms, Talons attached at the time of issue. In the case of a Series of Notes with more than one Specified Denomination, Notes of one Specified Denomination will not be exchangeable for Notes of another Specified Denomination. Title to the Notes and the Coupons will pass by delivery. The holder of any Note or Coupon shall (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or any notice of any previous loss or theft thereof) and no Person shall be liable for so treating such holder. No person shall have any right to enforce any term or condition of any Note under the Contracts (Rights of Third Parties) Act 1999.
4. **Status**

The Notes constitute direct, general and unconditional obligations of the Issuer which will at all times rank pari passu among themselves and at least pari passu with all other present and future unsecured obligations of the Issuer, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

5. **Negative Pledge**

So long as any Note remains outstanding, the Issuer shall not, and the Issuer shall ensure that none of its Material Subsidiaries will, create or permit to subsist any Security Interest (other than a Permitted Security Interest) upon the whole or any part of its present or future assets to secure any Relevant Indebtedness or Guarantee of Relevant Indebtedness without (a) at the same time or prior thereto securing the Notes equally and ratably therewith or (b) providing such other Security Interest for the Notes as may be approved by an Extraordinary Resolution of Noteholders or (c) the prior written approval by an Extraordinary Resolution of Noteholders.

6. **Fixed Rate Note Provisions**

(a) **Application**: This Condition 6 (Fixed Rate Note Provisions) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.

(b) **Accrual of interest**: The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (Payments). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

(c) **Fixed Coupon Amount**: The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.

(d) **Calculation of interest amount**: The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7. **Floating Rate Note and Inflation Linked Interest Note Provisions**

(a) **Application**: This Condition 7 (Floating Rate Note and Inflation Linked Interest Note Provisions) is applicable to the Notes only if the Floating Rate Note Provisions or Inflation Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable.

(b) **Accrual of interest**: The Notes bear interest from, and including, the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (Payments). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the
Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

(c) **Screen Rate Determination for Floating Rate Notes other than Floating Rate Notes linked to the CMS Rate:** If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and “CMS Rate” is not specified as the Reference Rate, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

(i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(ii) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:

(A) one rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and

(B) the other rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period;

*provided, however, that* if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate;

(iii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(iv) if, in the case of (i) above, such rate does not appear on that page or, in the case of (iii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable:

(A) the Issuer will request the principal Relevant Financial Centre office of each of the Reference Banks to provide the Calculation Agent with a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and

(B) the Calculation Agent will determine the arithmetic mean of such quotations; and

(v) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Issuer on the advice, free of costs, of an investment bank of international repute, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the
Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of the immediately preceding Interest Period for which such rate or arithmetic mean was determined.

(d) **Screen Rate Determination for Floating Rate Notes which are linked to the CMS Rate:** If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "CMS Rate" is specified as the Reference Rate, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent by reference to the following formula:

\[
\text{CMS Rate plus Margin}
\]

If the Relevant Screen Page is not available, the Issuer shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotation, the CMS Rate for such Interest Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If, on any Interest Determination Date, less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin related to that last preceding Interest Period).

(e) **ISDA Determination:** If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

(i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;

(ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms;

(iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the Euro-zone inter-bank offered rate (EURIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms;

(iv) if applicable, the "Applicable Benchmark", "Fixing Day", "Fixing Time" and/or any other items specified in the relevant Final Terms are as specified in the relevant Final Terms;

(v) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:

(A) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
(B) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as the Issuer, in consultation with an Independent Adviser appointed by the Issuer, and such Independent Adviser acting in good faith and in a commercially reasonable manner, determines appropriate.

(f) Rate of Interest - Inflation Linked Interest Notes

The Rate of Interest payable from time to time in respect of Inflation Linked Interest Notes for each Interest Period will be determined by the Calculation Agent, or other party specified in the applicable Final Terms, on the relevant Interest Determination Date in accordance with the following formula:

\[ \text{Rate of Interest} = \text{[Rate Multiplier]} \times (\text{DIR}(t)/\text{DIR}(0)) \]

subject to the Minimum Rate of Interest or the Maximum Rate of Interest if, in either case, designated as applicable in the applicable Final Terms in which case the provisions of Condition 7(h) (Maximum or Minimum Rate of Interest) shall apply as appropriate.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

The Rate of Interest and the result of DIR(t) divided by DIR(0) shall be rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards.

Definitions

For the purposes of the Conditions:

"Day of Month" means the actual number of days since the start of the relevant month;

"Days in Month" means the number of days in the relevant month;

"DIR(0)" means the value specified in the applicable Final Terms and being the value as calculated in accordance with the following formula (where month "t" is the month and year in which the Trade Date falls):

\[ \text{DIR}(0) = \text{Inflation Index}(t - \text{Lookback Period 1}) + [\text{Inflation Index}(t - \text{Lookback Period 2}) - \text{Inflation Index}(t - \text{Lookback Period 1})] \times [\text{DayOfMonth} - 1]/\text{DaysInMonth}, \text{ rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards;} \]

"DIR(t)" means in respect of the Specified Interest Payment Date falling in month "t", the value calculated in accordance with the following formula:

\[ \text{DIR}(t) = \text{Inflation Index}(t - \text{Lookback Period 1}) + [\text{Inflation Index}(t - \text{Lookback Period 2}) - \text{Inflation Index}(t - \text{Lookback Period 1})] \times [\text{DayOfMonth} - 1]/\text{DaysInMonth}, \text{ rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards;} \]

"Inflation Index" means the relevant inflation index set out in Annex I to this Base Prospectus specified in the applicable Final Terms;

"Inflation Index (t Lookback Period 1)" means the value of the Inflation Index for the month that is the number of months in the Lookback Period 1 prior to the month (t) in which the relevant Specified Interest Payment Date falls;
"Inflation Index (Lookback Period 2)" means the value of the Inflation Index for the month that is the number of months in the Lookback Period 2 prior to the month in which the relevant Specified Interest Payment Date falls; and

"Rate Multiplier" has the meaning given to it in the applicable Final Terms, provided that if Rate Multiplier is specified as "Not Applicable", the Rate Multiplier shall be deemed to be equal to one.

(g) **Inflation Linked Note Provisions**

(i) **Definitions**

For the purposes of Inflation Linked Interest Notes and Inflation Linked Redemption Notes:

"Additional Disruption Event" means any of Change of Law, Hedging Disruption and/or Increased Cost of Hedging, in each case if specified in the applicable Final Terms.

"Change in Law" means that, on or after the Trade Date (as specified in the applicable Final Terms):

(A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or

(B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority),

the Calculation Agent determines in its discretion that (i) it has become illegal to hold, acquire or dispose of any relevant hedging arrangements in respect of the Inflation Index or (ii) any Hedging Party will incur a materially increased cost in performing its obligations in relation to the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer, any of its affiliates or any other Hedging Party).

"Cut Off Date" means, in respect of a Determination Date, five (5) Business Days prior to any due date for payment under the Notes for which valuation on the relevant Determination Date is relevant, unless otherwise stated in the applicable Final Terms.

"Delayed Index Level Event" means, in respect of any Determination Date and an Inflation Index, that the relevant Inflation Index Sponsor fails to publish or announce the level of such Inflation Index (the "Relevant Level") in respect of any Reference Month which is to be utilised in any calculation or determination to be made by the Issuer in respect of such Determination Date, at any time or prior to the Cut Off Date.

"Determination Date" means each of the Interest Determination Date and the Redemption Determination Date, as the case may be, specified as such in the applicable Final Terms.

"End Date" means each date specified as such in the applicable Final Terms.

"Fallback Bond" means, in respect of an Inflation Index, a bond selected by the Calculation Agent and issued by the government of the country to whose level of inflation the relevant Inflation Index relates and which pays a coupon or redemption amount which is calculated by reference to such Inflation Index, with a maturity date which falls on (a) the End Date specified in the applicable Final Terms, (b) the next longest maturity after the End Date if there is no such bond maturing on the End Date, or (c) the next shortest maturity before the End Date if no bond defined in (a) or (b) is selected by the Calculation Agent. If the relevant Inflation Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation linked bonds issued on or before the Issue Date and, if there is more than one inflation linked bond
maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the Fallback Bond redeems, the Calculation Agent will select a new Fallback Bond on the same basis, but notwithstanding the immediately prior sentence, selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged).

"Hedging Disruption" means that any Hedging Party is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the relevant price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (b) freely realise, recover, remit, receive, repatriate or transfer the proceeds of any such transaction(s) or asset(s), as determined by the Calculation Agent.

"Hedging Party" means at any relevant time, the Issuer, or any of its affiliates or any other party providing the Issuer directly or indirectly with hedging arrangements in relation to the Notes as the Issuer may select at such time.

"Increased Cost of Hedging" means that any Hedging Party would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the market risk (including, without limitation, price risk, foreign exchange risk and interest rate risk) of the Issuer issuing and performing its obligations with respect to the Notes, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates shall not be deemed an Increased Cost of Hedging.

"Interest Determination Date" means the date specified in the applicable Final Terms, if applicable.

"Inflation Index Sponsor" means, in relation to an Inflation Index, the entity that publishes or announces (directly or through an agent) the level of such Inflation Index which, as of the Issue Date, is the Inflation Index Sponsor specified in the applicable Final Terms.

"Redemption Determination Date" means the date specified in the applicable Final Terms, if applicable.

"Reference Month" means the calendar month for which the level of the Inflation Index is reported as specified in the applicable Final Terms, regardless of when this information is published or announced, except that if the period for which the Relevant Level was reported is a period other than a month, the Reference Month shall be the period for which the Relevant Level is reported.

"Related Bond" means, in respect of an Inflation Index, the bond specified as such in the applicable Final Terms. If the Related Bond specified in the applicable Final Terms is "Fallback Bond", then, for any Related Bond determination, the Calculation Agent shall use the Fallback Bond. If no bond is specified in the applicable Final Terms as the Related Bond and "Fallback Bond: Not Applicable" is specified in the applicable Final Terms, there will be no Related Bond. If a bond is specified as the Related Bond in the applicable Final Terms and that bond redeems or matures before the End Date (i) unless "Fallback Bond: Not Applicable" is specified in the applicable Final Terms, the Calculation Agent shall use the Fallback Bond for any Related Bond determination and (ii) if "Fallback Bond: Not Applicable" is specified in the applicable Final Terms, there will be no Related Bond.

"Relevant Level" has the meaning set out in the definition of "Delayed Index Level Event" above.

(ii) Inflation Index delay and disruption provisions

(A) Delay in publication

If the Calculation Agent determines that a Delayed Index Level Event in respect of an Inflation Index has occurred with respect to any Determination Date, then the Relevant Level for such
Inflation Index with respect to the relevant Reference Month subject to such Delayed Index Level Event (the "Substitute Index Level") shall be determined by the Calculation Agent as follows:

1. if "Related Bond" is specified as applicable for such Inflation Index in the relevant Final Terms, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the relevant Related Bond; or

2. if (I) "Related Bond" is not specified as applicable for such Inflation Index in the relevant Final Terms, or (II) the Calculation Agent is not able to determine a Substitute Index Level under (1) above, the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:

\[
\text{Substitute Index Level} = \text{Base Level} \times \frac{\text{Latest Level}}{\text{Reference Level}},
\]

where:

"Base Level" means, in respect of an Inflation Index, the level of such Inflation Index (excluding any "flash" estimates) published or announced by the relevant Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined.

"Latest Level" means, in respect of an Inflation Index, the latest level of such Inflation Index (excluding any "flash" estimates) published or announced by the relevant Inflation Index Sponsor prior to the month in respect of which the Substitute Index Level is being determined.

"Reference Level" means, in respect of an Inflation Index, the level of such Inflation Index (excluding any "flash" estimates) published or announced by the relevant Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month in respect of the Latest Level.

The Issuer shall give notice to Noteholders, in accordance with Condition 18 (Notices) of any Substitute Index Level calculated pursuant to this paragraph (A) of Condition 7(g)(ii).

If the Relevant Level (as defined above) is published or announced at any time on or after the relevant Cut off Date, such Relevant Level will not be used in any calculations. The Substitute Index Level so determined pursuant to this paragraph (A) of Condition 7(g)(ii) will be the definitive level for that Reference Month.

(B) Cessation of publication

If the Calculation Agent determines that the level for the Inflation Index has not been published or announced for two (2) consecutive months, or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index or the Inflation Index Sponsor otherwise cancels the Inflation Index, then the Calculation Agent shall determine a successor inflation index (the "Successor Inflation Index") (in lieu of any previously applicable Inflation Index) for the purposes of the Inflation Linked Notes by using the following methodology:

(i) if at any time (other than after an early redemption has been designated by the Calculation Agent pursuant to this Condition 7(g)), a successor inflation index has been designated by the calculation agent (or equivalent) pursuant to the terms and conditions of the Related Bond, such successor inflation index shall be designated a "Successor Inflation Index" notwithstanding that any other Successor Inflation Index may previously have been determined under paragraphs (B)(ii), (B)(iii) or (B)(iv) below of Condition 7(g);

(ii) if a Successor Inflation Index has not been determined pursuant to paragraph (B)(i) above of Condition 7(g), and a notice has been given or an announcement has been made by the Inflation Index Sponsor specifying that the Inflation Index will be superseded by a replacement Inflation Index...
Index specified by the Inflation Index Sponsor, and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, such replacement index shall be the Inflation Index for purposes of the Inflation Linked Notes from the date that such replacement Inflation Index comes into effect;

(iii) if a Successor Inflation Index has not been determined pursuant to paragraphs (B)(i) or (B)(ii) above of Condition 7(g), the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Inflation Index should be. If four or five responses are received and, of those four or five responses, three or more leading independent dealers state the same index, this index will be deemed the “Successor Inflation Index”. If three responses are received and two or more leading independent dealers state the same index, this index will be deemed the “Successor Inflation Index”. If fewer than three responses are received or no Successor Inflation Index is determined pursuant to this paragraph (B)(iii) of Condition 7(g), the Calculation Agent will proceed to paragraph (B)(iv) below of Condition 7(g); or

(iv) if no replacement index or Successor Inflation Index has been determined under paragraphs (B)(i), (B)(ii) or (B)(iii) above of Condition 7(g) by the next occurring Cut Off Date, the Calculation Agent, subject as provided below, will determine an appropriate alternative index from such Cut Off Date, and such index will be deemed a “Successor Inflation Index”;

(v) if the Calculation Agent determines that there is no appropriate alternative inflation index to Inflation Linked Interest Notes, the Issuer may redeem the Notes early at the Early Redemption Amount.

(C) Rebasing of the Inflation Index

If the Calculation Agent determines that the Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the "Rebased Index") will be used for the purposes of determining the level of the Inflation Index from the date of such rebasing; provided, however, that the Calculation Agent shall make adjustments as are made by the calculation agent (or equivalent) pursuant to the terms and conditions of the Related Bond, if "Related Bond" is specified as applicable in the applicable Final Terms, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased, or, if "Related Bond" is not specified as applicable in the applicable Final Terms, the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased.

(D) Material modification prior to last occurring Cut Off Date

If, on or prior to the last occurring Cut Off Date, the Inflation Index Sponsor announces that it will make a material change to the Inflation Index then the Calculation Agent shall make any such adjustments, if "Related Bond" is specified as applicable in the applicable Final Terms, consistent with adjustments made to the Related Bond, or, if "Related Bond" is not specified as applicable in the applicable Final Terms, only those adjustments to the Inflation Index necessary for the modified Inflation Index to continue as the Inflation Index.

(E) Manifest Error in Publication

With the exception of any corrections published after the day which is fifteen (15) Business Days prior to the relevant Redemption Determination Date, if, within thirty (30) calendar days of publication, the Calculation Agent determines that the Inflation Index Sponsor has corrected the level of the Inflation Index to remedy a manifest error in its original publication, the Calculation Agent may, in its discretion, make such adjustments to the terms of the Inflation Linked Notes as it determines appropriate to account for the correction and will notify the Noteholders of any such adjustments in accordance with Condition 18(Notices).

(F) Consequences of an Additional Disruption Event

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may at its option:
(a) make any adjustment or adjustments to the payment or any other term or condition of the Notes as the Calculation Agent determines appropriate; and/or

(b) redeem all but not some of the Inflation Linked Notes on the date notified by the Calculation Agent to Noteholders in accordance with Condition 18 (Notices) by payment of the relevant Early Redemption Amount, as at the date of redemption, taking into account the relevant Additional Disruption Event.

(iii) Inflation Index disclaimer

The Notes are not sponsored, endorsed, sold or promoted by the Inflation Index or the Inflation Index Sponsor and the Inflation Index Sponsor does not make any representation whatsoever, whether express or implied, either as to the results to be obtained from the use of the Inflation Index and/or the levels at which the Inflation Index stands at any particular time on any particular date or otherwise. Neither the Inflation Index nor the Inflation Index Sponsor shall be liable (whether in negligence or otherwise) to any person for any error in the Inflation Index and the Inflation Index Sponsor is under no obligation to advise any person of any error therein. The Inflation Index Sponsor is not making any representation whatsoever, whether express or implied, as to the advisability of purchasing or assuming any risk in connection with the Notes. The Issuer shall not have liability to the Noteholders for any act or failure to act by the Inflation Index Sponsor in connection with the calculation, adjustment or maintenance of the Inflation Index. Except as disclosed prior to the Issue Date specified in the applicable Final Terms, neither the Issuer nor its affiliates have any affiliation with or control over the Inflation Index or the Inflation Index Sponsor or any control over the computation, composition or dissemination of the Inflation Index. Although the Calculation Agent will obtain information concerning the Inflation Index from publicly available sources it believes reliable, it will not independently verify this information. Accordingly, no representation, warranty or undertaking (express or implied) is made and no responsibility is accepted by the Issuer, its affiliates or the Calculation Agent as to the accuracy, completeness and timeliness of information concerning the Inflation Index.

(h) Maximum or Minimum Rate of Interest: If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

(i) Calculation of Interest Amount: The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount and multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose, a “sub-unit” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(j) Publication: The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Issuer and the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination, the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
(k) **Notifications etc:** All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

(l) **Benchmark Discontinuation:** If a Benchmark Event occurs in relation to the Reference Rate when the Rate of Interest (or any component part thereof) for any Interest Period remains to be determined by reference to such Reference Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with this Condition 7(l)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 7(l)(cc)) and any Benchmark Amendments (in accordance with Condition 7(l)(dd)).

In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Paying Agents or the Noteholders for any determination made by it pursuant to this Condition 7(l) and the Paying Agents will not be liable for any loss, liability, cost, charge or expense which may arise as a result thereof.

(aa) If (i) the Issuer is unable to appoint an Independent Adviser or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 7(l) prior to the relevant Interest Determination Date, the Reference Rate applicable to the immediate following Interest Period shall be the Reference Rate applicable as at the last preceding Interest Determination Date. If there has not been a First Interest Payment Date, the Reference Rate shall be the Reference Rate applicable to the first Interest Period. For the avoidance of doubt, any adjustment pursuant to this Condition 7(l)(aa) (Benchmark Discontinuation) shall apply to the immediately following Interest Period only. Any subsequent Interest Period may be subject to the subsequent operation of this Condition 7(l).

(bb) If the Independent Adviser determines in its discretion that:

(A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 7(l)(cc)) subsequently be used in place of the Reference Rate to determine the Rate of Interest for the immediately following Interest Period and all following Interest Periods, subject to the subsequent operation of this Condition 7(l) in the event of a further Benchmark Event affecting the Successor Rate; or

(B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 7(l)(cc)) subsequently be used in place of the Reference Rate to determine the Rate of Interest for the immediately following Interest Period and all following Interest Periods, subject to the subsequent operation of this Condition 7(l) in the event of a further Benchmark Event affecting the Alternative Rate.

(cc) If the Independent Adviser determines in its discretion that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall apply to the Successor Rate or the Alternative Rate (as the case may be).

(dd) If any relevant Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 7(l) and the Independent Adviser determines in its discretion (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "Benchmark Amendments") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, following consultation with the Calculation Agent (or the person specified in the applicable Final Terms Pricing Supplement as the party...
responsible for calculating the Rate of Interest and the Interest Amount(s)), subject to
giving notice thereof in accordance with Condition 7(l)(ee), without any requirement
for the consent or approval of relevant Noteholders, vary these Conditions to give effect
to such Benchmark Amendments with effect from the date specified in such notice (and
for the avoidance of doubt, the Paying Agents shall, at the direction and expense of the
Issuer, consent to and effect such consequential amendments to the Agency Agreement
and these Conditions as may be required in order to give effect to this Condition 7(l)).

(ee) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any
Benchmark Amendments, determined under this Condition 7(l) will be notified promptly by the Issuer to the Paying Agents and the Calculation Agent, and in accordance with Condition 18 (Notices), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

(ff) No later than notifying the Paying Agents of the same, the Issuer shall deliver to the
Paying Agents a certificate signed by two authorised signatories of the Issuer:

(A) confirming (x) that a Benchmark Event has occurred, (y) the relevant Successor
Rate, or, as the case may be, the relevant Alternative Rate and, (z) where applicable, any relevant Adjustment Spread and/or the specific terms of any
relevant Benchmark Amendments, in each case as determined in accordance
with the provisions of this Condition 7(l); and

(B) certifying that the relevant Benchmark Amendments are necessary to ensure the
proper operation of such relevant Successor Rate, Alternative Rate and/or
Adjustment Spread.

(gg) The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the
Benchmark Amendments (if any) specified in such certificate will (in the absence of
manifest error or bad faith in the determination of such Successor Rate or Alternative
Rate and such Adjustment Spread (if any) and such Benchmark Amendments (if any))
be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agents
and the Noteholders.

(hh) As used in this Condition 7(l):

“Adjustment Spread” means either a spread (which may be positive or negative), or
the formula or methodology for calculating a spread, in either case, which the
Independent Adviser determines is required to be applied to the relevant Successor Rate
or the relevant Alternative Rate (as the case may be) and is the spread, formula or
methodology which:

(A) in the case of a Successor Rate, is formally recommended, or formally provided
as an option for parties to adopt, in relation to the replacement of the Reference
Rate with the Successor Rate by any Relevant Nominating Body; or

(B) (if no such recommendation has been made, or in the case of an Alternative
Rate), the Independent Adviser, determines is customarily applied to the
relevant Successor Rate or Alternative Rate (as the case may be) in international
debt capital markets transactions to produce an industry-accepted replacement
rate for the Reference Rate; or

(C) (if no such recommendation has been made, or in the case of an Alternative
Rate) the Independent Adviser determines, is recognised or acknowledged as
being the industry standard for over-the-counter derivative transactions which
reference the Reference Rate, where such rate has been replaced by the
Successor Rate or the Alternative Rate (as the case may be); or

(D) (if the Independent Adviser determines that no such industry standard is
recognised or acknowledged) the Independent Adviser determines to be
appropriate to reduce or eliminate, to the extent reasonably practicable in the
circumstances, any economic prejudice or benefit (as the case may be) to
Noteholders as a result of the replacement of the Reference Rate with the Successor Rate or the Alternative Rate (as the case may be).

"Alternative Rate" means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with Condition 7(l)(ii) is customary in market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant component part thereof) in the Specified Currency.

"Benchmark Event" means:

(A) the relevant Reference Rate has ceased to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered; or

(B) a public statement by the administrator of the relevant Reference Rate that (in circumstances where no successor administrator has been or will be appointed that will continue publication of such Reference Rate) it has ceased publishing such Reference Rate permanently or indefinitely or that it will cease to do so by a specified future date (the "Specified Future Date"); or

(C) a public statement by the supervisor of the administrator of the relevant Reference Rate that such Reference Rate has been or will, by a specified future date (the "Specified Future Date"), be permanently or indefinitely discontinued; or

(D) a public statement by the supervisor of the administrator of the relevant Reference Rate that means that such Reference Rate will, by a specified future date (the "Specified Future Date"), be prohibited from being used or that its use will be subject to restrictions or adverse consequences, either generally or in respect of the Notes; or

(E) a public statement by the supervisor of the administrator of the relevant Reference Rate (as applicable) that, in the view of such supervisor, (i) such Reference Rate is no longer representative of an underlying market or (ii) the methodology to calculate such Reference Rate has materially changed; or

(F) it has or will, by a specified date within the following six months, become unlawful for the Calculation Agent to calculate any payments due to be made to any Noteholder using the relevant Reference Rate (as applicable) (including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, if applicable).

Notwithstanding the sub-paragraphs above, where the relevant Benchmark Event is a public statement within sub-paragraphs (B), (C) or (D) above and the Specified Future Date in the public statement is more than six months after the date of that public statement, the Benchmark Event shall not be deemed occur until the date falling six months prior to such Specified Future Date.

"Benchmark Amendments" has the meaning given to it in Condition 7(l)(dd).

"Independent Adviser" means an independent financial institution of international repute or other independent financial adviser experienced in the international capital markets, in each case appointed by the Issuer at its own expense under Condition 7(l).

"Relevant Nominating Body" means, in respect of a benchmark or screen rate (as applicable):

(A) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
(B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof.

"Successor Rate" means a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body.

(a) Application: This Condition 8 (Zero Coupon Note Provisions) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.

(b) Late payment on Zero Coupon Notes: If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

(i) the Reference Price; and

(ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

9. Redemption and Purchase

(a) Scheduled redemption: Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date or, in case Condition 9(b) (Redemption by Instalments) applies its final Instalment Amount on the final Instalment Date, or, in the case of each Note which is an Inflation Linked Redemption Note, determined in accordance with Condition 9(h) (Calculation of Inflation Linked Redemption) in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms subject in each case as provided in Condition 10 (Payments).

See Condition 9(g) (Redemption of Inflation Linked Notes) and Condition 9(h) (Calculation of Inflation Linked Redemption) in relation to each Note which is an Inflation Linked Redemption Note.

(b) Redemption by Instalments: If the Redemption by Instalments is specified in the relevant Final Terms as being applicable, unless previously redeemed, purchased and cancelled as provided in this Condition 9, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the relevant Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relates to such Instalment Amount.

(c) Redemption for tax reasons: The Notes may be redeemed at the option of the Issuer in whole, but not in part:

(i) at any time (if neither the Floating Rate Note nor Inflation Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable); or
(ii) on any Interest Payment Date (if the Floating Rate Note or Inflation Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant final terms, (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

(A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 11 (Taxation) as a result of any change in, or amendment to, the laws or regulations of the Republic of Italy or any political subdivision or any authority or agency thereof or therein having power to tax, or any change in the application or official interpretation or administration of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes; and

(B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

(1) where the Notes may be redeemed at any time, 90 days (or such other period as may be specified in the relevant final terms) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due; or

(2) where the Notes may be redeemed only on an Interest Payment Date, 60 days (or such other period as may be specified in the relevant final terms) prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent (A) a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (B) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 9(c), the Issuer shall be bound to redeem the Notes in accordance with this Condition 9(c).

(d) **Redemption at the option of the Issuer**: If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant final terms, (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

(e) **Partial redemption**: If the Notes are to be redeemed in part only on any date in accordance with Condition 9(d) (Redemption at the option of the Issuer), the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 9(d) (Redemption at the option of the Issuer) shall specify the serial numbers of the Notes so to be redeemed. If any Maximum Redemption Amount or Minimum Redemption
Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.

(f) **Redemption at the option of Noteholders**: If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accruing to such date. In order to exercise the option contained in this Condition 9(f), the holder of a Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put) (or such other period(s) as may be specified in the relevant final terms), deposit with any Paying Agent such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall immediately notify the Issuer and shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 9(f), may be withdrawn; provided, however, that if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notice thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 9(f), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.

(g) **Redemption at the option of Noteholders upon a Change of Control Put Event**: If at any time while the Notes remain outstanding a Change of Control Put Event occurs, the holder of any Note will have the option (unless, prior to the giving of the Change of Control Put Notice referred to below, the Issuer gives notice to redeem the Notes in accordance with Condition 9(c) (Redemption for tax reasons)) to require the Issuer to redeem such Note on the Change of Control Redemption Amount together with interest accrued to, but excluding, the Change of Control Put Date.

If a Change of Control Put Event occurs, the Issuer shall, within 14 days of the occurrence of such Change of Control Put Event, give notice (a “Change of Control Notice”) to the Noteholders in accordance with Condition 18 (Notices) specifying the nature of the Change of Control and the procedure for exercising the option contained in this Condition 9(g).

To exercise the right to require redemption of this Note, the holder of this Note must deliver this Note at the specified office of the Paying Agent at any time during the normal business hours of such Paying Agent falling within the period (the “Change of Control Put Period”) of 45 days after that on which a Change of Control Notice is given, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of the Paying Agent (a “Change of Control Put Notice”) and in which the holder must specify a bank account to which payment is to be made under this Condition. All unmatured coupons shall be dealt with in accordance with the provisions of Condition 10 (Payments). The Paying Agent to which such Note and Change of Control Put Notice are delivered will issue to the holder concerned a non-transferable receipt (a “Change of Control Put Receipt”) in respect of the Note so delivered. The Issuer shall redeem the Notes in respect of which Change of Control Put Receipt have been issued on the date (the “Change of Control Put Date”) being the fifteenth day after the date of expiry of the Change of Control Put Period, unless previously redeemed and purchased. Payment in respect of any Note will be made on the Change of Control Put Date by transfer to the bank account (if any) specified in the Change of Control Put Notice and, in every other case on or after the Change of Control Put Date, in each case against presentation and surrender or (as the case may be) endorsement of such Change of Control Put Receipt at the specified office of any Paying Agent in accordance with the provisions of this Condition 9(g).

For the purposes of these Conditions:

A “Change of Control” will be deemed to occur if the Italian Ministry of Economy and Finance (**Ministero dell'economia e delle finanze**) (“MEF”) ceases to own either directly and/or indirectly (through any arm or body of the Italian State or any company directly or indirectly controlled by MEF) a
shareholding which entitles MEF to have the majority of the voting rights in the ordinary and extraordinary shareholders' meetings of the Issuer, both at the first and second summoning (convocazione).

A "Change of Control Put Event" shall be deemed to occur if:

(a) Change of Control occurs; and

(b) if at the time of the Change of Control, the Notes carry a credit rating which is either:

(i) an investment grade credit rating (BBB-/Baa3/BBB-, or equivalent, or better), and such credit rating is, within 90 days of the occurrence of the Change of Control, either downgraded to a non-investment grade credit rating (BB+/Ba1/BB+, or equivalent, or worse) or withdrawn and is not, within such 90-day period, subsequently (in the case of a downgrade) upgraded to an investment grade credit rating by such Rating Agency or (in the case of a withdrawal) replaced by an investment grade credit rating from any other Rating Agency; or

(ii) a non-investment grade credit rating (BB+/Ba1/BB+, or equivalent, or worse), and such credit rating is, within 90 days of the occurrence of the Change of Control, either downgraded by one or more notches (for illustration, Ba1 to Ba2 being one notch) or withdrawn and is not, within such 90-day period, subsequently (in the case of a downgrade) upgraded to its earlier credit rating or better by such Rating Agency or (in the case of a withdrawal) replaced by an equivalent credit rating or better from any other Rating Agency.

For the avoidance of doubt, paragraph (b) above shall only apply in the event the Notes carry a credit rating from any Rating Agency at the time of the Change of Control.

(c) No other redemption: The Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) to (g) above.

(d) Early redemption of Zero Coupon Notes: Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:

(i) the Reference Price; and

(ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 9(d) or, if none is so specified, a Day Count Fraction of 30E/360.

(e) Purchase: The Issuer or any of its Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, provided that all unmatured Coupons are purchased therewith.

(f) Cancellation: All Notes so redeemed or purchased by the Issuer or any of its Subsidiaries and any unmatured Coupons attached to or surrendered with them may be cancelled and may not be reissued or resold.

(g) Redemption of Inflation Linked Notes

In respect of Inflation Linked Notes, the Calculation Agent will calculate such Final Redemption Amount or Early Redemption Amount (as the case may be) promptly after each time such amount is capable of being determined and will notify the Agent thereof promptly after calculating the same. The Agent will promptly thereafter notify the Issuer and any stock exchange on which the
Notes are for the time being listed thereof and cause notice thereof to be published in accordance with Condition 18 (Notices).

(h) **Calculation of Inflation Linked Redemption**

The Final Redemption Amount payable in respect of each Note that is an Inflation Linked Redemption Note shall be determined by the Calculation Agent on the Redemption Determination Date (utilising the DIR(t) value applicable to the Final Redemption Amount) in accordance with the following formula:

\[
\text{Final Redemption Amount} = \text{Specified Denomination} + \max \{100\% \cdot [\text{Redemption Amount Multiplier}] \cdot (\text{DIR}(t)/\text{DIR}(0))\}
\]

The result of DIR(t) divided by DIR(0) shall be rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards and the Final Redemption Amount shall be rounded (if necessary) to the nearest euro cent with half a euro cent being rounded upwards.

The Early Redemption Amount payable in respect of each Note that is an Inflation Linked Interest Note or an Inflation Linked Redemption Note shall be the sum of (i) a principal amount determined by the Calculation Agent promptly after the time the Early Redemption Amount is capable of being determined in accordance with the formula set out above, provided that the reference to "Final Redemption Amount" shall be replaced by a reference to "Early Redemption Amount" and the DIR(t) value applicable to the Early Redemption Amount shall be utilised (subject to the amount of principal payable on such Notes being equal to at least 100% of the nominal value of the Notes); and (ii) interest accrued but unpaid in respect of the period from, and including, the most recent Interest Payment Date to, but excluding, the date for redemption of the Notes where the Rate of Interest for such period shall be calculated in accordance with the applicable Final Terms.

Defined terms used in this Condition shall have the same meanings as set out in Condition 7(f) (Rate of Interest - Inflation Linked Interest Notes) provided that, "DIR(t)" means the value of the Inflation Index for (i) in the case of the calculation of the Final Redemption Amount, the Maturity Date and (ii) in the case of the calculation of the Early Redemption Amount, the date for redemption of the Notes, in each case calculated in accordance with the following formula where month "t" is the month and year of the Maturity Date in the case of (i) above and the month and year in which the date for redemption falls in the case of (ii) above:

\[
\text{DIR}(t) = \text{Inflation Index}(t - \text{Lookback Period 1}) + \text{Inflation Index}(t - \text{Lookback Period 2}) \cdot \text{Inflation Index}(t, \text{Lookback Period 1}) \cdot \frac{\text{DayOfMonth 1}}{\text{DaysInMonth}}
\]

Rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards.

If the date for redemption occurs prior to the first Interest Payment Date, a pro rata proportion of the amount equal to the product of the Initial Ratio Amount multiplied by DIR(t)/DIR(0) shall be added to the relevant Interest Amount (in respect of the period from and including the Interest Commencement Date to but excluding the date of redemption of the Notes) (such sum shall be rounded (if necessary) to the nearest euro cent with half a euro cent being rounded upwards).

"Redemption Amount Multiplier" has the meaning given to it in the applicable Final Terms, provided that if Redemption Amount Multiplier is specified as "Not Applicable", the Redemption Amount Multiplier shall be deduced to be equal to 100%.

The provisions of Condition 7(g) (Inflation Linked Note Provisions) shall apply mutatis mutandis.

10. **Payments**

(a) **Principal**: Payments of principal shall be made only against presentation and (provided that payment is made in full) surrender of Notes at the Specified Office of any Paying Agent outside the United States by transfer to an account designated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.
(b) **Interest**: Payments of interest shall, subject to paragraph (h) below, be made only against presentation and (provided that) payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in paragraph (a) above.

(c) **Payments in New York City**: Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.

(d) **Payments subject to fiscal laws**: All payments in respect of the Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 11 (Taxation); and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 or otherwise imposed pursuant to Sections 1471 through 1474 of that Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) **Deductions for unmatured Coupons**: If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Note is presented for payment on redemption without all unmatured Coupons relating thereto:

(i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; provided, however, that if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;

(ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:

(A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "Relevant Coupons") being equal to the amount of principal due for payment; provided, however, that where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and

(B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; provided, however, that if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (provided that payment is made in full) surrender of the relevant missing Coupons.

(f) **Unmatured Coupons void**: If the relevant Final Terms specifies that this Condition 10(f) is applicable or that the Floating Rate Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 9(c) (Redemption for tax reasons), Condition 9(f) (Redemption at the option of Noteholders),
Condition 9(d) (*Redemption at the option of the Issuer*), Condition 9(g) (*Redemption at the option of Noteholders upon a Change of Control Put Event*) or Condition 12 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.

(g) **Payments on business days**: If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day in the place of presentation, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.

(h) **Payments other than in respect of matured Coupons**: Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by paragraph (c) above).

(i) **Partial payments**: If a Paying Agent makes a partial payment in respect of any Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.

(j) **Exchange of Talons**: On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Fiscal Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 13 (*Préscription*)). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

11. **Taxation**

(a) **Gross up**: All payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Republic of Italy or any political subdivision therein or any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Note or Coupon presented for payment:

(i) in the Republic of Italy;

(ii) by or on behalf of a holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the jurisdiction by which such taxes, duties, assessments or charges have been imposed, levied, collected, withheld or assessed other than the mere holding of the Note or Coupon; or

(iii) in the event of payment to a non-Italian resident legal entity or a non-Italian resident individual, to the extent that interest or other amounts are paid to a non-Italian resident legal entity or a non-Italian resident individual which is not resident in a country which allows for a satisfactory exchange of information with the Italian authorities (the "White List States") as listed in the Italian Ministerial Decree dated 4 September 1996, as amended from time to time; or

(iv) by, or on behalf of, a holder who is entitled to avoid such withholding or deduction in respect of such Note or Coupon, by making a declaration or any other statement to the relevant tax authority, including but not limited to, a declaration of residence or non-residence or other similar claim for exemption; or
(v) more than 30 days after the Relevant Date except to the extent that the holder of such Note or Coupon would have been entitled to such additional amounts on presenting such Note or Coupon for payment on the last day of such period of 30 days; or

(vi) in relation to any payment or deduction of any interest, premium or other proceeds of any Note, or Coupon on account of *imposta sostitutiva* pursuant to Italian Legislative Decree No. 239 of 1 April 1996, as amended from time to time, except where the requirements and procedures set forth in Legislative Decree No. 239 of 1 April 1996, as amended, have not been met or complied with due to the actions or omissions of the Issuer; or

(vii) in respect of any Note where such withholding or deduction is required pursuant to Italian Law Decree No. 512 of 30th September 1983, converted into Law No. 649 of 25 November 1983 as amended from time to time.

(b) **Taxing jurisdiction:** If the Issuer becomes subject at any time to any taxing jurisdiction other than the Republic of Italy, references in these Conditions to the Republic of Italy shall be construed as references to the Republic of Italy and/or such other jurisdiction. Notwithstanding any other provision in these Conditions, the Issuer shall be entitled to withhold and deduct any amounts required to be deducted or withheld pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), or otherwise imposed pursuant to (i) any regulations thereunder or official interpretations thereof, or (ii) an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof, or (iii) any law implementing such an intergovernmental agreement (any such withholding or deduction, a "FATCA Withholding"), and no person shall be required to pay any additional amounts in respect of FATCA Withholding.

12. **Events of Default**

If any of the following events occurs and is continuing:

(a) **Non-payment:** if default is made by the Issuer in the payment of any principal or interest due in respect of the Notes or any of them and the default continues for a period of 7 days in the case of principal and 14 days in the case of interest; or

(b) **Breach of other obligations:** the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes and such default remains unremedied for 30 days after written notice thereof, addressed to the Issuer by any Noteholder, has been delivered to the Issuer or to the Specified Office of the Fiscal Agent; or

(c) **Cross-default of Issuer or Material Subsidiary**

(i) any Indebtedness of the Issuer or any of its Material Subsidiaries is not paid when due or (as the case may be) within any originally applicable grace period; or

(ii) any Indebtedness of the Issuer or any of its Material Subsidiaries becomes due and payable prior to its stated maturity otherwise than at the option of the Issuer or (as the case may be) the relevant Material Subsidiary or (provided that no event of default, however described, has occurred) any Person entitled to such Indebtedness; or

(iii) the Issuer or any of its Material Subsidiaries fails to pay when due any amount payable by it under any Guarantee of any Indebtedness,

provided that no such event shall constitute an event of default so long as and to the extent that the Issuer or the relevant Material Subsidiary is contesting in a recognised court and/or jurisdiction, in good faith, that the relevant Indebtedness or Guarantee of any Indebtedness shall be due or enforceable, as appropriate, and provided further that the amount of Indebtedness referred to in sub-paragraph (i) and/or sub-paragraph (ii) above and/or the amount payable under any Guarantee referred to in sub-paragraph (iii) above individually or in the aggregate exceeds €100,000,000 (or its equivalent in any other currency or currencies); or
(d) **Contratti di Programma:** any of the Contratti di Programma expires and is not renewed (on substantially the same terms) within 12 months of its expiry (or is otherwise terminated), unless the parties thereto continue to perform the relevant obligations therein on materially the same terms, and unless it is replaced by any other instrument, contract, memorandum of understanding, document or agreement of any nature, law or regulation having the same effects thereto on the Group; or

(e) **Unsatisfied judgment:** the Issuer fails to pay, for a period of 60 days after the date(s) of receipt of notice or, if later, the date therein specified for payment, one or more final judgment(s) or order(s) of a court of competent jurisdiction rendered against the Issuer for the payment in excess of €500,000,000 (or its equivalent in any other currency or currencies), provided that no such event shall constitute an event of default so long as and to the extent that the Issuer is contesting in a recognised court or jurisdiction, in good faith, that the relevant amount shall not be due or enforceable, as appropriate, within 60 days of receiving notice of the final judgement or order and such final judgement or order is subsequently discharged within 180 days, commencing on the date on which the Issuer commences the proceedings in the recognised court or jurisdiction; or

(f) **Insolvency:** (i) the Issuer or any of its Material Subsidiaries is adjudicated or becomes insolvent or is unable to pay its debts as they fall due, or (ii) an administrator or liquidator of the Issuer or any of its Material Subsidiaries or the whole or a substantial part of the undertaking, assets and revenues of the Issuer or any of its Material Subsidiaries is appointed (or application for any such appointment is made) where a “substantial part” of the Issuer’s or any of its Material Subsidiaries’ business means a part of the Issuer’s or any of its Material Subsidiaries’ business which accounts for 25% or more of, alternatively, the Group’s Consolidated Assets or Consolidated Revenues, or (iii) the Issuer or any of its Material Subsidiaries takes any action for judicial composition proceedings with its creditors or the appointment of an administrator, liquidator, receiver, administrative receiver or other similar official in insolvency proceedings or makes a general assignment or an arrangement or composition with or for the benefit of its creditors or declares a moratorium in respect of any of its Indebtedness or any Guarantee of any Indebtedness given by it, provided that, in respect of (i) and (ii) above only, no such event shall constitute an event of default so long as and to the extent that the Issuer is contesting such adjudication or appointment in a recognised court or jurisdiction, in good faith within 60 days of such adjudication or appointment and such adjudication or appointment is subsequently discharged within 180 days, commencing on the date on which the Issuer commences the proceedings in the recognised court or jurisdiction; or

(g) **Cessation of business:** the Issuer or any of its Material Subsidiaries ceases or threatens to cease to carry on all or any substantial part of its business, save for the purposes of or pursuant to, a Permitted Reorganisation, where a “substantial part” of the Issuer’s or any of its Material Subsidiaries’ business means a part of the relevant entity’s business which accounts for 25% or more of, alternatively, the Group’s Consolidated Assets or Consolidated Revenues; or

(h) **Winding up:** an order is made or an effective resolution is passed for the winding up, liquidation or dissolution of the Issuer or any of its Material Subsidiaries, save for the purposes of or pursuant to, a Permitted Reorganisation; or

(i) **Analogous event:** any event occurs which under the laws of the Republic of Italy has an analogous effect to any of the events referred to in paragraphs (f) to (h) above; or

(j) **Unlawfulness:** it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes, then any Note may, by written notice addressed by the holder thereof to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, be declared immediately due and payable, whereupon it shall become immediately due and payable at its Early Termination Amount together with accrued interest (if any) without further action or formality.
13. **Prescription**

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

14. **Replacement of Notes and Coupons**

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent (and, if the Notes are then admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system), subject to all applicable laws and competent authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

15. **Agents**

In acting under the Agency Agreement and in connection with the Notes and the Coupons, the Paying Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders or Couponholders.

The initial Paying Agents and their initial Specified Offices are listed below. The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint a successor fiscal agent or Calculation Agent and additional or successor paying agents; provided, however, that:

(a) the Issuer shall at all times maintain a Fiscal Agent; and

(b) if a Calculation Agent is specified in the relevant Final Terms, the Issuer shall at all times maintain a Calculation Agent; and

(c) if and for so long as the Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system.

Notice of any change in any of the Paying Agents or in their Specified Offices shall promptly be given to the Noteholders.

16. **Meetings of Noteholders; Modification and Waiver**

(a) **Meetings of Noteholders**: all meetings of the Noteholders will be held in accordance with applicable provisions of Italian law in force at the time. The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions. Any such modification may be made if sanctioned by a Resolution. Any such meeting may be convened by the directors of the Issuer or the Noteholders’ Representative (as defined below) at their discretion and by the Issuer, subject to mandatory provisions of Italian law applicable from time to time, at the request in writing signed by the holders of not less than one-twentieth in aggregate principal amount of the Notes for the time being outstanding. If the Issuer defaults in convening such a meeting following such request or requisition by the Noteholders representing not less than one-twentieth in aggregate principal amount of the Notes outstanding, the same may be convened by decision of the President of the competent court upon request by such Noteholders in accordance with the provisions of Article 2367 of the Italian Civil Code. Every such meeting shall be held at such time and place in which the registered office of the Issuer is situated, unless its by-laws provide differently, as provided pursuant to Article 2363 of the Italian Civil Code. The quorum required at any such meeting will be (subject to compliance with mandatory laws, legislation, rules and regulations of Italy in force from time to time) (a) in the case of a first meeting, one or more persons present being or representing Noteholders and holding more than one half of the
aggregate principal amount of the outstanding Notes; (b) in the case of an adjourned meeting, one or more persons present being or representing Noteholders and holding more than one third of the aggregate principal amount of the outstanding Notes or for voting on any of the proposal referred to a Reserved Matter (as defined below), one half of the aggregate principal amount of the outstanding Notes. The majority required to pass a resolution will be (subject to compliance with mandatory laws, legislation, rules and regulations of Italy in force from time to time): in the case of a first meeting, a vote in favour by one or more persons holding or representing more than one half of the aggregate principal amount of the Notes for the time being outstanding and (b) in the case of an adjourned meeting, a vote in favour by one or more persons holding or representing at least two thirds of the aggregate principal amount of the Notes for the time being outstanding represented at the meeting provided, however, that (A) certain proposals, as set out in Article 2415 of the Italian Civil Code (including any proposal to modify the maturity of the Notes or the dates on which interest is payable on them; to reduce or cancel the principal amount of, or interest on, the Notes; or to change the currency of payment of the Notes) (each a "Reserved Matter"), may only be sanctioned by a resolution passed at meeting (including any adjourned meeting) of Noteholders by one or more persons holding or representing not less than one half of the principal amount of the Notes for the time being outstanding, provided that the Issuer's by-laws may in each case (to the extent permitted under applicable Italian law) provide for higher majorities. Any resolution duly passed at any such meeting by the Noteholders will be binding on all Noteholders, whether or not they are present at any meeting, and on all Couponholders.

(b) **Noteholders' Representative**: a representative of the Noteholders (rappresentante comune) (the "Noteholders' Representative"), subject to applicable provisions of Italian law, may be appointed pursuant to Article 2417 of the Italian Civil Code in order to represent the Noteholders' interests under these Conditions and to give effect to resolutions passed at a meeting of the Noteholders. If the Noteholders' Representative is not appointed by a resolution of such Noteholders, the Noteholders' Representative shall be appointed by a decree of the court where the Issuer has its registered office at the request of one or more Noteholders or at the request of the directors of the Issuer. The Noteholders' Representative shall remain appointed for a maximum period of three years but may be reappointed again thereafter.

(c) **Modification**: the Notes and these Conditions may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

17. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

18. **Notices**

Notices to Noteholders shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) and, if the Notes are admitted to the Official List of Euronext Dublin and/or admitted to trading on the regulated market of Euronext Dublin, if filed within the Companies Announcement Office of Euronext Dublin or published in a leading English language daily newspaper of general circulation in the Republic of Ireland and approved by Euronext Dublin (which is expected to be the *Irish Times*). Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders.

19. **Currency Indemnity**

If any sum due from the Issuer in respect of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the "first currency") in which the same
is payable under these Conditions or such order or judgment into another currency (the "second currency") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

20. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005% being rounded up to 0.00001%), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

21. **Governing Law and Jurisdiction**

(a) **Governing law**: The Notes and any non-contractual obligations arising out of or in connection with the Notes are governed by English law.

(b) **English courts**: The courts of England have exclusive jurisdiction to settle any dispute (a "Dispute") arising out of or in connection with the Notes (including any non-contractual obligation arising out of or in connection with the Notes).

(c) **Appropriate forum**: The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

(d) **Rights of the Noteholders to take proceedings outside England**: Condition 21(b) (English courts) is for the benefit of the Noteholders only. As a result, nothing in this Condition 21 (Governing law and jurisdiction) prevents any Noteholder from taking proceedings relating to a Dispute ("Proceedings") in any other courts with jurisdiction. To the extent allowed by law, Noteholders may take concurrent Proceedings in any number of jurisdictions.

(e) **Process agent**: The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to Law Debenture Corporate Services Limited at Fifth Floor, 100 Wood Street, London EC2V 7EX, United Kingdom or, if different, its registered office for the time being or at any address of the Issuer in Great Britain at which process may be served on it in accordance with the Companies Act 2006. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of any Noteholder addressed and delivered to the Issuer or to the Specified Office of the Fiscal Agent appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent. Nothing in this paragraph shall affect the right of any Noteholder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

(f) **Waiver of immunity**: To the extent that the Issuer may in any jurisdiction claim for itself or its assets or revenues immunity from suit, execution, attachment (whether in aid of execution, before
judgment or otherwise) or other legal process and to the extent that such immunity (whether or not claimed) may be attributed in any such jurisdiction to the Issuer or its assets or revenues, the Issuer agrees not to claim and irrevocably waives such immunity to the full extent permitted by the laws of such jurisdiction.
FORM OF FINAL TERMS

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS] – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("MiFID II"); or (ii) a customer within the meaning of Directive 2016/97/EU (the "Insurance Distribution Directive "), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPS Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

[PROHIBITION OF SALES TO UK RETAIL INVESTORS] – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPS Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPS Regulation.

[MIFID II Product Governance / Professional investors and ECPs only target market] – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, "MiFID II")][MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [Consider any negative target market] Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer’s target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels.

[UK MiFIR product governance / Professional investors and ECPs only target market] – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("COBS"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("UK MiFIR"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [Consider any negative target market] Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer’s target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels.

[Singapore Securities and Futures Act Product Classification] – Solely for the purposes of its obligations pursuant to Sections 309B(1)(a) and 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore as modified or amended from time to time, the "SFA"), the Issuer has determined, and hereby notifies all relevant

**SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM**

**Clearing System Accountholders**

Each Global Note will be in bearer form. Consequently, in relation to any Tranche of Notes represented by a Global Note, references in the Terms and Conditions of the Notes to "Noteholder" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an "Accountholder") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the bearer of the Global Note.

**Conditions applicable to Global Notes**

Each Global Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note. The following is a summary of certain of those provisions:

**Payments**: All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuer shall procure that in respect of a CGN the payment is noted in a schedule thereto and in respect of an NGN the payment is entered pro rata in the records of Euroclear and Clearstream, Luxembourg.

**Payment Business Day**: In the case of a Global Note, notwithstanding the definition contained in Condition 2(a) (Definitions), "Payment Business Day" shall mean: if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

**Exercise of put option**: In order to exercise the option contained in Condition 9(f) (Redemption at the option of Noteholders) or Condition 9(g) (Redemption at the option of Noteholders upon a Change of Control Put Event), the bearer of the Permanent Global Note must, within the period specified in the Conditions for the deposit of the relevant Note and put notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

**Partial exercise of call option**: In connection with an exercise of the option contained in Condition 9(d) (Redemption at the option of the Issuer) in relation to some only of the Notes, the Permanent Global Note may be redeemed in part in the principal amount specified by the Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion).

**Notices**: Notwithstanding Condition 18 (Notices), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed
to have been given to the Noteholders in accordance with Condition 18 (Notices) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.
USE OF PROCEEDS

The net proceeds of the issue of the Notes will be applied by the Issuer for the general finance purposes of the Group, with particular focus on:

(i) high speed capex in infrastructure and rolling stock; and

(ii) *inter alia*, works, plants, and/or networks, and/or the procurement of assets relating to the rail and road local public transport service, and/or freight transport rolling stock, and/or the construction and management of railway networks;

as well as for any other purpose specified in the applicable Final Terms, including Eligible Green Projects, Eligible Social Projects or a combination of Eligible Green Projects and Eligible Social Projects, as applicable.

According to the definition criteria set out by the International Capital Market Association ("ICMA") green bond principles ("Green Bond Principles"), only Tranches of Notes financing or refinancing Eligible Green Projects, will be denominated "Green Bonds".

Eligible Green Projects have been defined in accordance with the broad categorisation of eligibility for green projects set out by the ICMA Green Bond Principles. In accordance with the ICMA Green Bond Principles, the Issuer has published on its institutional website its framework relating to investments in Eligible Green Projects (the "FS Green Bond Framework").

For the purposes of this section:

"Eligible Green Projects" means projects with a positive impact in terms of, as the case may be, environmental and social sustainability, in accordance with the broad categorisation of eligibility for green projects set out by ICMA, which prior to the relevant Issue Date will be disclosed in the FS Green Bond Framework as approved by the Issuer and verified by a reputed sustainability rating agency.

The FS Green Bond Framework will be available on the Issuer's website page https://www.fsitaliane.it/content/fsitaliane/it/investor-relations/debito-e-credit-rating/green-bond-framework.html.
DESCRIPTION OF THE ISSUER

History and Development

Ferrovie dello Stato Italiane S.p.A. ("FS", "FS Italiane", or the "Issuer" and together with its subsidiaries, the "Group" or "FS Group") is the holding company of the Italian railway group, which is active in the field of passenger and freight transport (mainly by rail) and related services. Among other things, FS controls the railway infrastructure manager RFI, the road infrastructure manager Anas as well as the railway undertaking Trenitalia, which are subsidiaries of FS.

Pursuant to Law n. 137 of 22 April 1905 which entrusted the management and ownership of most railway services, once privatised, to the Italian State (the "State"), FS was established on 21 April 1905 through the nationalisation of three private companies in operation in Italy since 1839. On 12 August 1992, FS became a joint-stock company which was wholly owned by the State via the MEF. In accordance with Article 4 of the Articles of Association currently in force (the "Articles of Association"), FS is incorporated, domiciled and operating under the laws of Italy (the Italian civil code and specific legislation in addition to the Articles of Association) for a period up to 31 December 2100 (which may be extended or decreased by a resolution passed at an extraordinary shareholders' meeting).

Purpose of the Issuer

According to Article 3 of the Articles of Association, the objectives of FS include the:

(a) construction and management of the infrastructure network for rail, road and motorway transportation at a domestic and international level;

(a) operation of any transport services, including by air, of passengers and freight, at domestic and/or international level, including the promotion, implementation, and management of initiatives and services in the transportation field; and

(b) performance of any other connected and instrumental activities related directly or indirectly to those mentioned above, including activities related to customer services and those aimed at the enhancement of assets for the operation of (a) and (b) above.

Registered Office

The registered office of FS is at Piazza della Croce Rossa 1, Rome, Italy, Fiscal Code and Registration with the Company Register of Rome No. 06359501001. Its telephone number is +39 06 441101.

Issuer's website

The website of the Issuer is https://www.fsitaliane.it/content/fsitaliane/en.html. The information on the website of the issuer does not form part of this Base Prospectus, unless expressly incorporated by reference into this Base Prospectus.

Financial Year

The Issuer's financial year starts on 1 January and ends on 31 December of each year.

Major shareholders

The Issuer is a wholly-owned subsidiary of the MEF.

Organisational Structure

EC Directive 91/440/EEC on the development of railways (subsequently amended by EC Directive 2001/12/EC of 26 February 2001) as implemented by law D.P.R. 8 July 1998 n. 277 and Legislative Decree 8 July 2003 n. 188 ("Decree 188/2003"), established the guidelines for the restructuring of the Italian national rail system. These EC Directives emphasised the need to separate rail infrastructure management from the provision of transport services. Following these legislative developments, the Group initiated a reorganisation program in 1998 by creating the infrastructure division. In May 1999, the Group set up three additional divisions to manage the medium and long-distance passenger transport, freight transport and local transport. The reorganization continued
with the establishment in June 2000 of Trenitalia, a passenger and freight transport company, which was completed on 1 July 2001.

Since 2001, infrastructure maintenance (through RFI) and railway undertakings (through Trenitalia) have operated as separate companies within the Group.
The current Group structure as of the date of this Base Prospectus is outlined below:

Transport Services

Within the macro-sector of transport services, the Group operates primarily through Trenitalia and its subsidiaries (which include Netinera Deutschland and TrainOSE).

Other Group subsidiaries active in the transport services sector are Busitalia Group, the Mercitalia Hub – which operates the freight transport- and Ferrovie del Sud Est e Servizi Automobilistici S.r.l. (“FSE”).

Trenitalia (100 per cent. owned by FS) is the passenger transport company of the Group and consists of two business areas: passengers/medium and long distance routes (domestic and international) and passengers/local transport (commuter, regional and inter-regional).

In 2020, Trenitalia recorded negative results, reporting a net loss of Euro 423.1 million, while for the previous year ended 31 December 2019, Trenitalia recorded a positive result, with a net profit of Euro 385.1 million. This was the direct consequence of the significant economic impacts of the public health emergency caused by COVID-19. 2020 EBITDA decreases from Euro 1,626.9 million in 2019 to Euro 826.7 million in 2020, (−49.1%) and 2020 EBIT came to Euro −208.2 million, down by the previous year (Euro 524.5 million).

Through the Long-Haul Passenger Division, Trenitalia provides mobility services for passengers at national and international level. The services are divided into “market services”, for which there is no contribution from public funds, and “universal services”, which are only provided based on a specific services contract with the State. In 2020 revenues from market services recorded a decrease of about Euro 1,201.7 million (−66.7%), due to both traffic services in direct competition with operators and service operated without any competition. The decrease is substantially due to impact of the COVID-19 pandemic and marginally to the accident on 6 February 2020 near Lodi. These events led to a 67.9% reduction in passengers per kilometre. Revenues arising from universal services recorded a decrease of Euro 149 million (−53.8%) in traffic revenue, which was also exclusively due to the effects of COVID-19. Specifically, the traffic revenue
from day services contracted by 52% with a 22% in the train-km offered, while night services were impacted even more significantly, with revenue down by 58%, partly because they were scaled back more than day services (-27%).

The table below set out key financial information relating to Trenitalia for the years ended 31 December 2020 and 31 December 2019.

FS transport segment revenues breakdown between Market services and Public Service Contracts (source: graphs figures from FS Group annual report):

**Infrastructure Services**

Within the macro-sector of Infrastructure Services, the Group operates through RFI, one of its main subsidiaries with the public role of Infrastructure Manager. It is responsible for the entire Italian national rail infrastructure including tracks that are 16,781 km long.

As indicated previously, from 18th January 2018 the company Anasis part of the Group. Anas manages and is responsible for Italy's national road and motorway infrastructure for over 26,000 km. The other group companies active in this macro-sector are Italferr, the group’s engineering company, FSE and Grandi Stazioni Rail.

**RFI** (100% owned by FS) performs the role of railway Infrastructure Manager in Italy, as assigned by a deed of concession (Concessione) granted by the MIMS), previously MIT in October 2000 with a duration of 60 years (the "RFI Deed of Concession") and on the basis of the Contratto di Programma, a program contract governing relations with the State. RFI is responsible for the design, construction, commissioning, management and maintenance of the railway infrastructure in Italy. It manages the control and safety systems connected with train operations, contracts with railway companies, and draws up the timetables for the rail network and promotes the integration of the Italian infrastructure within the European railway network. RFI is also operating in the ferry service between Sicily and Sardinia directly and through its subsidiaries. RFI is in charge of the development of high-speed projects, it is active in investing in technology innovation and implementing new technology through internal programmes dealing with technology in safety, traffic management and efficiency and development; moreover RFI is also planning on expanding links between Northern Italy and other EU countries as well as adding more connections in Southern Italy, including Naples–Bari, Salerno–Reggio Calabria, and Palermo–Catania–Messina, these projects are under designing/construction.

In 2020, RFI had net profit equal to Euro 38 million (Euro 302 million in 2019) and EBITDA of Euro 333 million (Euro 481 million in 2019). In 2020, the operating revenues decreased by Euro 291 million.

The table below set out key financial information relating to RFI for the years ended 31 December 2020 and 31 December 2019.
Anas (100% owned by FS) performs the role of road infrastructure manager in Italy, as assigned by a deed of concession (Concessione) granted by the MIMS, previously MIT, in December 2002 with a duration of 30 years (the "Anas Deed of Concession"), and on the basis of the Contratto di Programma, a program contract governing relations with the State. Anas manages Italy's national road and motorway network and provides support to public entities and roadway design, construction and maintenance both in Italy and abroad.

**Board of Statutory Auditors**

The board of statutory auditors (the "Board of Statutory Auditors") has three standing members and two alternative members elected by the general shareholders' meeting. Pursuant to Article 2403 of the Italian Civil Code, the Board of Statutory Auditors verifies compliance with the law, the Articles of Association and with correct corporate governance principles, and also verifies the adequacy and functionality of the organisational structure and administrative and accounting systems adopted by the Issuer.

The following are the members of the Boards of Auditors of FS all of whom were appointed on 3 July 2019, for a period of three terms (2019 - 2020 - 2021), which terminate on the date in which the financial statements for the last year of the director's third term (2021) is approved:

**Conflict of Interest**

To the Issuer's knowledge, there are no existing potential conflicts of interest between the Board of Directors' or Board of Statutory Auditors' duties with respect to the Issuer and their private interests and/or duties.
Third Party Information

The Issuer confirms that third party information contained in the Base Prospectus has been accurately reproduced. As far as the Issuer is aware and is able to ascertain from information published by a third party, no facts have been omitted that would render the reproduced information inaccurate or misleading.

Capital

According to Article 5 of the Articles of Association, the share capital of FS as at the date of the Base Prospectus is Euro 39,204,173,802.00 consisting entirely of ordinary shares with a par value of Euro 1 each. All the shares in issue are fully subscribed and paid up. No preference shares have been issued and the Issuer does not hold treasury shares.

The share capital of FS can be increased by means of the contribution of cash or assets. Further to any increase in share capital, the new shares would need to be offered as options to the shareholders in proportion to the shares actually owned; those who exercise the option will have the right to purchase the shares.

Corporate Governance

The Issuer complies in all material respects with the Italian corporate governance regime applicable to it pursuant to its Articles of Association and Italian legislation. The corporate governance process is based on the provisions and communications issued by FS. FS is administered by a Board of Directors consisting of seven members (among them: the Chairman and the Chief Executive Officer) appointed by the Shareholders’ Meeting.

Relevant Committees

FS established two committees comprised of members of the Board of Directors of FS: the Control, Risks and Sustainability Committee and the Governance, Appointments and Salaries Committee.

The main task of the Control, Risks and Sustainability Committee is to support evaluations and decisions taken by the Board of Directors on:

i) financial and non-financial periodic reports’ approval;
ii) internal control system and risk management;
iii) sustainability concerning tasks related to the exercise of FS’s activity and its dialogue with all stakeholders.

The main task of the Governance, Appointments and Salaries Committee is to support evaluations and decisions taken by the Board of Directors on:

i) governance (inter alia: board review; directors’ independence; composition of Group Companies’ Board of Directors’; a cumulation of offices and prohibition of competition)
ii) appointments (inter alia: co-optation of directors; selection and identification of executives with strategic responsibilities; designation of bodies of subsidiaries; succession plans for executives with strategic responsibilities)
iii) remuneration (inter alia: remuneration for executive directors and with particular offices; remuneration policy and incentive systems for executives; human resource development policy)

Furthermore, FS has established corporate committees, among which the following are the most relevant:

- The main task of the Ethical Committee is to promote the integration of ethical principles within corporate processes, to verify the compliance of the behaviour of the Board of Directors and employees to the standards of conduct and to revise business procedures in light of the Code of Ethics adopted by FS. Meetings of the Committee take place quarterly and its members are appointed by the Board of Directors.

- The main task of the Committee for Equal Opportunities is to promote initiatives and actions to offer female workers more favourable working conditions and greater development
opportunities. Meetings of the Committee take place every two months and consist of one female representative from each trade union organization which signs the CCNL Mobilità/AreaAF and a corresponding number of female members designated by the Group.

- The main task of the Investment Committee is to provide guidelines on investment and disinvestment plans, assess the soundness (strategic, economic and financial) of strategic initiatives, monitor business plan execution and propose corrective actions. Meetings of the Committee take place upon the initiative of the Strategies and Planning Department. The Investment Committee members are appointed by the CEO.

- The Sustainability Committee main task is to ensure the integration of social and environmental aspects in the group’s economic/financial strategies. Thus, it aims at identifying and maintaining up to date the Group’s values and sustainability principles as well as the Group’s vision and commitment on every sustainability dimension, for the final approval by the Board of Directors. The above duties in order to promote the values and principles of sustainable development, engage stakeholders, evaluate environmental impacts of strategic decisions and related risks, review and update sustainability policies and assess Group’s performance on sustainability requirements and expectations.

- Additionally, in connection with the launch of its first Green Bond in 2017, FS established a Green Bond Working Committee, established to create, review, maintain and implement FS Green Bond Framework. This Committee consists of members of FS Finance and Sustainability teams, as well as those of the subsidiaries involved from time to time. The Committee is chaired by FS's Head of Finance.

- The Group’s Information and IT System Security Committee is an intragroup advisory body that monitors information and IT system initiatives. In particular, the committee steers FS Group's information security strategies, formulates proposals to group companies for the mapping of critical business processes in terms of emerging risks inherent to the use and management of information resources, monitors IT projects and assesses and approves proposals concerning the regulation of information and IT system security evaluations and certification.

- The Credit Committee is responsible for monitoring the performance of group receivables, highlighting any critical areas and promoting the necessary corrective action, while also assessing consolidated exposure to each counterparty and any possibility of offsetting amounts.

- The SoD (Segregation of Duties) Committee carries out advisory activities and provides guidance on the segregation of duties. FS SoD Committee is responsible for defining, validating and overseeing the group’s SoD risk matrix. In addition, this committee is responsible for analysing and monitoring the implementation of the appropriate remediation actions to take in the management/resolution of SoD risks that are detected throughout many group companies' staff processes.

- The Foreign Development Committee was set up for the strategic oversight of development initiatives in the group's interests abroad, including evaluation of relevant initiatives/projects, approval of alliance and partnership strategies and monitoring of progress status of relevant Group projects execution.

**Internal Audit Department**

FS’ management system is divided into eleven departments which report directly to the Chairman or to the CEO. The main group companies have internal audit departments reporting to the Chairman of their Board of Directors. For companies that do not have (or do not yet have) their own internal audit departments, the parent’s Central Audit Department provides this service. If an Audit Committee has been set up, the internal audit department reports to it as well, as defined by the relevant company's internal procedures.

Internal auditing at group level is independent and objective, provides assurance and serves an advisory purpose, to improve the organisation's efficiency and effectiveness. It also helps the organisation to pursue its targets through a professional and systematic audit approach, which generates added value as it is aimed at assessing and improving control, risk management and corporate governance processes.
For the analysed processes, the group’s internal audit departments assess the adequacy of the internal control system (ICS), with respect to the following:

- effective, efficient operations;
- protecting company assets;
- compliance with laws, regulations (both inside and outside the company) and contracts.

The Central Internal Audit Department defines the group’s audit guidelines and methodologies, which also helps better manage internal audit personnel.

**Law 262/2005**

Since 2007, as requested by the shareholder MEF and in order to adopt corporate governance systems in line with those of listed companies, FS, as parent company, established the role of the Manager in charge for the Company’s accounting documents preparation (hereafter Manager in charge) pursuant to Law no. 262 of 28 December 2005 "Provisions to protect asset management and regulate financial markets" for companies listed on financial markets.

This role became legally mandatory in 2013, pursuant to article 154-bis of Legislative Decree No. 58 of 24 February 1998 (the "Consolidated Financial Act"), when FS issued its first listed bond (in July 2013) resulting in FS’s status as a public interest entity pursuant to article 16 of Legislative decree no. 39/2010 as an "Issuer of listed financial instruments".

The Board of Directors approved the regulation of the manager in charge on 28 July 2015 to give the manager the appropriate means and powers, commensurate with the nature and complexity of their duties and the size of the company and the group, and to let the manager in charge carry out the assigned duties, which include interacting with the parent’s other bodies and departments.

On 4 July 2016, the shareholder resolved to amend article 16 of the by-laws to implement the legislative requirements for article 154-bis of Consolidated Financial Act which – as noted earlier – applies to FS following the issue of listed bonds.

Due to FS Group’s organisational and operational complexity, in order to strengthen and improve efficiency in the application of this legislation, FS’ Board of Directors has deemed it appropriate to introduce, from the beginning, in its main subsidiaries the figure of Manager in charge (RFI, Trenitalia, Mercitalia Logistics, Mercitalia Rail, Busitalia Sita Nord, Ferservizi, Fercredit, FSE and FS Technology). The Manager in charge is also present in Anas and its direct subsidiaries Anas International Enterprise S.p.A. and Quadrilatero Marche Umbria S.p.A.

The current Manager in charge is the Chief Administration, Planning & Control Officer which was confirmed by the Board of Directors on 16 June 2021 upon the CEO’s proposal and with the approval of the Board of Statutory Auditors. He will remain in charge until the approval of the financial statements for the year ending 2023.

**Law 231/2001**

Legislative Decree n. 231 of 8 June 2001 ("Law 231/2001") "Regulation of the administrative responsibility of the legal persons, companies and associations even without legal personality under Article. 11 of September 29th 2000, no. 300" introduced into Italian law the principle of corporate criminal responsibility, i.e., criminal responsibility imposed on an entity, as well as on a natural person.

The expansion of such responsibility allows both the property of the entities themselves as well as the economic interests of the shareholders to be considered in formulating the penalty of certain criminal offences committed by the company's directors or employees.

Group procedure no. 209/P of 9 June 2016, which replaced the previous measures concerning the control model since 2002, requires the companies of the Group to adopt an organisational, management and control model to prevent the illegal conduct covered by Legislative decree no. 231/2001 and establish a supervisory body responsible for monitoring that the models are functional and compliant and propose updates to them.
To ensure the bodies' independence, their members may not hold similar positions with subsidiaries or parents nor have interests in or carry out material transactions with the company, subsidiaries or parents.

The latest update of the Group’s 231 control model provides that the FS’ Supervisory Body consists of three members, of which (i) at least two are persons external the Group, one of which - in possession of specific skills as per the Legislative Decree 231/2001 - is also appointed as Chairman, and (ii) the third is another person external the Group or, alternatively, is the Director of FS’ Central Internal Audit Department. An external member who does not hold the office of chairman can be identified as a member of the Board of Statutory Auditors. The external members must have the necessary skills to carry out the assignment (of a legal and / or business-economic nature). At least one of them must have legal skills.

**Code of Ethics**

The Code of Ethics adopted by FS clearly sets out the responsibilities, ethical and social commitments that FS has with regard to the stakeholders, and outlines the rules underlying any action taken by the Group. It is approved by the Board of Directors and applies to the corporate bodies, management, employees, external consultants, commercial partners, suppliers and other stakeholders of the Group.

**Sustainability and Future’s Mobility**

Since 2008, FS Italiane has increasingly committed to drive the country’s recovery by creating value and contributing to a multi-modal transport of people and goods which is increasingly more sustainable safe and, at the same time, focused on operational excellency; indeed, the business plan itself integrates the principles of social, environmental and economic sustainability with the aim of offering people personalised, high quality services.

The Group plays a prominent role in the definition and implementation of the Recovery and Resilience Plan with respect to, in particular, the investments envisaged in Mission 3 "Infrastructures for sustainable mobility", 80% of which will go for development and strengthening of the national and regional railway network by approximately 25.4 billion euros, including 23.86 dedicated to RFI investments.

FS Group is also a member of the UIC (Union internationale des chemins de fer), which promotes the railway sector around the world as a solution to the challenges of mobility within a sustainable development framework. The Group signed the "UIUC declaration on Sustainable Mobility and Transport", formalising its commitment to responsible practices in terms of human rights, labour conditions, the environment and anti-corruption, in line with the ten principles of the UN Global Compact subscribed in 2017.

Furthermore, less than ten years after the milestone marked by the United Nations 2030 Sustainable Development Agenda, the FS Group intends to act as a point of reference for the economic recovery by generating growth, work and income. Currently, there are six goals to which the FS is particularly committed, which are related to its first long-term goals for 2030-2050 on safety, sustainable mobility and energy and emissions.

<td>FS Italiane has set itself the goal of becoming best in class in Europe in safety issues by eliminating by 2050 fatalities amongst people who use the group’s vehicles to get around (train, bus and other mobility methods), as well as amongst its own employees, those of supplier companies and people who interact with the railway system. By 2030, fatal accidents on ANAS-controlled roads will have to fall by 50% compared with 2015.</td>

After approving initial goals focused on the three crucial issues for stakeholders, the Group is currently working on turning these goals into tangible commitment and interim targets. These focus on upgrading the fleet, electrifying the few portions of the network not yet electrified, pursuing energy efficiency, clean energy and digitalisation and applying smart technologies to infrastructures in an inclusive company setting that respects the environment and the value of people.

In 2016, the Sustainability Committee was set up to ensure the integration of social and environmental aspects in the Group's economic/financial strategies and promote the values and principles of sustainable development, in accordance with the stakeholders' requirements and expectations.

The FS Group has formalised a set of principles – for all stakeholders – underpinning its business policies, code of conduct and vision.

Since 2009, FS has been publishing an annual Sustainability Report with the aim of providing an overview of FS achievements, priority efforts, principles and outlook. In 2020, FS drew also up #Restarting Together, the document that details the Group’s efforts, initiatives and actions during the Covid-19 emergency. In addition, in 2017, FS drew up the first Consolidated Non-Financial Statement (DNF), pursuant to Italian Legislative Decree 254/2016, published in the Annual Financial Report. The Sustainability Report has been prepared in accordance with the “GRI Sustainability Reporting Standards” guidelines issued by the Global Reporting Initiative (GRI) in 2016, using the comprehensive reporting option. The report covers the economic, social and environmental activities deemed to be the most significant for the Group and its stakeholders. The Report is also subject, on voluntary basis, to a limited assurance by KPMG S.p.A..

The FS Group believes that acknowledging diversity and inclusion is a source of competitive advantage and enhances and generates value, at both Group and country level. As proof of this conviction, during 2020, the FS Group also signed the Women’s Empowerment Principles (WEP) - established by UN Women, the UN entity dedicated to gender equality - to promote equal opportunities for women in the workplace, the market and the community, and supported the 4 Weeks 4 Inclusion project together with 27 other Italian and multinational companies.

Aware of how much improving economic, environmental and social performance also relies on the involvement of suppliers, FS Italiane has launched the “Sustainability Supply Chain Management” project to assist suppliers in improving their sustainability profile by integrating and consolidating environmental and social considerations in the procurement process and by analysing the sustainability performance of the supply chain. In particular, responsible management of the Group's supply chain begins with the inclusion of rules (social security, Code of Ethics, occupational health and safety, the environment, etc.) in standard contractual clauses and continues, in certain instances as part of the Group companies’ management systems, with a process to improve the environmental and social performance of their suppliers. During the 2020, FS defined Group guidelines for sustainable procurement with the aim of:

- pinpoint what is needed to define sustainable procurement policies and standards;
- standardise sustainability principles and drive their integration into purchasing procedures and management;
- integrate the requirements and guidelines provided by international standards on sustainable procurement.

Since 2018, the Group monitors the environmental and social impacts of the supply chain through an online survey, comprised of around 100 questions broken down into six sections. Based on the replies received,
each section is scored and used to calculate an overall rating, from 0 to 100, of the supplier’s environmental, social and governance performance. In 2020, approximately 40% of the strategic suppliers of the main Group companies replied to the survey. In addition, RFI assessed 497 suppliers, since 2017, based on the environmental and social criteria provided by the EcoVadis monitoring platform.

The Group’s commitment to boost its ESG (Environmental, Social, Governance) performance is reflected in its sustainability ratings by the following agencies, achieving significant results.

Since 2018, FS has been participating to the Carbon Disclosure Project (CDP). In 2020, FS Group received the score of “A-” which is in the Leadership band. This is higher than the Europe regional average (C), and higher than the Rail transport sector average (B). Proof of the Group’s commitment to tackle climate change issues, FS set up a Programme Team to quantify exposure to risks deriving from climate change over the long term and to define a coherent plan for adaptation projects in line with the European Green Deal forecasts.

Also, the Group has been participating to the Vigeo-Eiris ESG rating questionnaire, improving its performance from a “robust” assessment in 2020 to an “advanced” assessment in 2021, achieving a score of 64 out of 100, ranking fourth among 42 companies at European level in the “Transports and Logistics” segment.

In 2020, FS achieved the "Prime" status of the ISS ESG rating (score C+) - which comprises sector leaders in ESG issues - and received a risk rating of 17.7 by Sustainalytics, falling under the low ESG risk bracket and ranking third in the "Rail Transport" sub-segment.

Finally, the Group has received many awards and accolades in recent years, further boosting confidence among stakeholders and confirming the effectiveness of its activities.

FS Sustainable Finance

FS strongly believes that rail and public transport are critical for sustainable development and global efforts to combat climate change, by facilitating the modal shift away from cars into less carbon intensive modes of transport.

In 2017 FS has developed the FS Green Bond Framework in accordance with the ICMA Green Bond Principles and which aims at financing projects with a positive impact in terms of environmental and social sustainability. The FS Green Bond Framework obtained a second party opinion from Sustainalytics.

On July 2019, FS updated its Green Bond Framework. Among the Eligible Green Projects, new regional trains Rock and Pop are included. The new Framework envisages also high-speed trains – already in the first green bond along with the regional trains – and, as a new entry, new electric locomotives and wagons for freight transport. All the Eligible Green Projects are aligned with the EU Taxonomy regulation.

The FS Green Bond Framework now envisages as Eligible Green Projects the following:

- **Investments in public passengers transport rolling stock renewal:**
  - New Electric Multiple Unit (EMU) trains for regional passenger transport, so called “Pop” and “Rock”;
  - New Electric High speed Trains "ETR 1000".
• **Investments in freight transport rolling stock renewal:**
  
  ➢ New electric traction locomotives;
  
  ➢ New wagons for coils transportation.

Both categories of projects ensure energy efficiency improvements, carbon emissions reduction and a modal shift to rail in the local public and long-distance transport market as well as freight transportation, and contribute, among other factors, to the improvement of air quality.

On November 30th 2017, FS issued its Euro 600 million 0.875% due 12/2023 inaugural green bond (Series 7) under the Programme, to finance the Eligible Green Projects as per the first Green Bond Framework (i.e. investments in public passengers transport rolling stock renewal). 97% of the proceeds were allocated at date of issue whereas full allocation was completed on 4 April 2018.

On July 5th 2019, FS issued its second green bond having a nominal value of Euro 700 million and a 7-year tenor, coupon at 1.125%. The bond was the first Italian bond certified by the Climate Bond Initiative. More than 70% of the bond net proceeds is going to finance the purchase of about 70 new Pop and Rock regional trains. The electric locomotives and the latest generation wagons for freight transport are the new entry among all the financed projects.

In 2020 FS expanded, innovating, sustainable financial solutions to all its counterparties.

• Euro 300 million bank loan, where Euro 200 million have been earmarked to an ESG Tranche financing Trenitalia new 17 Frecciarigento, electric long-haul passengers trains, which are aligned with the EU Taxonomy standards.

• Euro 400 million of Trenitalia rolling stocks for public service financed this year via Eurofima are aligned with the EU Taxonomy standards as well.

• Up to Euro 450 million "climate action" financing from European Investment Bank has been approved for the new Hybrid regional trains, Euro 150 million have been already subscribed by the EIB via a EMTN private placement.

On March 18th 2021, FS issued its third and largest green bond for a nominal value of 1 billion euro, 7 years tenor and coupon set at 0.375%. All the financed projects ensure improvements in energy efficiency, reduction of CO₂ emissions and modal shift to rail. Namely almost 80% of the proceeds will finance the purchase of regional trains Pop & Rock, while the remaining will be used for high speed trains ETR 1000 also for the Spanish market. For this issuance FS obtained, again, the certification from the Climate Bonds Initiative.

On 19th April 2021 FS Italiane closed a new private placement with Eurofima, which subscribed Euro 250 million twenty-year floating rate notes. The funded trains are aligned to the EU Taxonomy criteria, and contribute positively to environmental and social sustainability promoting the modal shift to rail.

On 25th June 2021 FS signed, a new committed and revolving credit facility agreement for 2.5 billion euros and three years tenor with a syndicate of six financial institutions. The new facility is the largest financial transaction ever for the Group. The facility is the first Group’s Sustainability Linked product, thanks to the provision of margin and commitment fee adjustments, linked to the achievement of targets for four KPIs that capture the Group’s overall commitment in the ESG field. Two KPIs are common goals for the whole Group - such as the improvement of the ESG rating and the gender gap decrease in management positions - and two are distinctive goals, in the field of sustainable mobility and stations accessibility, relating to RFI and Trenitalia projects. Hence, for the first time, the financial market will also monitor and measure priority targets for FS and for the Country, such as female employment and social commitment to ease the modal shift into less carbon intensive modes of transport.

**Employees**

The number of group employees decreased from 83,764 at 31 December 2019 to 81,409 at 31 December 2020, showing a net reduction of 2,355 (average number of employees: -1,343).
Investments and Capital Expenditure

The group’s capital expenditure entailed developing and managing volumes of roughly Euro 9 billion in 2020, 98% of which in Italy (+5% on the Euro 8.5 billion at 31 December 2019).

Despite the significant difficulties of the scenario in the wake of the pandemic, total capital expenditure by the FS Group exceeded Euro 6.5 billion in 2020. The precise figure is Euro 6,693 million, Euro 2,341 million of which self-financed and Euro 4,352 million from government sources, for a decrease of just barely 3.6% on 2019.

Approximately 80% of capital expenditure refers to the Infrastructure operating segment, with RFI investing Euro 4,917 million (including Euro 4,258 million for the traditional/HC network, Euro 110 million for the HS/HC network between Turin, Milan and Naples and Euro 549 million for contractual advances to suppliers) and the Anas group investing Euro 2,015 million (including roughly Euro 465 million for contractual advances to suppliers). Around 19% of investments refer to the Transport operating segment for projects focusing on the transport of passengers by road and rail, both in Italy and abroad, and on the freight segment, with Trenitalia investing Euro 1,417 million (including routine maintenance), the Mercitalia group approximately Euro 77 million, the Busitalia group Euro 152 million and the other companies operating abroad investing Euro 76 million (Netinera, C2C, Trenitalia UK, Thello and TrainOSE). The Real estate and Other services segments account for the remainder of the group's investments and they were mainly made by FS Sistemi Urbani and FS for the maintenance and upgrade of the respective property assets and ICT projects.

Comments on the change in the 2020 annual data compared to 2019

- **COVID-19 Emergency**

The economic and financial performance of many industrial groups – especially, but not only, in the transport sector – in 2020 reflects the significant impacts and negative repercussions of the public health emergency in the wake of the global spread of COVID-19 (“Coronavirus”). The following table and notes individually present and illustrate the impacts of COVID-19 on the FS Group’s statement of comprehensive income, which is discussed in its entirety further on.

<td><strong>LOSS FOR THE YEAR</strong></td>
<td>(986)</td>
</tr>
</tbody>
</table>

The loss for the year reflects the negative impact of the pandemic, which totalled Euro 986 million due to the sharp drop in revenue (-Euro 1,695 million, including the positive effects of the government grants received, as detailed further on). This impact was only partly offset by the decrease in costs (-Euro 652 million), the reduction in amortisation and depreciation, accruals and impairment losses (-Euro 44 million) and lower taxes (-Euro 28 million), with greater net financial expense (-Euro 15 million).

The pandemic caused a total contraction in consolidated revenue of Euro 1,695 million compared to the previous year, as a result of the combined effect of lower revenue from sales and services (-Euro 1,668 million) and other income (-Euro 27 million). Specifically, revenue from contracts with customers suffered the greatest impact (Euro 2,747 million) because of the following changes: revenue from passenger railway
transport decreased by Euro 2,149 million, revenue from passenger road transport fell by Euro 108 million, revenue from the freight business slipped Euro 96 million and revenue from infrastructure services plunged Euro 357 million, while revenue from other services decreased by Euro 37 million.

Analysing overall passenger railway transport, long-haul transport was the segment that bore the brunt of the lockdown measures, suffering a drop of Euro 1,372 million due to the lower demand and the reduction in saleable seats per km. This decrease was more dramatic for the market component (services sold on the market; -Euro 1,227 million) than for the universal component (services provided under government agreements; -Euro 145 million). The short-haul segment, again due to mobility restrictions, saw a decrease of Euro 777 million on both the domestic market (-Euro 511 million) and abroad (-Euro 266 million).

These segments benefited from the aforementioned government grants in accordance with legislation, totalling Euro 619 million, including grants of Euro 323 million from the MIMS, previously MIT, for the long-haul segment and Euro 296 million for the short-haul segment, Euro 193 million of which was granted by the MIMS and the remainder by foreign governments (Germany and Greece).

The Euro 108 million decrease in revenue from road transport, which consists almost entirely of local public transport (LPT) services, includes grants (Euro 65 million) and is due to less demand and a reduction in saleable seats in Italy (-Euro 68 million) and abroad (-Euro 40 million).

The freight segment suffered an overall contraction of Euro 96 million in 2020 mainly because of the drop in freight transport volumes.

The reduction in infrastructure revenue was the result of lower traffic volumes during the lockdown, less extraordinary maintenance and fewer new works following the reduction in work after the lockdown and the smaller annual fee pursuant to section 1020 integrating the annual fee following the reduction in traffic (-Euro 357 million), partly offset by the recognition of grants received from the MIMS for relief and from the MEF for operators of road and motorway infrastructure (Euro 151 million) and railway infrastructure (Euro 270 million).

Operating costs only decreased by a total of Euro 652 million due to the public health emergency and mainly thanks to the cost saving measures that were rapidly rolled out during the lockdown and in the months that followed.

Amortisation and depreciation, accruals and impairment losses improved by Euro 44 million as a result of the combined effect of lower amortisation and depreciation (Euro 58 million), substantially due to the change in rates, and specifically to the reduction in forecast train-km for 2020 due to the lockdown and the late delivery of rolling stock, also due to the pandemic, partly offset by the increase in impairment losses (+Euro 14 million) on property, plant and equipment, investment property and intangible assets (Euro 5 million), and greater adjustments and impairment gains on financial assets mainly because of non-performing assets in the real estate segment (Euro 9 million).

Net financial expense reflects the share of profits/(losses) of equity-accounted investees for 2020 (-Euro 15 million).

Income taxes were impacted by COVID-19 (Euro 28 million) due to the exemption for companies with turnover of up to Euro 250 million in 2019 from paying the final balance of IRAP (regional productivity tax) for 2019 and the first advance payment of IRAP for 2020, in accordance with the provisions of article 24 of Decree law no. 34/2020.

Comments on 2020 P&L Changes (organisational factors)

In a year severely impacted by the disruptive events of the public health emergency following the COVID-19 outbreak, the group reported a loss for 2020 of Euro -562 million, compared to a profit of Euro 584 million for 2019.

The main captions contributing to the loss for the year attributable to the owners of the parent are analysed below.

Revenue decreased by a total of Euro 1,586 million (-12.8%), which was completely due to the effects of the pandemic (Euro 1,695 million). The impact of COVID-19 was partly offset by the organisational factors (+Euro 109 million) described below.

Excluding the impact of COVID-19, which totalled Euro 2,349 million, revenue from transport services
would have decreased by only Euro 178 million (-2.4%) on 2019, mainly due to the Euro 206 million reduction in revenue from the passenger railway transport service, offset by the growth in the freight business, which posted a Euro 21 million rise in revenue and, for the remainder, the road transport business, which saw a Euro 7 million increase.

Specifically, the reduction in revenue from the passenger railway transport service is due to the following factors:

- revenue from the long-haul passenger railway transport service increased by a total of Euro 5 million. The market long-haul service segment saw a total decrease of Euro 1 million, in which the substantial losses in revenue following the railway accident that took place in Livraga (Lodi) last February (Euro 12 million) were offset by the greater revenue generated abroad, mainly due to the lack of the exogenous events in 2020, unlike those in 2019 that had heavily impacted revenue (strikes and line suspensions as experienced, inter alia, due to the Modane landslide and the Gilets Jaunes protests). Revenue from the universal long-haul passenger transport service rose by Euro 6 million;
- revenue from the short-haul passenger railway transport service saw a total drop of Euro 211 million, Euro 233 million of which in Italy, partly due to the contribution of the "Emilia-Romagna" business unit to the associate Trenitalia Tper with effect as from 1 January 2020, offset by the Euro 22 million increase in revenue on the international market, the combined effect of the signing of new service contracts in Germany (+Euro 26 million) and the downturn on the UK market (-Euro 4 million);
- revenue from freight transport and logistics services improved by roughly Euro 21 million both in Italy due to new freight traffic arrangements that began in 2020 (+Euro 15 million), and internationally (+Euro 6 million);
- revenue from the road transport service rose by Euro 7 million.

Revenue from infrastructure services, not considering the negative impact of the pandemic (-Euro 357 million), increased by Euro 272 million mainly due to the rise in work on the road and motorway network under concession during the year (+Euro 262 million), greater revenue from concession services in connection with invoicing to the Umbria regional authorities following the merger of UMFERRO (+Euro 7 million) and the increase in other revenue from road and motorway services (+Euro 5 million).

Other revenue from customer services rose by Euro 20 million for business reasons, i.e., mainly the greater revenue from the progress of the Metro Riyadh contract (+Euro 25 million), despite the postponement of the trial run by one year and greater unforeseen costs, the increase in revenue from processing on behalf of third parties after construction work resumed on the Palermo metro rail (+Euro 14 million), lower revenue from contract work in progress (+Euro 29 million, Euro 21 million of which due to the slowdown in capital expenditure in assets that will transfer back to the Sitaf group), with greater other revenue accounting for the remainder of the improvement.

The increase in other revenue (+Euro 22 million) - essentially shown here excluding the government grants to transport road, motorway and railway infrastructure operators (Euro 1,105 million) as relief for the impact of COVID-19 – was mainly due to the rise in leases of rolling stock and the related indemnities (+Euro 52 million), partly offset by the net change in accruals/releases.

The decrease in other income of Euro 30 million, excluding the impact of COVID-19, is mainly due to the smaller gains on sales of group companies (-Euro 28 million because of the gain recognised in 2019 on the sale of Centostazioni Retail, offset by the gain of Euro 13 million recognised in 2020 on the sale of the Sitaf Group), smaller gains on the sale of chattels and property and fewer contractual penalties charged to suppliers.

Operating costs came to Euro 9,204 million, down by a total of Euro 610 million (-6.2%) on the previous year (2019: Euro 9,814 million). This decrease is due to extraordinary actions (Euro 652 million) taken by management in response to the pandemic and to counter the related impact.

The gross operating profit of Euro 1,633 million decreased by Euro 976 million (-37.4%). However, adjusted to eliminate the effects of COVID-19, the estimated gross operating profit would have been approximately Euro 2,676 million, a decrease of only 2.6%.
The operating loss of -Euro 278 million (2019: operating profit of Euro 829 million) is down by Euro 1,107 million (-133.5%). Euro 999 million of the overall reduction is due to the impact of COVID-19, without which the operating loss would have been -Euro 108 million, -13.0% on 2019.

Lower amortisation and depreciation in the year, excluding the events related to the lockdown, were due to the normal dynamic in asset management.

Impairment losses increased by Euro 90 million, Euro 76 million of which due to business management, including greater impairment losses on property, plant and equipment relating to the railway infrastructure and rolling stock as management continues to dispose of obsolete rolling stock, and greater impairment losses on financial assets, including service concession assets, offset by the smaller impairment losses on C2C’s goodwill than in 2019 (-Euro 33 million).

Accruals, totalling Euro 127 million, compared to net releases of Euro 22 million in the previous year, rose essentially due to the adjustment of the Bilateral fund for income assistance, set up for proactive income and employment assistance, to cover extraordinary benefits to be paid in future years.

Net financial expense of Euro 283 million worsened by Euro 107 million (60.8%), but by Euro 92 million excluding the impact of COVID-19, on the previous year. Financial income is down by Euro 7 million, while the growth in financial expense reflects the net effect of the increase generated by the adjustment of the loss allowance for the asset from Strada dei Parchi (Euro 167 million), calculated based on lifetime expected credit losses, and the decrease due to the discounting of the same asset from Strada dei Parchi, recognised in the previous year following the amendment postponing the repayment of the 2017 and 2018 instalments to 2030 (Euro 35 million). The share of profits/(losses) of equity-accounted investees is substantially the same as in 2019 (Euro 23 million versus Euro 22 million in 2019).

Income taxes went from Euro 60 million in 2019 to Euro 1 million in 2020, mainly due to the smaller tax base in the year just ended and the provisions of Decree law no. 34/2020, which exempted companies with revenue of up to Euro 250 million from paying the IRAP balance for 2019 and the first IRAP advance for 2020, which management has accounted for as part of the impact of COVID-19.

Strategy of the Group

The last industrial plan was presented on 10 May 2019 by the FS Group management, for the period 2019-2023 (“Plan”).

Due to the Covid-19 pandemic, the drafting process of a new business plan was put on hold in order to evaluate the evolution of the crisis and to better estimate the overall impact of the Covid-19 pandemic on the Group’s business in the future.

After the appointment of a new Board of Directors in last May 2021, a new industrial plan is under construction with the aim to put at the centre of the strategy the crucial role FS Group will have in the implementation of the PNRR as well as its leading role in the sustainable mobility in Italy and abroad.

**Law Decree n. 50/2017**

- New ART competences
- Sources and allocation criteria of the National Fund for the Government’s financial contribution to the public local transport of the ordinary Regions.

**Law Decree n. 109/2018** (called Decreto Genova)

- Establishment of the new National Agency for Railway and Road and Highway Infrastructures Safety from 1 January 2019 (ANSFISA).
  
  The ANSF kept competences for the railway safety until 4 December 2020, it has then abolished.

- New competence assigned to the ART on the highways concession fare regulation.

**The Fourth Railway Package**

In 2016, the Fourth EU Railway Package was approved.

The package consists of a market pillar and a technical pillar, which are respectively established in directives and regulations, as specified below:

**Market pillar**

- EU directive no. 2016/2370 of the European Parliament and Council of 14 December 2016 amending EU directive no. 2012/34/EU as regards to the opening of the market for domestic passenger transport services by rail and the governance of the railway infrastructure. In Italy, the Directive was transposed by the Legislative Decree n. 139/2018;

- EU regulation no. 2016/2337 of the European Parliament and Council of 14 December 2016 repealing the Council’s regulation no. 1192/69 on common rules for the normalisation of the accounts of railway undertakings; and

**Technical pillar**

EU directive no. 2016/797 of the European Parliament and Council of 11 May 2016 on the interoperability within the European Union; and

EU directive no. 2016/798 of the European Parliament and Council of 11 May 2016 on railway safety. Both Directives that are part of the technical pillar must be transposed into national law by 16 June 2019.

In short, the market pillar provides for the opening of domestic passenger transport services to competition throughout the EU by December 2020. Right of access can be limited only to protect economic equilibrium of public service contracts.

Furthermore, it contains rules concerning the infrastructure manager's independence within integrated groups, i.e., those in which there is both an infrastructure manager and railway undertakings.

EU regulation no. 2016/2338 provides calls for tenders as a general rule for awarding public service contracts. However, national authorities can continue to directly award service contracts under certain conditions.

Technical pillar strengths the powers of the European Union Agency for Railways (EUAR, formerly ERA) concerning the rolling stock authorisation in EU countries and its certification in accordance with safety standards.

**Regulatory Overview Transportation**

- The relationship between Trenitalia and the Italian central/local administrations is regulated by different public service contracts ("PSCs") in which the required level of services are specified in terms of quantity and quality, tariff obligations, and fees. See also paragraph Public Service Contracts below.

- The State and the Regions define the perimeter of the services to be provided on the basis of the mobility and accessibility of user needs. Contracts are subject to specific regulation that defines eligible costs in terms of company operational expenses, deprecations and adequate capital investments returns.

- As the State and the Regions define quantity and quality of rail services included in the contracts, it is their responsibility to decide whether to reduce or increase them according to the terms and conditions defined in the contract.

- PSCs contain appropriate tools and clauses to guarantee payments to railway undertakings by Regions within the stated terms. In case of non-payment or under compensation of the services provided, the railway undertakings have the right to reduce or even to stop the services.

- Rail fares are adjusted annually for (i) inflation; (ii) any variations on contractual quality/performance objectives (e.g. punctuality, cancellations, cleaning); (iii) change in access infrastructure charges; and (iv) changes in regional fare policy.

- According to EC Regulation 1370/2007, competent authorities (the Regions and the State) may decide to directly award PSC or to launch competitive tenders. Since 1997 only a few Regions have launched tenders for local rail transport. To date, all the PSCs have been awarded to Trenitalia (on its own or as a consortium leader). From 2023, national and local authorities will still be able to directly award service contracts under certain conditions.

- All risks deriving from the performance of the PSCs are borne by Trenitalia; the contracts with the central administration foresee the possibility of revision in case of significant change in the overall scenario, in order to maintain economic equilibrium.

**Regulatory Overview Railway Infrastructure**

- As foreseen by the RFI Deed of Concession and Legislative Decree n. 112/2015 which implemented the Directive 2012/34/EU, the relationship between RFI and the State is regulated
on the basis of an Agreement (Contratto di Programma), see also paragraph Deed of Concession below.

- The Contratto di Programma is the basis for the funding of rail infrastructure development; the funding is primarily based on a medium term investment plan and covers infrastructure development, extraordinary maintenance and ordinary maintenance. Each Contratto di Programma lasts for a minimum of five years and may be subject to annual adjustments.

- According to the current regulatory framework, there exists two Contratti di Programma:
  - the Contratto di Programma – Investment Part: it regulates investments to modernise and further develop rail infrastructure; and
  - the Contratto di Programma – Services Part: it regulates ordinary and extraordinary maintenance and other activities (including safety, security and navigation).

- On 9 September 2019, the 2017-2021 Contratto di Programma – Investment Part completed the authorization process with the Court of Auditors’ registration of the approving MIMS/MEF inter-ministerial decree no. 87 of 7 March 2019. On 26 October 2020 has been completed the 2018-2019 updated of the contract.

- The 2016-2021 Contratto di Programma – Services Part took full effect on 2 October 2017 following the Court of Auditors' registration of Ministerial decree no. 359 of 12 July 2017 whereby the MIMS approved the deed.

Regulatory Overview Road Infrastructure

- As foreseen by the Anas Deed of Concession, the relationship between Anas and the State is regulated on the basis of an Agreement (Contratto di Programma), see also paragraph Deed of Concession below.

- The Contratto di Programma is the basis for the funding of the road and motorway infrastructure development: the funding is primarily based on a medium term investment plan and covers roads and motorways infrastructure development, extraordinary maintenance and ordinary maintenance. Each Contratto di Programma lasts for a minimum of three years and may be subject to annual adjustments.

- According to the current regulatory framework, the Contratto di Programma provides two type of funding:
  - Compensation Services Part: to fund ordinary maintenance, operation services, security and recurring extraordinary maintenance (paving and guardrail).
  - Compensation Investment Part: to fund investments to modernise and further develop road infrastructure. This compensation covers depreciation costs and the regulatory net invested capital remuneration.

- The 2016-2020 Contratto di Programma took full effect on 29 December 2017 following the Court of Auditors' registration of Ministerial decree no. 588 of 27 December 2017 whereby the MIMS approved the deed.

The Italian Transport Regulation Authority

The Italian Transport Regulation Authority (Autorità di Regolazione dei Trasporti or "ART") became operational in January 2014. Its main objects are to:

2. guarantee equitable and non-discriminatory access to rail, port, airport and highway infrastructures;

3. define minimum quality levels for national and local transport considered to be a public service;
4. regulate access to rail infrastructure;
5. define public tender mechanisms to assign transport services; and
6. cooperate with the public administration in identifying public service obligation routes and support it in identifying the most effective methods to finance them.

The original framework of the functions provided in the law which established the ART has been progressively widened, adding new competencies to the ART:

- Legislative Decree n. 70/2014 assigned to the ART the role of independent entity to supervise the compliance of the regulation for the rail transport passengers’ rights;
- Legislative Decree n. 50/2017 assigned to the ART the responsibility to transport Opera Public Service Contracts content, efficiency targets and financial balance targets which the Public transport Operator has to be compliant.
- Law Decree n. 109/2018 assigned to the ART competences on the highways concessions fare regulation.

The ART’s regulatory framework

On 5 November 2014, the ART began to introduce regulatory measures for the fair and non-discriminatory access to rail infrastructure by its decision no. 70/2014 and started the process for the establishment of criteria for determining charges for the use of railway infrastructure, ensuring cost-effectiveness and efficient management.

With respect to adoption of measures for the fair and non-discriminatory access to rail infrastructure for the year 2015, the new authority considers that, in defining the level of toll, the Infrastructure Manager should be oriented to principles of more transparency and economic efficiency, and in particular:

(a) in line with Legislative Decree n. 112/2015), the financial statements of the Infrastructure Manager must have a balance between the total revenues and the costs related to the management of the infrastructure;

(b) the eligible financial costs should be evaluated by the Infrastructure Manager having regard to any possible optimisation of the management of the debt, in line with the best market conditions;

(c) the investments made by the Infrastructure Manager after 31 December 2013 must be adjusted annually, as well as the related credit lines; and

(d) the incidence of the infrastructure management costs must be reformulated time to time, with immediate implementation, in order to burden less in the period in which the competitive scenario has been deploying and consolidating.

With regard to the eligible costs criteria, the authority requests the Infrastructure Manager to consider eligible, for the computation of the access charge to the HSWC network, in addition to the infrastructure management costs (appropriately reformulated), only the following annual financial costs, properly optimised in line with the best market conditions:

(a) the annual financial costs related to the investments already made as of 31 December 2013 incurred by the Infrastructure Manager, as not covered by government grants; and

(b) the annual cumulative financial costs related to the investments in progress after 31 December 2013, calculated as the costs actually incurred by the Infrastructure Manager net of government grants.

On 18 November 2015, the ART released its decision no. 96/2015 on the criteria for determining access charges for the use of national rail infrastructure. The new regulatory framework concerns (i) the minimum access package supplied by the Infrastructure Manager (RFI) to all railway undertakings in a non-
discriminatory manner and (ii) other rail services supplied by operators of service facilities. With regard to the charges for the use of rail infrastructure, the decision particularly defines:

- a five year regulatory period;
- perimeter of relevant costs;
- market segmentation based on the main types of service;
- new classification of the network;
- «caps» to the segment average kilometric charge for the purpose of market sustainability and
- requirements for regulatory accounting.

On 1 July 2016, the ART released its Resolution no 75/2016 validating the 2016-2021 charging scheme for the Minimum Access Package supplied by the Infrastructure Manager (RFI). The charging scheme complies with the criteria for the determination of charges for access and use of the railway infrastructure, as adopted by Decision n. 96/2015 and later amendments.

With respect to local and regional public transport, ART has also defined, by means of a series of resolutions, the regulatory framework for the preparation of the award of service contracts procedures.

With Resolution no. 48/2017, the ART defined the methodology for determining the public service areas and the most efficient methods of financing. Through this methodology, the ART has provided local authorities with the criteria for identifying the optimal lots for the award of local and regional public transport services.

With Resolution no. 16/2018, the ART established the minimum quality conditions ("MQC") for railway transport services, both national and regional, characterised by public service obligations ("PSO"). The MQC provide for obligations and minimum performances to be provided to passengers to satisfy mobility needs, ensuring the efficient use of public resources allocated to PSO compensation.

The MQC are composed of a series of quality parameters to be included in the service contracts, with a system for monitoring and verifying the quality of services (availability of transport services and adequacy to the demand, regularity and punctuality of the service, information to users, transparency, commercial accessibility, cleanliness and comfort and accessibility, with particular reference to people with reduced mobility; safety of the ride and of the traveller).

With Resolution no.106/2018, the ART has established the minimum content of specific rights that users of rail transport services with public service obligations may require from managers of railway services and infrastructure, thus implementing the regulation on passenger rights.

In particular, the ART specified the procedures for the exercise of railway transport passengers' rights under EC Regulation no. 1371/2007 with regard to: the right to information and related procedures of provision, the right to accessibility and usability of services and stations, the right to compensation for delays, procedures for requesting and providing reimbursement and compensation.

With Resolution no. 120/2018, the ART has established methodologies and criteria for improving the efficiency of the management of regional public railway transport services. On the basis of such regulatory measures, the ART provides local authorities with parameters for improving the efficiency of new service contracts relating to regional railway passenger transport.

The regulation proposed by ART provides that the economic-financial plan of each service contract must be drawn up on the basis of the so-called "efficient operating cost".

With Resolution no. 154/2019, the ART defined new measures for the drafting of tenders and agreements for the awarding of local public transport services by road and rail, repealing the previous resolution no. 49/2015. In particular, the following were introduced: disclosure obligations; regulation on the making available of databases and capital goods acquired through public resources; regulatory accounting and accounting separation obligations for the road sector and specific efficiency / effectiveness objectives,
similarly to what is already envisaged for the railway sector; fares update. It is also envisaged that the public authorities adopt a risk matrix and a simulated Economic-Financial Plan (PEF), identifying specific objectives of effectiveness and efficiency. For the purposes of preparing the simulated PEF, the awarding company is expected to receive a reasonable profit margin corresponding to the rate of return on net invested capital (CIN) defined by the ART and periodically updated.

*With Resolution no. 156/2020,* the ART approved the methodology to verify whether the economic equilibrium of a public railway service contract is compromised by the activation of a new passenger railway service on the market. If, on the basis of the criteria and procedures defined in resolution 156, the economic equilibrium of a service contract is threaten, the ART will refuse access to the company offering the new service or will allow it, indicating specific changes to the service itself.

**Relationship with the Italian State**

The Italian State is the 100% shareholder of FS via the MEF. The State also acts as a client to FS via the MIMS and Regions.

As sole shareholder, the Italian State:

(i) appoints the Board of Directors;

(ii) oversees FS’ strategy via its board representation; and

(iii) services a part of FS debt (related to RFI) directly through guaranteed State transfers as detailed in the debt structure section below.

As a client, the State (i) executes PSCs which set out scheduling, quality level and pricing of the services and fees to be paid to Trenitalia, and (ii) executes the *Contratti di Programma* with both RFI and Anas which sets out the funds for infrastructure investment and maintenance.

FS' legal status was formally changed on 12 August 1992 from that of a government body to a public limited joint stock company. However, in accordance with public law obligations and being an entity which, although formally a corporation under private law, is owned by the State and/or is benefiting from public money, the *Corte dei Conti* (Italy's Court of Auditors) controls FS. A *Magistrato Delegato*, appointed by the Court of Auditors, attends the meetings of FS’ corporate bodies. FS is also required to abide by public procurement laws; indeed FS and other companies belonging to it are to be considered public undertakings under Article 2(b) of Directive 2014/25/UE (coordinating the procurement procedures of entities operating in the water, energy, transport and postal services sectors). The EU legislative provision applicable to FS was transposed into Legislative Decree n. 50/2016 (*Nuovo codice dei contratti pubblici di lavori, servizi e forniture*).

According to its Articles of Association and pursuant to Article 2364 of the Italian Civil Code, the General Assembly (*Assemblea*) of FS, composed by the sole shareholder, MEF, resolves, in particular, on: (i) the appointment and revocation of members of the Board of Directors (*Consiglio di Amministrazione*) and the Board of Statutory Auditors (*Collegio Sindacale*) as well as their remuneration; (ii) the responsibility of the Board of Directors members and the Statutory Auditors; and (iii) the approval of the annual financial statements.

**Debt Structure**

FS, RFI, Trenitalia and Anas hold the majority of the Group’s debt (96 per cent. of Total Debt at 31st December 2020). RFI's borrowings are solely used to fund infrastructure investments and Trenitalia borrowings are entirely linked to the purchase/revamping of rolling stock, as described in further detail in the "Use of Proceeds" section.

The Group has a balanced debt maturity profile extending out over the coming 14 years.

Part of FS’ debt is funded directly through guaranteed State transfers (Euro 384 million out of a total debt of Euro 11.6 billion as of 31 December 2020).
As of 31 December 2020, an amount of Euro 1.73 billion of private placement bonds is fully underwritten by Eurofima, a European infrastructure supranational entity rated Aa2 by Moody’s and AA+ by Standard & Poor’s.

FS has significantly increased the use of senior unsecured bonds for its funding needs since the establishment of this EMTN Programme, which as of 31 December 2020 account for 54% of FS Group’s long term financial sources. Supranational entities such as EIB, Cdp, Eurofima, still act as important Group’s lenders whereas bank lending accounts for 12%. These percentages are calculated on the long term debt held by FS, RFI and Trenitalia which amounts to around Euro 8.95 billion.

The pie-chart below shows the breakdown of financial sources in 2012, 2013, 2018 and 2020 (source: graphs figures from FS Group annual reports).

The split of debt by the Group’s main companies at 31 December 2020 can be summarised as follows:

Given improvement in profitability and conservative debt management, Net Financial Debt / EBITDA has keeping stable around to 3x in last years and in 2020 raised to 5.4x only due to COVID impact on EBITDA.

Historically low borrowing costs and effective management of financial costs, including interest rate risk management policies, resulted in EBITDA interest cover improved substantially in the last years and still over 8x in 2020 despite the crisis context.

FS Italiane maintains a strong equity cushion and capital base which offsets its debt leverage (source: graphs figures from FS Group annual reports):
Deed of Concession

FS’ infrastructure, both railway and road, as well as national rail passenger activities are subject to public service obligations and are agreed by contract with the State through the RFI Deed of Concession and Anas Deed of Concession.

RFI acts as the national railway infrastructure manager, as set forth in the RFI Deed of Concession with the MIMS, under which RFI’s role consists of developing, strengthening and maintaining the Italian rail network and controlling traffic and handling relations with train operators over safety standards and access to the tracks. The relationship between RFI and the State is governed by the Contratti di Programma.

Anas acts as the national road infrastructure manager, as set forth in the Anas Deed of Concession with the MIMS, under which Anas’s role consists of managing, developing, strengthening and maintaining the Italian road and motorway network, controlling the management of motorway granted to third concessionaires, supervising construction works on third concessions. The relationship between Anas and the State is governed by the Contratto di Programma.

Public Service Contracts

The relationship between Trenitalia and the Italian central/local administrations are regulated by different PSCs in which the required level of services is specified in terms of quantity and quality, tariff obligations, and fees. The State and the Regions define the perimeter of the services to be provided on the basis of mobility and accessibility needs. Such contracts are subject to specific regulation that defines eligible costs.
in terms of company operational expenses, depreciations and adequate capital investments returns. As the State and Regions define quantity and quality of rail services included in the contracts, it is left to their discretion to decide to reduce or increase the rail services according to the terms and conditions defined in the contract. PSCs contain appropriate tools and clauses to guarantee payments to railway undertakings by Regions within the stated terms. Rail fares are adjusted annually for (1) inflation; (2) any variations on contractual quality/performance objectives (e.g. punctuality, cancellations, cleaning); (3) change in access infrastructure charges; and (4) changes in regional fare policy.

Trenitalia primarily self-finance its own rolling stock. A put clause in favour of Trenitalia provides that the rolling stock accounted for by Trenitalia during the life of the contract according to the contractual terms have to be purchased by the Region should the services be assigned to another company. On the other hand, a call clause in favour of Regions provides that the rolling stock accounted for by Trenitalia during the life of the contract according to the contractual terms have to be sold by Trenitalia should the services be assigned to another company.

According to EC Regulation n. 2016/2338, competitive tendering is the main rule for awarding public service contracts, but member states’ competent authorities (Regions and Central Government) are allowed to opt for direct awarding of PSCs. Since 1997 only a few Regions have launched tenders for local rail transport (Emilia Romagna, Valle d’Aosta, Piemonte). To date, all the PSCs have been awarded to Trenitalia (on its own or as a consortium leader). From 2023, national and local authorities will still be able to directly award service contracts under certain conditions.

**National Public Service Contracts**

The MIMS produces an investigation on medium/long distance passenger transport market conditions in order to ensure the equilibrium between costs and revenues of the rail service is maintained. The Interministerial Committee for Economic Planning ("CIPE") identifies the rail passenger services perimeter to be included in the National PSC. The MIT and MEF, within the limits of available financial resources, negotiate with the railway undertaking with respect to the annual services timetable, with the aim of guaranteeing the achievement of an economic equilibrium during the validity period of the contract. This analysis is based on a multi-year business plan ("PEF") that defines a specific regulatory accounting for eligible costs covered by State compensation, which includes the cost of capital.

The contract concerns medium/long distance public transport services, and it is regulated by Law 166/2002 in accordance with the EU legal framework. Since 1\textsuperscript{st} January 2017 the new 2017-2026 National PSC for passenger services, signed between the competent authorities (MIT and MEF) and Trenitalia, is in force.

**Regional Public Service Contracts**

Regions are responsible for Regional PSCs in which scheduling, pricing and planning of the services are set. Regions, within the limits of available financial resources, negotiate with Trenitalia with respect to the annual services timetable, with the aim of guaranteeing the achievement of an economic equilibrium during the validity period of the contract. This analysis is based on a multi-year business plan ("PEF") that defines a specific regulatory accounting for eligible costs covered by compensation, which includes the cost of capital.

Trenitalia renewed almost all of the contracts for 9 years and is negotiating with most of the Regions to replace them with new contracts of 15 years (from 2020 for 10 years due to Reg. 2016/2338), nine of them already signed. Reviews of tariffs and fee structure within a PSC normally occur after the contract expires, but every year it is provided a comparison between PEF prevision and economic final balance (CER); in same case it would be necessary to review PEF.

**PSCs current status may be summarised as follows:**

<p>| Emilia Romagna | Signed with Trenitalia for the period 2016-2018. For the period 2019-2041 the PSC has been assigned to TrenitaliaTrasporto Passeggeri Emilia Romagna S.p.A. after a tender process. |

Judicial Investigations and Proceedings (Arbitration, Antitrust Proceedings and Proceedings before the Public Contracts Supervisory Authority; Administrative Litigation)

In relation to the most significant judicial investigations and proceedings initiated by some public prosecutors' offices against former representatives of the Group companies, to date no events have been reported which the Issuer believes could lead to either Group companies themselves or the Group being exposed to material liabilities or losses, nor is the Group aware, at present, of events that could considerably affect their economic, financial and equity position. Furthermore, in cases where circumstances existed, the Issuer appeared as an aggrieved party to recover damages.
In 2021, following the proceedings initiated by the public prosecutors against former or current Group company representatives, there were no definitive rulings against senior management (company officers or general managers) for any of the following:

- particularly serious negligent criminal acts entailing significant damage to the concerned Group company or that gave rise to the application of restrictive measures;
- negligent criminal acts covered by Legislative decree no. 231/2001; and
- additional negligent criminal acts covered by Law no. 190/2012.

To meet disclosure requirements, the paragraph below includes information on criminal proceedings and contingent assets and liabilities arising from the most significant civil, administrative and arbitration proceedings and proceedings before the Italian and EU authorities.

**Litigation pursuant to Legislative decree no. 231/2001**

- Hearings are underway in criminal proceedings no. 2554/2013 in the general register of crimes at the Foggia Court against RFI pursuant to Legislative decree no. 231/01 concerning the fatal workplace accident on 5 March 2010 at Cerignola, in which an employee of Fersalento S.r.l. died.

- With respect to criminal proceedings no. 6305/09 in the general register of crimes pending before the public prosecutors' office at the Lucca Court, following the railway accident in Viareggio on 29 June 2009, on 6 September 2021 the IV Criminal Section of the Supreme Court deposited the motivations of the judgement dated 8 January 2021, which have confirmed the reading of the ruling adopted by the Supreme Court. According to the ruling, the Supreme Court – in acceptance of the defence's claims - excluded the existence of the aggravating circumstance of the violation of the regulations for the prevention of accidents at work pursuant to article 589, paragraph 2, of the Italian criminal code. Consequently (i) all the companies convicted in the second instance with respect to the administrative offence pursuant to article 25-septies of the Legislative decree no. 231/2001, including RFI and Trenitalia (as well as Mercitalia Rail, as the beneficiary of the spin-off of Trenitalia's Cargo branch) were definitively acquitted of the charge because “the fact does not exist” (the acquittals already ordered in the first and second instance in favour of FS and FS Logistica, as at the date hereof Mercitalia Logistics, in the absence of an appeal brought by the general public prosecutor, had already become definitive); and (ii) the provisions of the judgement of the appeal relating to the crime of manslaughter (article 589 of the Italian criminal code), which was declared extinct due to the lapse of the statute of limitations, were annulled without reference. With regard to the charges for the other alleged crime, (i.e. involuntary rail disaster pursuant to articles 430 and 449 of the Italian criminal code) the Supreme Court confirmed the criminal liability declared by the Court of Appeal against the CEO pro tempore of Trenitalia and the CEO of Cargo Chemical, then the Head of the Chemical Industry and Environment Business Unit of FS Logistica, as well as against the defendants of the GATX Group (except for one, referred to appeal for a new trial) and Cima Ripanzioni. The Supreme Court also annulled the contested conviction in relation to the position of the Director pro tempore of Trenitalia's Cargo Division, the former CEO of RFI and the former CEO of FS (previously CEO of RFI), as well as an official of RFI and an official of Trenitalia, and referred the case to another section of the Court of Appeal of Florence for a new trial. The appeal brought by the general public prosecutor against the acquittal of 5 RFI officials was also rejected, which therefore became definitive. The Supreme Court also annulled the rulings issued by the judges on the merits in favour of various civil parties, the majority of which were associations and trade unions, while for two other parties it returned/referred the case to the appeal stage. This will be followed by adjournment proceedings regarding the points still open (quantifying aspects of the sentence for most of the defendants and aspects regarding ascertainment of responsibility for the pro tempore CEOs of FS SpA and RFI and an official of RFI and two positions attributable to Trenitalia).

- Criminal proceeding No. 1430/2014 - registered against the former CEO and certain managers and employees of RFI, for the crime of manslaughter, and the company, for the administrative offence pursuant to art. 25 septime of Legislative Decree 231/2001, in relation to the fatal investment of three maintenance agents of RFI itself, which occurred on 17 July 2014 between the stations of Falconara and Butera - the first level of judgment was concluded, with a sentence issued by the
Criminal proceeding No. 3566/2015 - following the accident, which occurred on 5 March 2015, to the detriment of an employee of the company A.T.S. Costruzioni working at the OMC Locomotive of Rimini - against the manager at the time in charge of the Rimini O.M.C. of Trenitalia, together with the employer and the supervisor of A.T.S. Costruzioni, for the crime provided for by art. 590 paragraphs 1 and 2 of the Italian Criminal Code. The Trenitalia manager was also charged with violation of art. 26 paragraph 2 of Legislative Decree no. 81/2008 and the company was charged with the administrative offence pursuant to art. 25 septies paragraph 3 of Legislative Decree no. 231/2001. On September 27, 2021 the first level of the trial was concluded with the acquittal of the Trenitalia manager, for not having committed the deed, and of Trenitalia itself, whose liability pursuant to Legislative Decree no. 231/2001 was excluded; the judge instead ordered the conviction of the former Director and the manager of the contractor, also declaring the liability of A.T.S. Costruzioni pursuant to Legislative Decree no. 231/2001. Deposit of the grounds is awaited.

Criminal proceedings No. 20765/2014 in the general register of crimes are pending before the Florence Court in reference to the fatal accident that occurred on an employee of the Trenitalia regional administration for Tuscany on 12 January 2014 during rolling stock shunting operations. One employee working as a signalman at the watchtower at the entrance to where train carriages are kept lost his life in the accident. The preliminary hearing is being held against two managers and two employees of Trenitalia (charged with negligent manslaughter for violations of anti-accident legislation, and Trenitalia is also charged with administrative liability following a crime covered by article 25-septies of Legislative decree no. 231/2001. The case was settled with the sentence issued on 1 March 2021 and filed on 28 May 2021, with which, at the request of the parties, all the defendants were acquitted with the formula "the fact does not exist", and consequently the company was cleared of the alleged offence.

Criminal proceedings No. 1525/08 in the general register of crimes (the "Truck Center" case) relate to multiple negligent manslaughter for an accident occurred on 3 March 2008 to five workers of the subcontractor company Truck Center, in which the defendants, being, among others, the former CEO and a former official of FS Logistica – BU Cargo Chemical S.p.A. (commissioning company) as of the date hereof Mercitalia Logistic S.p.A. (previously known as FS Logistica S.p.A.) and the company itself, have been charged with both third party liability and administrative liability following a crime covered by article 25-septies of Legislative decree no. 231/2001. Reversing the first-level ruling, with the ruling dated 19 July 2017, the Bari Court of Appeal has acquitted the representative of the then FS Logistica, which became Mercitalia Logistics S.p.A., and the company itself. As a result of this ruling, the €1.4 million administrative sanction issued by the first instance court against Mercitalia Logistics S.p.A. has been revoked. The decision of the court of appeal has been challenged by the public prosecutor before the Supreme Court. At the hearing of 8 February 2019, the Supreme Court nullified the acquittal, referring the case to a different section of the Court of Appeal of Bari. The grounds of the judgement were published on 25 March 2019. In the new appeal proceedings, the executives referring to FS Logistica S.p.A. requested the application of the penalty on request. Having assessed, on the advice of the external defence counsel and considering the procedural context, also with the view of benefiting from a reduction of the sanction, Mercitalia Logistics also decided to seek a plea bargaining agreement, such decision having been submitted to the company's board of directors and approved by it. The proposal of reduction of the administrative penalty from Euro 1.4 million to Euro 900,000 was accepted by the public prosecutor. At the hearing of 21 December 2020, the Court of Appeal of Bari read out the ruling whereby, with regard to the positions connected to Mercitalia Logistics, upon acceptance of the plea bargaining, the Court (i) convicted the pro-tempore CEO and the manager of the former FS Logistica – BU Cargo Chemical S.p.A. who have been sentenced to imprisonment for, respectively, one year and six months' and two years', granting the general
extenuating circumstances and the benefit of the conditional suspension of the sentence and
revoking the accessory penalty of temporary disqualification from public office for five years; (ii)
reduced the administrative fine for administrative offence pursuant to art. 25-septies of Legislative
decree no. 231/2001 imposed on Mercitalia Logistics to Euro 900,000, also revoking the civil
penalties adopted against it as civilly liable. TheCourt also accepted the other plea bargains
agreement put forward by positions outside the FS Group and confirmed the sentences handed
down in first instance against the contractor and the liquid sulphur purchasing company, pursuant
to Legislative decree no. 231/2001. On March 10, 2021, the grounds for the judgment were filed.

• In the criminal proceedings no. 6769/2015 in the general register of crimes with the public
prosecutors' office pending before the Perugia Court, on 11 June 2018, the judge of preliminary
hearing issued the notice sending all the defendants, including Busitalia Sita Nord S.r.l., to trial.
The judge of the preliminary hearing also requalified the alleged crime pursuant to article 640 bis
of the criminal code retaining the fact less serious than aggravated fraud against the State (pursuant
to article 640, paragraph 2, no. 1 of the criminal code) which was originally alleged. As at the date
hereof, the hearing is on-going.

• Criminal proceedings no. 18773/2009 in the general register of crimes with the public
prosecutors' office pending before the Bari Court involve FSE for a alleged administrative liability pursuant to
Legislative decree no. 231/2001 in connection with the claim of fraud – originally charged with
the aggravating circumstance of transnationality, later excluded by the judge – (alleged to have
occurred through the purchase in Poland of rolling stock at a price higher than its market value)
and against the former sole director of the company. The proceedings is referred to events occurred
prior to the transfer of FSE participation into FS Group and thus its management. Following the
committal to trial of the natural persons involved and the company, the trial is on-going.

• Criminal proceedings no. 3651/18 in the general register of crimes with the public
prosecutors' office pending before the Milan Court: on 25 January 2018, in Seggiano di Piotello (near Milan),
a railway accident occurred to the regional train no. 10452 managed by Trenord S.r.l., operating
in the railway line between Cremona and Milan – Porta Garibaldi, resulting in the death of 3
passengers and injuries to other passenger. At the request of the Public Prosecutor's Office, the
Preliminary Investigation Judge ordered the dismissal of the cases relating to Trenord S.r.l. and
ANSF. Following the request for committal for trial made by the Public Prosecutor against the
Managing Director and 8 officials of RFI as well as the Company itself, as the accused pursuant
to Legislative Decree no. 231/2001. At the outcome of the preliminary hearing, on 21 June 2021,
the judge issued a decree ordering trial before the Court of Milan, for all the crimes charged
(involuntary railway disaster, involuntary manslaughter, negligent injury, wilful failure to take
precautions against accidents at work) against all the defendants and the Company pursuant to
Legislative Decree no. 231/01. At the preliminary hearing, 63 individuals and two associations
(FILT CGIIL and Medicina Democratica) were admitted as plaintiffs. RFI, summoned as civilly
liable, appeared in court.

• Criminal proceedings No. 6224/2016 RGNR, which is pending before the public prosecutor's
office of Parma, concerns a tender for the provision of Local Public Transport (LPT) services by
road (servizi di TPL su gomma) in the Parma area, in connection with which the Chief Executive
Officer pro tempore and a manager of Busitalia Sita Nord S.r.l. and other parties external to the
FS Group are being charged, inter alia, with the crimes of disrupting the freedom of public tenders
and bribery between private parties. On 28 August 2019, the company was served notice of the
conclusions of the preliminary investigations pursuant to article 415 bis of the Italian criminal
code, in which Busitalia Sita Nord S.r.l. was formally charged pursuant to Legislative Decree No.
231/2001 with the administrative offence (article 25 ter, paragraph 1, letter S bis) connected with
the crime of bribery between private individuals. On 22 December 2020, the judge for preliminary
hearing of the Court of Parma issued the decree ordering the trial against the company in relation
to the abovementioned administrative offence and in its capacity as civilly liable in relation to the
conduct ascribed to the Managing Director and to the Head of the Strategic Planning and Market
Development Structure of the company. The company was notified of this decree on 17 February
2021. Judgment in the first instance is now pending.

• Criminal proceedings No 1265/2018 RGNR is pending before the public prosecutor's office of
Arezzo in connection with the alleged illegal disposal of hazardous special waste containing
asbestos. The event originated from the collapse of a slope on the SS. n. 3 bis "Tiberina", route E45 (Rome - Ravenna), following which Anas entrusted a company with the disposal of the produced waste. On 18 April 2019, the notice of completion of the preliminary investigations was filed. Anas, accused pursuant to Legislative decree no. 231/2001, articles 5 and 25 undecies, on 22 May 2019, through the appointed lawyer, filed a defence brief requesting the filing of its position, given the adoption by the company of all the appropriate control measures to prevent "organization negligence". Consequently, the public prosecutor has requested the filing of the Anas’ position. Thereafter, in acceptance of the public prosecutor’s request, on 31 December 2020 the judge for preliminary investigations ordered the charges against Anas to be dismissed.

- Criminal proceedings No. 3518/2009 RGNR was initiated by the public prosecutor's office of the Court of Salerno following the fatal accident occurred on 18 March 2009 in which an employee of Contursi Scarl, a consortium company set up by the subcontractor ATI Tirrena Scavi S.p.a. (Società Internazionale Galleria S.r.l. (awarded to Pizzarotti & C. S.p.A.), died during the construction of the S. Angelo Tunnel along the Salerno/Reggio Calabria. The alleged crime is manslaughter, article 589 of the criminal code. In total, 8 natural persons are charged: 4, as representatives of the Consortium Company and of the successful bidder, and the same number as for employees of Anas, charged in turn pursuant to articles 5 and 25-septies of Legislative decree no. 231/2001 and subsequent amendments and integrations. The public prosecutor's office also included Anas among the companies accused on the grounds that its employees were accused of violating the obligations of safety and supervision over persons delegated for ensuring worksite safety. According to the prosecution reconstruction, in fact, these omissions would have contributed to determine the event. As at the date hereof, the proceedings is on-going.

- Criminal proceedings no. 3556/2019 RGNR is pending before the public prosecutor's office of the Court of Brindisi. On 23 January 2020, Italferr S.p.A. was notified "Information of guarantee for administrative offence dependent on crime (Informazione di garanzia per illecito amministrativo dipendente da reato)" in relation to the death accident occurred between 9 and 10 July 2019 in Brindisi, during the performance of some work by the subcontractor H.TEC Italia S.r.l., employer of the victim of such accident, as part of a contract awarded to RFI. H.TEC Italia S.r.l. and Italferr S.p.A. (which carried out, on behalf of RFI, among the others, the services of works management, works supervisor and safety coordinator during the execution phase) are charged with the administrative offence pursuant to article 25-septies paragraph 2 of Legislative decree no. 231/2001. The notice of the request for an extension of the deadline for preliminary investigations shows that the criminal proceedings are pending, for the crime of negligent manslaughter, against eight individuals, including four representatives of Italferr S.p.A.. On 21 September 2020, the public prosecutor filed an indictment against the coordinator for the work execution of Italferr S.p.A. as well as against two representatives of the subcontractor with the role of employer and supervisor of the victim. The preliminary hearing is on-going for the above-mentioned positions. With regard to executives and managers of both Italferr S.p.A. and the company itself, in relation to liability pursuant to Legislative Decree no. 231/2001, the public prosecutor submitted a request to the judge for preliminary investigations to dismiss the case, which was opposed by the plaintiff. On 8 July 2021 a hearing was held in chambers before the judge in charge of preliminary investigations, who reserved his decision. A decision is awaited.

- Criminal proceedings no. 524/2020 RGNR, which is pending before the public prosecutor's office of Lodi, following the diversion of the AV 9595 train in Livraga on 6 February 2020, on 5 October 2021 the Public Prosecutor's Office issued a notice of conclusion of the preliminary investigation. 2021, the Public Prosecutor's Office issued a notice of conclusion of preliminary investigations, accusing the CEO pro tempore and five managers/employees of RFI and the CEO pro tempore and eight managers/employees of Alstom of crimes of negligent railway disaster and negligent homicide. As far as RFI is concerned, the positions of three employees and one manager originally registered have been eliminated. The companies RFI and Alstom have been charged with the administrative offence pursuant to art. 25-septies of Legislative Decree no. 231/2001..

Other significant criminal court proceedings

- Criminal proceedings no. 503034/2012 in the general register of crimes previously with the public prosecutors' office at the Rossano Court and subsequently transferred to the Castrovillari public prosecutors' office relate to a fatal accident in which a train hit a car with six people inside it at the
private railroad crossing on the Rossano C. - Mirto Crosia section. The public prosecutor has request to send to trial RFI managers and employees (some of whom are pensioners) and non-FS Group parties charged with unintentional manslaughter and unintentional railway disaster. Since FS was wrongly summoned as civil liable party at the preliminary hearing stage of the proceeding, RFI joined the proceeding as civil liable party in place of FS. At the same hearing, five civil parties, related to some of the victims, appeared. At the hearing of May 21, 2021, the Preliminary Hearing Judge declared the statute of limitations for manslaughter, ordered the concession holder not to proceed and sent all the other defendants (13 employees of RFI and the holder of the keys to the Private Level Crossing) to trial for the crime of negligent railway disaster, before the Court of Castrovillari.

- Criminal proceedings no. 6662/2017 RGNR and no. 23758/2019 RG pending before the Court of Napoli were brought following the fatal accident to an employee of Trenitalia at IMC ETR in Napoli. Certain managers and employees of the company were charged with the crime of manslaughter committed in violation of the rules concerning the prevention of accidents at work. As at the date hereof, the proceedings is on-going. The preliminary hearing phase ended with the committal for trial of all the defendants. The trial is currently underway before the Court of Naples, sitting as a single judge.

- Criminal proceedings no. 2615/2018 in the general register of crimes with the public prosecutors' office at the Ivrea Court relate to a railway accident occurred on 23 May 2018 on the Chivasso/Ivrea line when regional train no. 10027 hit a lorry that had driven through the level crossing barriers, and got stuck on the tracks. The train driver and the driver of the escort service died and many other people were injured. The public prosecutor served notice of the conclusion of preliminary investigations on six suspects: the legal representative of the firm responsible for transport; the legal representative of the company holding the authorisation to carry out exceptional transport; the legal representative of the company in charge of the technical escort; the head of the technical escort; two drivers. Proceedings are being brought for culpable disaster, manslaughter and culpable lesions, as well as for violation of workplace health and safety regulations pursuant to Legislative Decree no. 81/2008 regarding failure to adopt a risk assessment document and failure to provide workers with correct information regarding the specific risks involved in the activity. Trenitalia is an injured party.

- Criminal proceedings no. 4153/2016 in the general register of crimes at the Bari Court were commenced by the public prosecutors' office against FSE's former sole director and other persons. The allegations relate to several instances of document, corporate company and fraudulent bankruptcy which put the company in distress and resulted in the need for FSE to access the procedure for a composition with creditors. FSE and FS are also claimants and joined the proceedings. The hearing is currently on-going.

- Criminal proceedings no. 8790/2016 in the general register of crimes with the public prosecutor's office at the Court of Lecce are pending at the preliminary hearing phase before the judge of the preliminary hearings of the Court of Lecce, with charges of unintentional road homicide, pursuant to article 589-bis of the criminal code, and unintentional road personal injuries, pursuant to article 590-bis of the criminal code, lodged against an employee of FSE for the accident occurred on 1 August 2016 while he was driving the company bus. In connection with such accident in which one man died and a second person was injured, FS has been sued for third party liability along with the insurance company. On 5 June 2019 the judge acquitted the defendant and consequently excluded all liabilities of FSE because the fact does not constitute a crime. The defence of the plaintiff has filed an appeal and the next hearing has been scheduled for 7 March 2022.

- Criminal proceedings no. 6310/2017 in the general register of crimes with public prosecutor's office at the Court of Lecce are pending at the preliminary investigations phase relate to an accident occurred on 13 June 2017 between two trains of FSE at the exit of Galugnano, within the Municipality of San Donato di Lecce, on the stretch of line between the main city of the Salento area and Otranto. The notice of conclusion of preliminary investigations was served to two FSE managers on 11 December 2018. According to the notice, two managers and two company employees are accused of negligence causing a train crash, causing damage to people (approximately 20 injured people, including passengers and FSE personnel) and property (collided trains). Following the request for indictment submitted by the public prosecutors' office of Lecce,
a preliminary hearing was scheduled, at which a plea bargaining request and a request for an abbreviated trial were made. Finally, the judge of the preliminary hearing indicted two executives of FSE for trial before the Collegial Court of Lecce, against whom, at the hearing of June 14, 2021, at the end of the first degree judgement, the Court issued a sentence of acquittal for not having committed the deed.

- Criminal proceedings no. 5926/2015 RGNR DDA was initiated by the public prosecutor's office of Reggio Calabria in relation to two tenders, the first awarded to Anas for "extraordinary maintenance work on Via Casa Savoia di Gallico overpass (lavori di manutenzione straordinaria del sovrappasso di Via Casa Savoia di Gallico) (formerly S.S. no. 184 Gambierie) at km 438+000 of the ASR", and the second awarded to RFI for "construction work on the Pentimele stop of the surface metro" (i lavori di realizzazione della fermata di Pentimele della Metropolitana di superficie). Some of the companies which carried out the works (external to the FS Group) and also six employees of Anas were involved, and are being charged with offences of criminal association, including mafia-type criminal association (articles 416 and 416-bis of the Italian criminal code), improper bribery, judicial corruption (articles 319 and 319-quater of the Italian criminal code), abuse of office and fraud (articles 323 and 640 of the Italian criminal code). On 12 March 2020 the preliminary hearing phase started, during which Anas, identified as the injured party, joined as a plaintiff and 5 individuals, out of 20 defendants, requested an abbreviated trial procedure. The phase before the Judge for the preliminary hearing was concluded at the hearing of 22 January 2021, with the committal for trial of 15 defendants for whom the first degree hearing is now pending. The abbreviated procedure was also concluded on the same date of the hearing with the issue of 2 sentences of conviction, against persons outside Anas, and 4 acquittals, including one in favour of an Anas employee, depending on the various charges brought against the 5 defendants who had requested the alternative procedure.

- Criminal proceedings No 4877/18 R.G.N.R., pending before the Bari public prosecutor's office and originating from an FSE complaint, are part of the main criminal proceedings for bankruptcy No 4153/2016 R.G.N.R. - Bari public prosecutor's office against the former Sole Administrator of the FSE and other parties, currently in the trial phase. The public prosecutor's office, within the framework of procedure no. 4877/18 R.G.N.R., issued the notice of conclusion of the preliminary investigation, acquired in October 2019 from the defender appointed by FSE. The former Sole Director of FSE and other officials of the bank are currently registered in the register of suspects for the crimes of "preferential fraudulent bankruptcy in favour of the creditor BNL" and "improper fraudulent bankruptcy due to the effects of malicious transactions". In the request to take the case to trial, FSE and FS, together with other parties, have been identified by the public prosecutor as injured parties. Preliminary hearing is underway, during which FSE and FS will form a civil plaintiff's claim.

**Civil and administrative proceedings**

- K2 discount pursuant to Ministerial decree no. 44T/2000. With respect to what indicated in the annual report for the year ending on 31 December 2017, to which reference should be made for additional details, the civil action commenced by Trenitalia before the civil court of Rome to obtain that RFI pays the amounts related to the K2 discount, against the elimination of MIMS Decree no. 92T of 11 July 2007 (Council of State’s ruling no. 1110/2013 on the basis of which the Council of State issued ruling no. 1345/2014), is on-going. As part of these proceedings, the judge allowed RFI to impale the MIMS and the MEF to guarantee and indemnify the amounts related to the K2 discount which may be paid to Trenitalia. Both ministries have convened and the Court postponed the hearing to 15 January 2020 for the decision on the requests for investigation. In legal proceeding, RFI has - among other things - objected to the lack of active legitimacy and, in any case, the lack of ownership by Trenitalia of the undue credit for the portion of the K2 discount relating to services provided for the transport of goods, as a result of the corporate spin-off between Trenitalia and Mercitalia Rail S.r.l. concerning the assignment, with effect from 1 January 2017, of the "goods" business unit in favour of Mercitalia Rail S.r.l., Mercitalia Rail S.r.l. has decided to take legal action. The proceedings are on-going and the CTU has been admitted thereto. As a result of the admission of the CTU, the expert operations are underway.

- Appeal against ART resolution no. 70/2014. Various FS Group companies (RFI, Grandi Stazioni S.p.A. and Centostazioni S.p.A.) lodged three extraordinary appeals with the President of Italy
against ART resolution no. 70/2014 ("Regulation for fair and equal access to railway infrastructures and commencement of proceedings to define the criteria for the definition of the toll to use railway infrastructures"). Initially lodged with the Lazio regional administrative court, the appeals were then transferred to the Piedmont regional administrative court where RFI and Grandi Stazioni S.p.A.’s cases were summarised. Trenitalia appeared in both proceedings on 5 May 2016. The appeals lodged by RFI S.p.A. and the former Grandi Stazioni S.p.A. were rejected by the Piedmont Regional Administrative Court with rulings nos. 541/2017 and 1025/2017, respectively. The companies filed an appeal against said rulings. As to RFI, on 7 February 2019, the Council of State upheld the appeal and, consequently, reversed the contested judgment and annulled the contested measures at first instance. For the sake of full disclosure, it should be noted that RFI did not appear in the appeal proceedings brought by GS RAIL S.p.A. and GS Retail S.p.A. With sentence no. 6108 published on 9 September 2009, the Council of State upheld RFI’s appeal (against sentence no. 541/2017 of the Piedmont Regional Administrative Court) and annulled resolution no. 70/2014 in the part relating to the regulatory measures that determined the HS/HC railway access fee for 2015. The Council of State has also recognized the need for the ART to renew the proceedings with regard to the regulatory period from 6 November 2014 to 31 December 2015 and to conduct a preliminary investigation that takes into account the principles set forth in this ruling. With ruling no. 1262 of 12 February 2021, the Council of State, rejected the appeals for revocation against Council of State sentence no. 6108/2019, brought by Trenitalia by another railway company and - incidentally - by ART. Council of State ruling no. 6108/2019 is therefore confirmed. At the date hereof, only the appeal promoted by ART on 23 December 2019 to the United Sections of the Supreme Court for the cassation of the judgment of the Council of State no. 6108/2019 on the assumption of an “encroachment” of the external limits of jurisdiction by the administrative judge remains pending. Pending the decision on the appeal to the Supreme Court, the ART, with Resolution no. 39 of 25 March 2021, initiated the regulatory procedure with call for consultation for the redetermination of the fee for access to the High Speed/High Capacity (HS/HC) railway infrastructure for the period from 6 November 2014 to 31 December 2015. On 17 June 2021, Resolution no. 88/2021 was published, with which the ART defined the criteria for quantifying the amount that railway undertakings (RUs) operating in the HS/HC segment are required to pay to RFI as an infrastructure access charge for the period of validity of ART Resolution no. 70/2014. With regard to the challenging proposal by the former Grandi Stazioni S.p.A., it should be noted that with decision no. 5534/2019, the Council of State rejected the appeal by the station manager (formerly Grandistazioni) against decision no. 1025/2017, thus confirming - among other things - that the areas used for the reception and assistance of passengers are also subject to the regulatory powers of the Authority.

- Appeal against ART resolutions no. 96/2015 and no. 80/2016. With an extraordinary appeals before the President of the Republic of Italy, RFI, Trenitalia and the former Grandi Stazioni S.p.A. appealed against ART resolution no. 96 of 13 November 2015 containing the principles and criteria for determining the fees to access and use the railway infrastructure. Their appeals were transferred to the Piedmont regional administrative court. RFI also appeared in the proceedings pending before the Piedmont regional administrative court for the appeal lodged by another railway company against the same ART resolution no. 96/2015. Following the termination of the proceedings commenced by RFI for loss of interest by the infrastructure operator (Piedmont regional administrative court’s ruling no. 1287/2017), the appeals lodged by Trenitalia against ruling no. 1240/2017 (in which the Piedmont regional administrative court rejected Trenitalia’s appeal against Resolution no. 80/2016) ended with a judgment of rejection no. 371 of 11 January 2021, and against ruling no. 57/2018, in which the Piedmont regional administrative court rejected Trenitalia’s appeal against Resolution no. 96/2015 (and related measures) - concluded with a judgment of rejection No. 4216 of July 1, 2020. For the sake of clarity, it should be noted that, with sentence no. 58/2018, the Piedmont Regional Administrative Court also rejected the appeal lodged by the former Grandi Stazioni S.p.A. against Resolution no. 96/2015 (and consequential measures).

- As at the date hereof, Trenitalia is part of two important on-going disputes with one of the main suppliers of rolling stock. During 2019, first instance rulings in favour of the Trenitalia were issued. Both judgements were appealed by the counterparties and the related second instance proceedings were postponed for clarification of the conclusions at the end of 2021 and beginning of 2022. With reference to any charges that may arise with a final judgement, these would essentially constitute a higher value of the reference investments.

1) two lawsuits brought before the Court of Rome by Strada dei Parchi (RG no. 33007/2016 and RG no. 77217/2017) for compensation for the damages allegedly suffered due to the conditions of the freeways under concession, valued in total at approximately 550 million euros. The two judgments were joined and decided by sentence no. 16036 published on 16 November 2020, with which the Court of Rome rejected all of Strada dei Parchi's claims, ordering it to pay the legal costs. With a summons notified on 17 December 2020, Strada dei Parchi lodged an appeal, pending before the Court of Appeal of Rome, section I, RG no. 6914/2020. The hearing has been set for 22 December 2021;

2) litigation originating from the injunction obtained by Anas in relation to the receivables of the 2017 and 2018 instalments, the ninth and tenth instalments of the Central Guarantee Fund and the concessionary receivables accrued until March 2019 (RG no. 75938/2019). The two instalments were the subject of an intervention by the legislature which, by means of article 9 tricies semel of Law Decree no. 123/2019, converted into Law no. 156/2019, ordered the suspension of SdPs obligation to pay the 2017 and 2018 instalments of the concession consideration, each in the amount of 55,860,000 euros, including deferment interest. By order of 12 November 2020, the judge granted the provisional enforceability of the opposing injunction, pursuant to art. 648 of the code of civil procedure, limited to the amount of 29,050,321.30 Euros plus conventional interest, recognizing the amounts invoiced by way of concession fee (instalments 2017 and 2018) and related additions as due, as well as the tenth instalment of the debt to the former Central Guarantee Fund. The hearing for the clarification of the conclusions is set for 9 December 2021. The amount of Euro 29,050,321.30 plus interest until 5 May 2021 (for a total amount of Euro 30,421,919.80) was fully recovered by Anas following the notification of the writ of summons referred to in point 3) below;

3) by virtue of the aforesaid order of 12 November 2020, on 26 January 2021 Anas served a writ of summons against which Strada dei Parchi lodged an opposition by means of a writ served on 5 February 2021, initiating judgment RG 9684/2021. The next hearing (for the admission of evidence) has been set for 7 March 2022;

4) RG 47339/2020 enforcement procedure proceedings brought by Anas before the Court of Rome to obtain payment of the 2019 instalment, the eleventh instalment of the Central Guarantee Fund and the concessionary receivables relating to the period April 2019-July 2020, for a total amount of Euro 82,595,580.21 plus interest. Anas obtained the issue of injunctive decree no. 16723/2020, opposed by Strada dei Parchi with a summons served on 27 November 2020 (RG no. 67037/2020). The appearance hearing has been set for 25 November 2021;

5) on 22 June 2021 an appeal for an injunction was filed with the Court of Rome aimed at obtaining payment of the 2020 instalment, the twelfth instalment of the Central Guarantee Fund and for the concessionary credits up to the balance relating to March 31, 2021 (totaling 74,851,259.62 Euros). The appeal was entered in the register on 29 June 2021 and bears RG 39648/2021. On 13/07/2021 the related Court Order no. 13091/2021 - which is not provisionally enforceable - was issued against Strada dei Parchi, which opposed it by means of a writ served on ANAS on 24/09/2021 (RG.58561/2021). The first appearance hearing indicated in the summons has been set for 7 March 2021

6) proceedings before Lazio Regional Administrative Court brought by PLUS S.r.l. On 30 March, 2021, with prot. CDG 193948, Plus S.r.l. appealed to the Lazio Regional Administrative Court against Anas and SdP to cancel the silence of the resistant administrations with respect to the application notified via PEC on 2 February 2020, with which the appellant requested to proceed with the purchase of building areas owned by it, pursuant to art. 42 bis of Presidential Decree no. 327/2001 as well as for the ascertainment of the obligation to provide in relation to the same request, through the adoption of an express measure, pursuant to art. 42 bis of Presidential Decree no. 207/2001 (RG. 3469/2021). On
April 9, 2021 a hearing was held in chambers and the Board adjourned the hearing for discussion of the case to 20 October 2021.

- **RFI - Gruppo COSIAC S.p.A.:** in 2011, Gruppo COSIAC S.p.A. brought an action before the Civil Court of Rome for damages (approximately EUR 1.039 billion) deriving from the alleged violation of the rules of fairness, impartiality and good faith in the execution of the integrated service concession for the doubling of the Tommaso Natale - Carini railway line and the connecting line with Punta Raisi airport. Pursuant to judgment no. 9769/2015 the Court of Rome, in full acceptance of the defences of RFI and with an order that COSIAC S.p.A. reimburse the costs of the proceedings, declared its lack of jurisdiction in favour of the administrative judge and rejected all claims for liability (contractual, pre-contractual and non-contractual). COSIAC S.p.A. has appealed against the abovementioned judgment. With sentence no. 1.477 of 1 March 2019, the Court of Appeal of Rome, partially upheld the appeal made by COSIAC S.p.A., referred the case back to the Court, recognizing the jurisdiction of the ordinary judge on the assumption that the request exercised in court by COSIAC S.p.A. is an expression of a subjective right arising from a private law contract. RFI appealed against this decision in front of the Supreme Court and appealed to the Court of Appeal for revision, on the grounds of contrast with the judgements already formed in the civil and administrative courts, also in regard to the issue of jurisdiction. With a writ of summons served on 3 May 2019, COSIAC S.p.A. resumed the case before the Civil Court of Rome. RFI joined the proceedings asking for the suspension of the proceedings pending the decision of the Supreme Court and the Court of Appeal to rule on the issue of the conflict of jurisdiction. At the hearing of 31 March 2021, the judge, having read the parties' briefs and deeming the case to be of a documentary nature, adjourned the hearing for the definition of the conclusions to May 26. With sentence no. 28388/2020 of 14 December 2020, the Supreme Court, SS.UU., rejected RFI's appeal, confirming the decision of the Court of Appeal. As at the date hereof, the revocation judgment is, however, still pending.

*Proceedings before the Italian and EU authorities*

- **EU cases SA 32179 and SA 32953.** On 28 March 2014, the European Commission's Directorate-General for Competition notified Italy of a decision to begin a formal investigation in connection with two potential state aid programmes relating to:
  a) state aid measures under the forms of transfers of infrastructure assets (case SA 32179); and
  b) compensation for a public service obligation in the rail freight sector (case SA 32953).

The first aid measure being investigated relates to four asset allocation operations within the FS Group, in which assets were allocated to Trenitalia and FS Logistica S.p.A., respectively. In particular, these transfers include assets that do not constitute railway infrastructure (they are mainly workshops) and are, in any case, no longer functional for the infrastructure operator. The second measure being investigated relates to the compensation by the Italian station to Trenitalia for the discharge of public service obligations in rail freight transport from 2000 to 2014 under three consecutive public service contacts. After 2015 and 2016, in which there were no further developments, near the end of 2017, the European Commission resumed the examination of both dossiers. Accordingly, considering the current stage of the cases and their complexity, and based on the opinions of independent legal experts, in line with previous evaluations, we believe that: i) the effects of any negative development with respect to case SA 32179 would substantially relate to assets, due to the re-allocation of assets within the FS Group; and ii) with respect to case SA 32953, it is still impossible to objectively identify a contingent liability or reliably estimate any amount that might be paid. As at the date hereof, the proceedings is on-going.

- **Appeals relating to the tender for the assignment of services for the Tuscany region.** With an appeal lodged on 15 April 2016, the consortium company MOBIT Scarl (consisting of Busitalia and other local public transport incumbents operating in Tuscany) appealed before the Tuscany regional administrative court against the region’s regulation ordering the definitive assignment of the tender to the only other participant, Autolinee Toscane S.p.A. ("AT"). The tender related to the assignment in a single lot of local public transport services for nine years, which may be extended for another two years, worth approximately €4 billion. AT, which also took legal action, presented a counterclaim to have the consortium MOBIT excluded from the tender. With ruling no.
1548/2016 of 28 October 2016, the Tuscany regional administrative court admitted the two appeals, cancelled the assignment of the tender and found that neither of the claimants had presented offers that met the region’s guidelines for the preparation of the economic/financial plan. All the participants (Mobit, AT and the Tuscany region itself) appealed against ruling no. 1548/2016 before the Council of State. The latter, with an ordinance issued on 6 April 2017, submitted the issues relating to the interpretation of certain provisions of Regulation (EC) no. 1370/2007, establishing that article 5 of such Regulation, containing the prohibition for beneficiaries of direct entrustments of public transport services to participate in tenders relating to territorial catchment areas other than those in which they operate under conditions of non-competitive advantage (prohibition of participation extra moena), is not applicable to a award procedure that took place before 3 December 2019. The proceedings have been referred to the Council of State, which set a hearing for discussion on 28 November 2019.

The judgment has been continuing before the Council of State. In the medium term, the Region of Tuscany reopened the tendering procedure by inviting the two tenderers to lend a new PEF in support of the technical and economic offer already made and proceeded to the provisional award in favour of AT. Mobit appealed against that note and the award of the contract to the Tuscany Regional Administrative Court, which, however, dismissed the action. The decision of the Regional Administrative Court was therefore appealed to the Council of State. Following the filing of the judgment of the EU Court of Justice of 21 March 2019, the Region of Tuscany proceeded with the final awarding of the tender to AT. On 11 December 2019, the Council of State rejected the appeal filed by Mobit, AT and the Tuscany region against the judgments of the Regional Administrative Court of Tuscany nos. 1548/2016 and no. 1159/2017. Mobit appealed also against the final award decision in favour of AT before the Tuscany Regional Administrative Court. On 19 March 2020 the Toscana Regional Administrative Court’s rejected Mobit requests (Ruling no. 344) and Mobit appealed against such decision before the Council of State. With ruling no. 4779 filed on 21 June 2021, the Council of State rejected the appeal lodged by the Mobit consortium and the cross-appeal lodged by AT. The tender was therefore definitively awarded to AT. The outgoing operators (including Busitalia Sita Nord and its subsidiary, ATAF Gestioni, which is responsible for the urban transport service in the city of Florence) are preparing to define the transfer of their assets and staff to the new operator.

- Appeal against the transfer of the investment in FSE to FS. With ruling no. 6417/2017, the Lazio regional administrative court rejected the appeal filed by Arriva Italia S.r.l., Ferrotramviaria S.p.A. and COTRAP to repeal MIMS Decree no. 248/2016 which identified FS as the party to receive the investment in FSE which, at the time, was held by said Ministry, thereby confirming its lawfulness. As part of the appeal to overturn the first-level ruling, the claimants indicated the failure to comply with the requirements applicable to government assistance as the first ground of appeal, in relation to: i) the granting of €70 million to FSE pursuant to article 1.867 of Law no. 2018/2015, as amended by article 47 of Law Decree no. 50/2017 and ii) FSE’s transfer to FS with no competitive procedure and no consideration. The Council of State decided to refer the issue to the European Court of Justice, pursuant to article 267, par. 1, letter a) of the Treaty on the Functioning of the European Union (decision to refer no. 3123/2018). On 8 May 2019, a hearing was held before the Court of Justice to discuss the preliminary ruling procedure and, at the end of July 2019, the conclusions of the Advocate General were announced. On 19 December 2019 the Court of Justice ruled on the preliminary questions (Case C-385/18) stating that – without prejudice to the verification which shall be carried out by the Council of State - article 107 of the TFEU shall be interpreted to classify as State aid both the allocation of a sum of money in favour of a public company and the transfer of the entire shareholding held by a Member State in the capital of such company to another public company providing for no consideration thereto but with the obligation on the latter to remove the capital imbalance of the former. Consequently, following the resumption of proceedings by the appellants on 3 February 2020, the Council of State shall take the necessary decisions on the basis of the interpretative judgment of the Court of Justice. On 22 October 2020, a hearing was held before the Council of State where the judges, recalling the rulings of the European Court of Justice, ordered, through the adoption of an ordinance published on 26 October 2020, the opening of the “verification procedure”, pursuant to article 66 of the Italian code of the administrative process (assessment ordered in order to complete the knowledge of facts that are not immediately inferred from documentary evidence) to be carried out in the cross-examination of the parties, on the following question: “the auditor shall say...
whether the value of FSE at the date of this transfer, as increased, where necessary, by the allocation of the sum of Euro 70 million in its favour by the Italian State, exceeds the amount of the investment that FS must make in order to honor its obligation to remove the asset imbalance of FSE. At the public hearing of 30 March 2021, at which the verification should have begun, FS and FSE requested that the third parties (including the former Sole Director of FSE) who had requested to intervene in the proceedings be excluded. With an order filed on 2 April 2021, the Council of State, deeming that the issue regarding the admissibility of the interventions should be decided on a preliminary basis, ordered the postponement of the discussion of the said issue to the public hearing on 15 July 2021. With Ordinance no. 6556 published on 30 September 2021, the Council of State ruled on the preliminary issue, deeming admissible only the intervention of ANAV, which will therefore be able to participate in the verification, excluding instead the other potential applicants. The deadline for filing the verification report, on which the continuation of the proceedings is dependent, was extended to 15 March 2022.

Recent events

*FS Italiane, new Euro 150 million loan signed with CaixaBank*

On 9 December 2021 FS signed with CaixaBank a new Euro 150 million loan agreement, with 3 years tenor, at particularly advantageous pricing conditions. The deal completes the mid-term funding approved by FS in 2021 in order to seize the opportunities created by the ECB’s measures for the economy and the banking system in Europe.

*FS Italiane new Euro 50 million loan signed with Intesa Sanpaolo*

On 7 December 2021 FS signed a new Euro 50 million loan agreement with 3 years tenor with Intesa Sanpaolo. Following similar debt transactions structured so far by FS in order to seize the opportunities created by the ECB’s measures for the economy and the banking system, also this new deal was closed at very competitive pricing conditions.

*Standard and Poor's affirms rating “BBB” and upgrades outlook to positive*

On 24 November 2021 Standard and Poor's affirmed FS's Issuer Credit Rating at "BBB". As a proof of the robustness of the Group's creditworthiness, the Stand-Alone Credit Profile (SACP) was confirmed at "bbb+", one notch above the rating of the Republic of Italy and the rating of FS itself. Besides, the outlook has changed from negative to positive.

*Fitch affirms rating "BBB-" and outlook stable*

On 18 November 2021 Fitch Ratings released the annual assessment of FS credit profile affirming the Issuer Default Rating at “BBB-” with a stable outlook which reflects that on Italy. Fitch has also affirmed the FS’s Standalone Credit Profile to ‘bbb-’, in line with the one of the Republic of Italy.

*FS Italiane, 2021 Half-Year Financial Report approved*

On 6 October 2021, the Board of Directors of FS approved the FS Group's Half-Year Financial Report as of 30th June 2021.

*New 2.5 billion Euro sustainability-linked facility*

On 25 June 2021 FS signed a new committed and revolving credit facility agreement for 2.5 billion euros and three years tenor with a syndicate of six financial institutions. The new facility is the largest financial transaction ever for the Group. The facility is the first Group's Sustainability Linked product, thanks to the provision of margin and commitment fee adjustments, linked to the achievement of targets for four KPIs that capture the Group's overall commitment in the ESG field.

*FS Italiane’s three new TLTRO financing*
Between 16 June and 28 June 2021 FS Italiane closed three different bank loans for a total amount of Euro 500 million, three years maturity and floating interest rate. The banks involved in the transactions are Intesa Sanpaolo (Euro 200 million), Unicredit (Euro 200 million) and Banco BPM (Euro 100 million). The loans have been specifically structured by FS in order to seize the opportunities created by the ECB’s measures for the economy and the banking system, designed to create support to the European industrial economy.

Shareholder’s meeting appoints new Board of Directors

On 26 May 2021 the FS Italiane shareholder’s meeting appointed the new Board of Directors, in charge for a period of three years from 2021 to 2023. The shareholder’s meeting appointed Nicoletta Giadrossi as Chairwoman and suggested the new Board of Directors to appoint Luigi Ferraris as Chief Executive Officer.

FS Italiane, new 20 years Euro 250 million bond issue subscribed by Eurofima

On 19 April 2021 FS Italiane closed a new private placement with Eurofima, which subscribed Euro 250 million twenty-year floating rate notes. The funded trains are aligned to the EU Taxonomy criteria and contribute positively to environmental and social sustainability promoting the modal shift to rail.

FS Italiane: new Green Bond issuance for 1 billion euro

On 18 March 2021, FS issued its third and largest green bond for a nominal value of 1 billion euro, 7 years tenor and coupon set at 0.375%. All the financed projects ensure improvements in energy efficiency, reduction of CO2 emissions and modal shift to rail. Namely almost 80% of the proceeds will finance the purchase of regional trains Pop & Rock, while the remaining will be used for high speed trains ETR 1000 also for the Spanish market. For this issuance FS obtained, again, the certification from the Climate Bonds Initiative.

Italian PNRR

On 13 July 2021, the Council of the European Union approved the assessment of the Italian PNRR, based on the proposal of the European Commission.

RFI is one of the main beneficiaries of the PNRR and the investments for which it is responsible are oriented towards the development of the main railway axes, their connection and integration into the HS/HC network, the speeding up and modernization of the entire network, including regional lines, the strengthening of rail transport for the movement of long-distance goods and the improvement of last-mile connections.

Operators will play the role of potential beneficiaries/implementing parties. The main operators who will be able to benefit from the funds allocated by the PNRR include Trenitalia, Busitalia, Mercitalia Rail, Blu Jet and Bluferries.
TAXATION

The following is a general description of certain Italian, US and EU tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries’ tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Taxation in the Republic of Italy

Tax treatment of the Notes

Legislative Decree No. 239 of 1 April 1996, as subsequently amended ("Decree 239") provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between redemption amount and the issue price) (hereinafter collectively referred to as "Interest") from notes falling within the category of bonds (obbligazioni) or debentures similar to bonds (titoli similari alle obbligazioni), issued, inter alia, by public entities transformed in limited companies, pursuant to specific law provisions.

For this purpose, bonds and debentures similar to bonds (titoli similari alle obbligazioni) pursuant to Article 44 of Presidential Decree No. 917 of 22 December 1986 are securities that incorporate an unconditional obligation to pay, at redemption, an amount not lower than their nominal value, with or without the payment of periodic interest, and which do not grant the holder any direct or indirect right of participation to (or of control of) the management of the Issuer or to the business in connection to which the securities were issued, nor to control the same.

Italian resident Noteholders

Pursuant to Decree 239, where the Italian resident Noteholder, who is the beneficial owner of the Notes, is:

(a) an individual not engaged in an entrepreneurial activity to which the relevant Notes are connected;

(b) a non-commercial partnership;

(c) private or public institutions (other than companies), trusts not carrying out mainly or exclusively commercial activities, the Italian State and public and territorial entities; or

(d) an investor exempt from Italian corporate income taxation,

Interest payments relating to the Notes, accrued during the relevant holding period, are subject to a tax, referred to as imposta sostitutiva, levied at the rate of 26% (either when Interest is paid or when payment thereof is obtained by the holder on a sale of the Notes) (unless Noteholder described under (a) to (c) have entrusted the management of their financial assets, including the Notes, to an authorised intermediary and have opted for the application of the "risparmio gestito" regime according to Article 7 of Italian Legislative Decree No. 461 of 21 November 1997, as amended ("Decree No. 461") — see under "Capital gains tax", below).

All the above categories are qualified as "net recipients". In the event that Noteholders described under (a) and (c) above are engaged in an entrepreneurial activity to which the Notes are connected, the imposta sostitutiva applies as a provisional tax and may be deducted from the taxation on income due.

Subject to certain limitations and requirements (including minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity to which the Notes are connected or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including from imposta sostitutiva, on interest, premium and other income relating to the Notes, if the Notes are included in a long-term savings account (piano individuale di risparmio a lungo termine) that meets the requirements from time to time applicable as set forth by Italian law.
Where an Italian resident Noteholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Notes are effectively connected and the Notes are deposited with an authorised intermediary, Interest will not be subject to imposta sostitutiva, but must be included in the relevant Noteholder’s income tax return and are therefore subject to general Italian corporate income taxation (and, in certain circumstances, depending on the “status” of the Noteholder, also to the regional tax on productive activities (“IRAP”)).

Where an Italian resident Noteholder is an individual engaged in an entrepreneurial activity to which the Notes are connected, interests, premium and other income relating to the Notes, are subject to imposta sostitutiva and will be included its relevant income tax return. As a consequence, interests, premium and other income will be subject to the ordinary income tax and the imposta sostitutiva may be recovered as a deduction from the income tax due.

Pursuant to Decree 239, imposta sostitutiva is applied by banks, società di intermediazione mobiliare (so called “SIMs”), fiduciary companies, società di gestione del risparmio (so called “SGRs”), stockbrokers and other entities identified by a decree of the MEF (each an “Intermediary”). An Intermediary must (a) (i) be resident in Italy or (ii) be a permanent establishment in Italy of a non-Italian resident financial intermediary or (iii) be an entity or a company not resident in Italy, acting through a system of centralised administration of notes and directly connected with the Department of Revenue of the Italian Ministry of Finance having appointed an Italian representative for the purposes of Decree No. 239; and (b) intervene, in any way, in the collection of interest or in the transfer of the Notes. For the purpose of the application of the imposta sostitutiva, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are not deposited with an Intermediary, the imposta sostitutiva is applied and withheld by any Intermediary paying Interest to a Noteholder or, absent that, by the Issuer.

Under the current regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001 (“Decree 351”), Law Decree No. 78 of 31 May 2010, converted into Law n. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, Italian real estate investment funds and Italian real estate SICAFs, qualifying as such from a legal and regulatory perspective (the “Real Estate Funds”) are subject neither to imposta sostitutiva nor to any other income tax in the hands of the Real Estate Funds, but subsequent distributions made in favour of unitholders or shareholders will be subject, in certain circumstances, to a withholding tax of 26%; subject to certain conditions, depending on the status of the investor and percentage of participation, income of the Real Estate Fund is subject to taxation in the hands of the unitholder or shareholder regardless of distribution.

If the investor is resident in Italy and is an open-ended or-closed ended investment fund, a SICAV (an investment company with variable capital) or a SICAF (an investment company with fixed capital) established in Italy (the “Fund”) and either (i) the Fund or (ii) their manager is subject to the supervision of a regulatory authority, and the relevant Notes are held by an authorised intermediary, as a clarified by the Italian tax authorities through Circular No. 11/E of 28 March 2012, Interest accrued during the holding period on the Notes will not be subject to imposta sostitutiva, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but a withholding tax of 26% will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the “Collective Investment Fund Tax”).

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005, the “Pension Fund”) and the Notes are deposited with an authorised intermediary, Interest relating to the Notes and accrued during the holding period will not be subject to imposta sostitutiva, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20% substitute tax (the “Pension Fund Tax”) on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes). Subject to certain limitations and requirements, Interest arising in respect of the Notes may be excluded from the taxable base of the Pension Fund Tax, if the Notes are included in a long-term individual savings account (piano individuale di risparmio a lungo termine) that meets the requirements from time to time applicable as set forth by Italian law.

Non-Italian resident Noteholders
Where the Noteholder is a non-Italian resident, without a permanent establishment in Italy to which the Notes are connected, an exemption from the imposta sostitutiva applies provided that the non-Italian resident beneficial owner is either:

- resident for tax purposes in a state or territory which allows an adequate exchange of information with the Italian tax authorities and listed in the Decree of the Minister of Finance dated 4 September, 1996, as amended and supplemented from time to time (the "White List"). According to Article 11, par. 4, let. c) of Decree 239, the White List will be updated every six months period. In absence of the issuance of the new White List, reference has to be made to the Italian Ministerial Decree dated 4 September, 1996 as amended from time to time; or

- an international body or entity set up in accordance with international agreements which have entered into force in Italy; or

- a Central Bank or an entity which manages, inter alia, the official reserves of a foreign State; or

- an institutional investor which is resident in a country which allows for a satisfactory exchange of information with Italy, even if it does not possess the status of a taxpayer in its own country of residence.

In order to ensure gross payment, non-resident investors (without a permanent establishment in Italy to which the Notes are effectively connected) must be the beneficial owners of payments of Interest on the Notes and (a) deposit, directly or indirectly, the Notes, the receipts or the coupons with an Italian bank or a SIM or a permanent establishment in Italy of a non-resident bank or SIM or with a non-resident operator of a clearing system having appointed as its agent in Italy for the purposes of Decree 239 a resident bank or SIM or a permanent establishment in Italy or a non-resident bank or SIM which are in contact via computer with the MEF and (b) file with the relevant depositary, prior to or concurrently with the deposit of the Notes, a statement (autocertificazione) of the relevant Noteholder, to be provided only once, until revoked or withdrawn, in which the Noteholder declares to be resident, for tax purposes, in one of the above mentioned White List states. Such statement, which is not requested for international bodies or entities set up in accordance with international agreements which have entered into force in Italy or in the case of foreign Central Banks or entities which manage, inter alia, the official reserves of a foreign State, must comply with the requirements set forth by Ministerial Decree of 12 December 2001, as subsequently amended.

The imposta sostitutiva will be applicable at the rate of 26% to Interest paid to Noteholders who do not qualify for the exemption.

Noteholders who are subject to the imposta sostitutiva might, nevertheless, be eligible for a total or partial relief under an applicable tax treaty between the Republic of Italy and the country of residence of the relevant Noteholder.

**Atypical Securities**

Interest payments relating to Notes that are not deemed to be bonds (obbligazioni) or debentures similar to bonds (titoli similari alle obbligazioni) pursuant to Article 44 of Presidential Decree No. 917 of 22 December 1986 may be subject to a withholding tax, currently levied at the rate of 26% For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value.

Subject to certain limitations and requirements (including minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity to which the Notes are connected or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including from imposta sostitutiva, on interest, premium and other income relating to the Notes, if the Notes are included in a long-term savings account (piano individuale di risparmio a lungo termine) that meets the requirements from time to time applicable as set forth by Italian law.

Where the Noteholder is (a) an Italian individual engaged in an entrepreneurial activity to which the Notes are connected, (b) an Italian company or a similar Italian commercial entity, (c) a permanent establishment in Italy of a foreign entity, (d) an Italian commercial partnership or (e) an Italian commercial private or
public institution, such withholding tax is a provisional withholding tax. In all other cases, including when the Noteholder is a non-Italian resident, the withholding tax is a final withholding tax. For non-Italian resident Noteholders, the withholding tax rate may be reduced by any applicable tax treaty.

**Capital gains tax**

**Italian resident Noteholders**

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Noteholder, also as part of the net value of production for IRAP purposes) if realised by an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

Pursuant to Decree No. 461, where an Italian resident Noteholder is (i) an individual holding the Notes not in connection with an entrepreneurial activity; (ii) a non-commercial partnership; (iii) a non-commercial private or public institution, any capital gain realised by such Noteholder from the sale or redemption of the Notes would be subject to an *imposta sostitutiva* on capital gains, levied at the current rate of 26% Noteholders may set off losses with gains.

In respect of the application of the *imposta sostitutiva*, taxpayers may opt for one of the three regimes described below.

Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual Noteholder holding Notes not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Notes carried out during any given tax year. Italian resident individuals holding Notes not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance of income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Italian resident individual Noteholders holding Notes not in connection with an entrepreneurial activity, Italian resident partnerships not carrying out commercial activities and Italian private or public institutions not carrying out mainly or exclusively commercial activities may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the relevant Notes (the "risparmio amministrato" regime). Such separate taxation of capital gains is allowed subject to (a) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries (including permanent establishments in Italy of foreign intermediaries); and (b) an express election for the *risparmio amministrato* regime being punctually made in writing by the relevant Noteholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of Notes (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of Notes results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Noteholder is not required to declare the capital gains in the annual tax return.

Any capital gains realised by Italian resident individuals holding Notes not in connection with an entrepreneurial activity, Italian resident partnerships not carrying out commercial activities and Italian private or public institutions not carrying out mainly or exclusively commercial activities who have entrusted the management of their financial assets, including Notes, to an authorised intermediary and have opted for the so-called "risparmio gestito" regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26% substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed
assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Noteholder is not required to declare the capital gains realised in the annual tax return.

Subject to certain conditions (including minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity to which the Notes are connected or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including from *imposta sostitutiva*, on capital gains realised upon sale, transfer for consideration or redemption of the Notes, if the Notes are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements from time to time applicable as set forth by Italian law.

Any capital gains realised by a Noteholder who is an Italian Real Estate Fund will be subject neither to *imposta sostitutiva* nor any other income tax at the level of the Real Estate Fund, but subsequent distributions made in favour of unitholders or shareholders will be subject, in certain circumstances, to a withholding tax of 26%

Any capital gains realised by a Noteholder which is a Fund will not be subject to *imposta sostitutiva*, but will be included in the result of the relevant portfolio. Such result will not be taxed with the Fund, but subsequent distributions in favour of unitholders or shareholders may be subject to the Collective Investment Fund Tax.

Any capital gains realised by a Noteholder which is an Italian Pension Fund will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the Pension Fund Tax. Subject to certain limitations and requirements, capital gains arising in respect of the Notes may be excluded from the taxable base of the Pension Fund Tax, if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements from time to time applicable as set forth by Italian law.

**Non-Italian resident Noteholders**

Pursuant to Article 23, of Presidential Decree No. 917 of 22 December 1986, capital gains realised by non-Italian resident Noteholders, not having a permanent establishment in Italy to which the Notes are connected, from the sale or redemption of Notes issued by an Italian resident issuer and traded on regulated markets are neither subject to the *imposta sostitutiva* nor to any other Italian income tax (subject to, in certain cases, the filing of the required documentation).

Capital gains realised by non-Italian resident Noteholders from the sale, early redemption or redemption of Notes not traded on regulated markets are not subject to the *imposta sostitutiva*, provided that the beneficial owner: (a) is resident, for tax purposes, in a country which allows for a satisfactory exchange of information with Italy as listed in the White List, or (b) is an international entity or body set up in accordance with international agreements which have entered into force in Italy; or (c) is a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or (d) is an institutional investor which is resident in a country which allows for a satisfactory exchange of information with Italy as listed in the White List, even if it does not possess the status of a taxpayer in its own country of residence. If non-Italian resident Noteholders without a permanent establishment in Italy to which the Notes are effectively connected, are subject to the *risparmio amministrato* regime or elect for the *risparmio gestito* regime, exemption from Italian capital gains tax will apply upon condition that they file in time with the authorised financial intermediary an appropriate declaration (*autocertificazione*) stating that they meet the requirements indicated above.

If none of the conditions above is met, capital gains realised by non-Italian resident Noteholders from the sale or redemption of Notes issued by an Italian resident issuer not traded on regulated markets are subject to the *imposta sostitutiva* at the current rate of 26%. In any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are connected, that may benefit from a double taxation treaty with Italy providing that capital gains realised upon the sale, early redemption or redemption of Notes are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon the sale, early redemption or redemption of Notes.

**Inheritance and gift taxes**
Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, as subsequently amended, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

(c) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4% on the value of the inheritance or the gift exceeding, for each beneficiary, €1,000,000;

(d) transfers in favour of relatives to the fourth degree or relatives in law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6% on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6% inheritance and gift tax on the value of the inheritance or the gift exceeding, for each beneficiary, €100,000; and

(e) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8% on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax is levied at the rate mentioned above in (a), (b) and (c) on the value exceeding, for each beneficiary, €1,500,000.

Inheritance and gift tax do not apply in case the Notes are included in a long-term savings account (piano di risparmio a lungo termine) that meets all the requirements from time to time applicable as set forth by Italian law.

Transfertax

Following the repeal of the Italian transfer tax, contracts relating to the transfer of securities are subject to the following registration tax: (i) public deeds and notarised deeds are subject to fixed registration tax at a rate of €200.00; (ii) private deeds are subject to registration tax only in the case of use or voluntary registration.

Stamp duty

Pursuant to Article 13 par. 2/ter of the tariff Part I attached to Presidential Decree No. 642 of 26 October, 1972, a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries to their clients for the Notes deposited in Italy. The stamp duty applies at a rate of 0.20% and cannot exceed €14,000 for taxpayers other than individuals; this stamp duty is determined on the basis of the market value or, if no market value figure is available, the nominal value or redemption amount of the Notes held.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory. The communication is deemed to be sent to the customers at least once a year, even for instruments for which it is not mandatory. In case of reporting periods of less than 12 months, the stamp duty is payable based on the period accounted.

Wealth Tax on securities deposited abroad

Pursuant to Article 19 par. 18 and 18-bis of Decree No. 201 of 6 December 2011, Italian resident individuals, and, starting from fiscal year 2020, Italian non-commercial entities and Italian non-commercial partnerships and similar institutions (società semplici or similar partnerships in accordance with Article 5 of Presidential Decree No. 917 of 22 December 1986) holding the Notes outside the Italian territory are required to pay a wealth tax at the rate of 0.2%. Starting from fiscal year 2020, for taxpayers other than individuals, this wealth tax cannot exceed Euro 14,000 per year.

This tax is calculated on the market value of the Notes at the end of the relevant year (or at the end of the holding period) or, if no market value figure is available, the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).
Tax monitoring obligations

According to the Law Decree No. 167 of 28 June 1990, converted with amendments into Law No. 227 of 4 August 1990, as amended from time to time, Italian resident individuals, Italian non-commercial entities and Italian non-commercial partnerships and similar institutions (società semplici or similar partnerships in accordance with Article 5 of Presidential Decree No. 917 of 22 December 1986) resident in Italy for tax purposes, under certain conditions, are required to report for tax monitoring purposes in their yearly income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return) the amount of investments directly or indirectly held abroad.

The requirement applies also where the persons above, being not the direct holders of the financial instruments, are the actual owners ("titolari effettivi") of the financial instruments in accordance with Article 1(2)(u) and the Technical Annex of the Decree No. 231 of 21 November 2007.

The disclosure requirements are not due if the foreign financial investments (including the Notes) are only comprised of deposits and/or bank accounts having an aggregate value not exceeding an €15,000 threshold throughout the year. Furthermore, no disclosure requirement applies when the Notes are deposited for management or administration with qualified Italian financial intermediaries, with respect to contracts entered into through their intervention, upon condition that the items of income derived from the Notes have been subject to tax by the same intermediaries.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "Commission's proposal") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (each other than Estonia, a "participating Member State"). However, Estonia has ceased to participate.

The Commission's proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary’ market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s proposal, FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which, remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("foreign passthru payments") to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including the jurisdiction of the Issuer) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("IGAs"), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register, and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are
published generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under "Terms and Conditions—Further Issues") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER’S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.
SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of Banca Akros S.p.A. – Gruppo Banco BPM, Banco Bilbao Vizcaya Argentaria, S.A., Banco Santander, S.A., Barclays Bank Ireland PLC, Bayerische Landesbank, BNP Paribas, BofA Securities Europe SA, CaixaBank, S.A., Citigroup Global Markets Europe AG, Citigroup Global Markets Limited, Commerzbank Aktiengesellschaft, Credit Agricole Corporate and Investment Bank, Deutsche Bank Aktiengesellschaft, Goldman Sachs International, HSBC Continental Europe, Intesa Sanpaolo S.p.A., ING Bank N.V., J.P. Morgan AG, Mediobanca – Banca di Credito Finanziario S.p.A., Morgan Stanley & Co. International plc, MPS Capital Services Banca per le Imprese S.p.A., MUFG Securities (Europe) N.V., Natixis, NatWest Markets N.V., SMBC Nikko Capital Markets Europe GmbH, Société Générale and UniCredit Bank AG (the “Dealers”). The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and subscribed by, Dealers are set out in a Dealer Agreement dated 12 March 2021 (the “Dealer Agreement”) and made between the Issuer and the Dealers. If in the case of any Tranche of Notes the method of distribution is an agreement between the Issuer and a single Dealer for that Tranche to be issued by the Issuer and subscribed by that Dealer, the method of distribution will be described in the relevant Final Terms as “Non-Syndicated” and the name of that Dealer and any other interest of that Dealer which is material to the issue of that Tranche beyond the fact of the appointment of that Dealer will be set out in the relevant Final Terms. If in the case of any Tranche of Notes the method of distribution is an agreement between the Issuer and more than one Dealer for that Tranche to be issued by the Issuer and subscribed by those Dealers, the method of distribution will be described in the relevant Final Terms as “Syndicated”, the obligations of those Dealers to subscribe the relevant Notes will be joint and several and the names and addresses of those Dealers and any other interests of any of those Dealers which is material to the issue of that Tranche beyond the fact of the appointment of those Dealers (including whether any of those Dealers has also been appointed to act as Stabilising Manager in relation to that Tranche) will be set out in the relevant Final Terms.

Any such agreement will, inter alia, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be subscribed by the Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such subscription. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America: Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Final Terms or neither if TEFRA is specified as not applicable in the relevant Final Terms.

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche within the United States or to, or for the account or benefit of, U.S. persons, and such Dealer will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. person.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.
Prohibition of Sales to EEA Retail Investors

Unless the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes specifies the "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms (or are the subject of the offering contemplated by a Drawdown Prospectus) in relation thereto to any retail investor in the EEA. For the purposes of this provision the expression "retail investor" means a person who is one (or more) of the following:

(i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
(ii) a customer within the meaning of Directive 2016/97/EU, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes specifies the "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", in relation to each Member State of the European Economic Area, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto (or are the subject of the offering contemplated by a Drawdown Prospectus, as the case may be) to the public in that Member State except that it may make an offer of such Notes to the public in that Member State:

(a) Qualified investors: at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;

(b) Fewer than 150 offerees: at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(c) Other exempt offers: at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation.

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes and the expression "Prospectus Regulation" means Regulation (EU) 2017/1129.

Prohibition of Sales to UK Retail Investors

Unless the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes specifies the "Prohibition of Sales to UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto (or are the subject of the offering contemplated by a Drawdown Prospectus, as the case may be) to any retail investor in the United Kingdom. For the purposes of this provision the expression "retail investor" means a person who is one (or more) of the following:

(i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or
(ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA.
If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes specifies the "Prohibition of Sales to UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto (or are the subject of the offering contemplated by a Drawdown Prospectus, as the case may be) to the public in the United Kingdom except that it may make an offer of such Notes to the public in the United Kingdom:

(A) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;

(B) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation) in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(C) at any time in any other circumstances falling within section 86 of the FSMA, provided that no such offer of Notes referred to in (A) to (C) above shall require the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes and the expression UK Prospectus Regulation means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA.

Selling Restrictions Addressing Additional United Kingdom Securities Laws

Each Dealer has represented, warranted and agreed (and each further Dealer appointed under the Programme will be required to represent and agree) that:

(a) **No deposit-taking:** in relation to any Notes having a maturity of less than one year:

(i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and:

(ii) it has not offered or sold and will not offer or sell any Notes other than to persons:

(A) whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses; or

(B) who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses, where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer;

(b) **Financial promotion:** it has only communicated or caused to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and

(c) **General compliance:** it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.
Selling Restrictions Addressing Additional Italian Securities Laws

The offering of the Notes has not been registered with the Commissione Nazionale per le Società e la Borsa ("CONSOB") pursuant to Italian securities legislation. Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that any offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy will be effected in accordance with the Prospectus Regulation, all Italian securities, tax and exchange control and other applicable laws and regulation.

Accordingly, no Notes may be offered, sold or delivered, nor may copies of this Base Prospectus or of any other document relating to the Notes be distributed in the Republic of Italy, except:

(a) to qualified investors (investitori qualificati) as defined in Article 2 of the Prospectus Regulation and in Article 100 of Legislative Decree No. 58 of 24 February 1998; or

(b) in any other circumstances which are exempted from the rules on public offerings pursuant to Article 1 of the Prospectus Regulation and any other applicable Italian laws and regulations.

Any such offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy under paragraphs (a) or (b) above must be:

(i) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 58 of 24 February 1998, CONSOB Regulation No. 20307 of 15 February 2018 and Legislative Decree No. 385 of 1 September 1993 (in each case as amended from time to time) and any other applicable laws and regulations;

(ii) in compliance with Article 129 of Legislative Decree No. 385 of 1 September 1993, as amended from time to time, pursuant to which the Bank of Italy may request information on the issue or the offer of securities in the Republic of Italy and the relevant implementing guidelines of the Bank of Italy issued on 25 August 2015 (as amended on 10 August 2016 and on 2 November 2020); and

(iii) in compliance with any other applicable laws and regulations or requirement imposed by CONSOB, the Bank of Italy and/or any other Italian authority.

Selling Restrictions Addressing Additional French Securities Laws

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it has only offered or sold and will only offer or sell, directly or indirectly, Notes in France to qualified investors (investisseurs qualifiés) as defined in Article L.411-2-1 of the French Code monétaire et financier and it has only distributed or caused to be distributed and will only distribute or cause to be distributed in France to such qualified investors this Base Prospectus, any Final Terms or Drawdown Prospectus, as the case may be, or any other offering material relating to the Notes.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the "FIEA") and, accordingly, each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or, for the benefit of, any resident of Japan or to others for re-offering or resale, directly or indirectly, in Japan or to any resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and other relevant laws and regulations of Japan. As used in this paragraph, "resident of Japan" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

Singapore

Each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or
sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (a) to an institutional investor (as defined in Section 4A of the SFA) pursuant to Section 274 of the SFA, (b) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA, or (c) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

(a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or

(b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities or securities-based derivatives contracts (each term as defined in Section 2(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Notes pursuant to an offer made under Section 275 of the SFA except:

(2) to an institutional investor or to a relevant person, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;

(3) where no consideration is or will be given for the transfer;

(4) where the transfer is by operation of law;

(5) as specified in Section 276(7) of the SFA; or

(6) as specified in Regulation 37A of the Securities and Futures (Offers of Investments) (Securities and Securities-based Derivatives Contracts) Regulations 2018 of Singapore

Switzerland

The offering of the Notes in Switzerland is exempt from requirement to prepare and publish a prospectus under the Swiss Financial Services Act ("FinSA"). This Base Prospectus does not constitute a prospectus pursuant to the FinSA, and no such prospectus has been or will be prepared for or in connection with the offering of the Notes.

The Notes are not a collective investment scheme as per the Swiss Act on Collective Investment Schemes and are not subject to the authorisation or supervision by the Swiss Financial market Supervisory Authority FINMA and investors in the Notes will not benefit from protection or supervision by such authority.

General

Each Dealer has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to agree, represent and warrant that it has complied and will comply with all applicable laws and regulations in force in any country or jurisdiction in or from which it purchases, offers, sells or delivers Notes or possesses, distributes or publishes this Base Prospectus, any Final Terms or a Drawdown Prospectus or any related offering material, in all cases at its own expense. Other persons into whose hands this Base Prospectus, any Final Terms or a Drawdown Prospectus comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or possess, distribute or publish this Base Prospectus, any Final Terms or a Drawdown Prospectus or any related offering material, in all cases at their own expense.
Other than with respect to the admission to listing, trading and/or quotation by such one or more competent authorities, stock exchanges and/or quotation systems as may be specified in the Final Terms, no action has been or will be taken in any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

The Dealer Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed "General" above.

None of the Issuer and the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification may be set out in a supplement to this Base Prospectus.
GENERAL INFORMATION

Listing and admission to trading

Application has also been made for Notes issued under the Programme to be admitted to trading on the regulated market of Euronext Dublin and to be listed on the Official List of Euronext Dublin.

However, Notes may be issued pursuant to the Programme which are admitted to listing, trading and/or quotation by such competent authority, stock exchange and/or quotation system as the Issuer(s) and the relevant Dealer(s) may agree or which are not admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system.

The Central Bank of Ireland may at the request of the Issuer, send to the competent authority of another EEA Member State (i) a copy of this Base Prospectus; and (ii) an Attestation Certificate.

Authorisation

The update of the Programme was authorised by a resolution of the Board of Directors of the Issuer dated 23 February 2021. The Issuer has obtained or will obtain from time to time all necessary consents, approvals and authorisations in connection with the issue and performance of the Notes.

Legal and Arbitration Proceedings

There are no governmental, legal or arbitration proceedings, (including any such proceedings which are pending or threatened, of which the Issuer is aware), which may have, or have had during the 12 months prior to the date of this Base Prospectus, a significant effect on the financial position or profitability of the Issuer or the Group.

Significant/Material Change

Save as disclosed in the 2021 Unaudited Interim Report Highlights and in the section entitled "Risk Factors – Risks relating to the Issuer’s financial position – Risks relating to macroeconomic conditions and sovereign debt crisis" since 31 December 2020 there has been no significant change in the financial performance or financial position of the Issuer or the Group and there has been no material adverse change in the prospects of the Issuer or the Issuer and its Subsidiaries.

Auditors

The consolidated financial statements of the FS Group as of and for the years ended 31 December 2019 and 31 December 2020, incorporated by reference in this Base Prospectus, have been audited by KPMG S.p.A, independent auditors, as stated in their reports. On 4 November 2014, a shareholders’ meeting approved the appointment of KPMG S.p.A. to act as the Issuer's external auditors, subject to the signing of a framework agreement, for the period 2014-2022.

KPMG S.p.A. has its registered office at Via Vittor Pisani 25, 20124 Milan, Italy. KPMG S.p.A. is authorised and regulated by the MEF, is registered under No. 13 on the special register of auditing firms held by the MEF and is registered under No. 70623 on the register of accountancy auditors (Registro dei revisori legali).

Material Contracts

Neither the Issuer nor any member of the Group has entered into any contracts outside the ordinary course of business that is material to the Issuer's ability to meet its obligations in respect of the Notes.

Clearing of the Notes

The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg. The appropriate common code and the International Securities Identification Number in relation to the Notes of each Tranche will be specified in the relevant Final Terms. The relevant Final Terms shall specify any other clearing system as shall have accepted the relevant Notes for clearance together with any further appropriate information. The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1210 Brussels and the address of Clearstream, Luxembourg is Clearstream Banking S.A., 42 Avenue JF Kennedy, L-1855 Luxembourg.

Issue Price and Yield

Notes may be issued at any price. The issue price of each Tranche of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions and the issue price of the relevant Notes or the method of determining the price and the process for its disclosure will be set out in the applicable Final Terms. In the case of different Tranches of a Series of Notes, the issue price may include accrued interest in respect of the period from the interest commencement date of the relevant Tranche (which may be the issue date of the first Tranche of the Series or, if interest payment dates have already passed, the most recent interest payment date in respect of the Series) to the issue date of the relevant Tranche.
The yield of each Tranche of Notes set out in the applicable Final Terms will be calculated as of the relevant issue date on an annual or semi-annual basis using the relevant issue price. It is not an indication of future yield.

Passorting

The Issuer may, on or after the date of this Base Prospectus, make applications for one or more certificates of approval under Article 20(8) of the Prospectus Regulation as implemented in the Republic of Ireland to be issued by the Central Bank of Ireland to the competent authority in any Member State.

Copy of 2006 ISDA Definitions

Investors should consult the Issuer should they require a copy of the 2006 ISDA Definitions.

Dealers transacting with the Issuer

Certain of the Dealers and/or their affiliates have engaged, and may in the future engage, in financing, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and/or their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and/or their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers and/or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and/or their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and/or their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. For the purpose of this paragraph the term "affiliates" includes also parent companies.

ANNEX 1 FURTHER INFORMATION RELATED TO INFLATION LINKED NOTES

The Issuer can issue Notes which are linked to an index pursuant to the Programme, where the underlying index is the CPI or the Eurozone Harmonised Index of Consumer Prices excluding Tobacco as defined below.

"CPI or ITL - Inflation for Blue Collar Workers and Employees - Excluding Tobacco Consumer Price Index Unrevised" means, subject to the Conditions, the "Indice dei prezzi al consumo per famiglie di operai e impiegati (FOI), senza tabacchi" as calculated on a monthly basis by the ISTAT - Istituto Nazionale di Statistica (the "Italian National Institute of Statistics") (the "Index Sponsor") which appears on Bloomberg Page ITCPIUNR (or such other page as may replace that page on that service, or such other service as may be nominated as the information vendor, for the purpose of displaying the level of such index), provided that for the purposes of the calculation of the Rate of Interest and the Final Redemption Amount, the first publication or announcement of a level of the inflation Index (excluding estimates) by the Index Sponsor for a given month shall be final and conclusive and later revisions of the level for such month will not be used in any calculations.

Eurostat Eurozone Harmonised Indices of Consumer Prices excluding Tobacco Unrevised Series Non Seasonal Adjusted

The Eurozone Harmonised Index of Consumer Prices excluding Tobacco (HICP), as calculated and published by Eurostat and the national statistical institutes in accordance with harmonised statistical methods (the "HICP") is an economic indicator constructed to measure the changes over time in the prices of consumer goods and services acquired by households in the Eurozone. Following the Maastricht Treaty, the HICPs have been used as convergence criteria and the main measure for monitoring price stability by the European Central Bank in the Euro area, as well as for use on international comparison.

HICP is the aggregate of the Member States’ individual harmonised index of consumer prices excluding tobacco ("Individual HICP"). Each country first publishes its Individual HICP in conjunction with its consumer price index. Thereafter, Eurostat aggregates the Individual HICPs and publishes an HICP for the Eurozone, as well as a breakdown by item and by country. In any specific year, each country’s weight in the HICP for the Eurozone equals the share that such country’s final household consumption constitutes within that of the Eurozone as a whole for the year that is prior to that specified year. These weights are re-estimated every year in the January publication of the HICP.

HICP is said to be harmonised because the methodology and nomenclatures for the index of prices are the same for all of the countries in the Eurozone and the EU. This makes it possible to compare inflation among different Member States of the EU. Emphasis is placed on the quality and comparability of the various countries’ indices.

HICP is calculated as an annual chain-index, which makes it possible to change the weights every year. This also makes it possible to integrate new entrants, as in the case of Greece in January 2001. If a new entrant is integrated in a specific year, it is included in the Eurozone HICP starting from January of that year. The new Member State’s weight is included in the annual revaluation of the HICP.

HICP is published every month on Eurostat’s internet site, according to a pre-determined official timetable. Publication generally occurs around the 14th - 16th day of the following month. If a revision is made, it is published with the HICP of the following month.
Base Year Change

In Europe, the national statistics institutes change the base year of their price indices every 5 to 10 years. This procedure is necessary to ensure that the index follows changes in the consumption pattern through a new consumer spending nomenclature. The resetting of the base generally accompanies changes in the definition of household consumption that occur when the national accounting system is modified. Since 2006, the index reference period has been set to 2005 = 100. In order to obtain a common price reference period, too, the weights for each year are "price updated" to December of the previous year.

More information on the HICP, including past and current levels, can be found at: https://ec.europa.eu/eurostat/web/products-datasets/-/teicp000.
